excessive packaging with our purchases walking more and driving less planting organic veggies in the front yard instead of a water wasting lawn and even going as green as possible at work and at home Does your office lack a recycling and composting program Do the research and start one yourself Each chapter concludes with a Diving In section a simple and immediate exercise much like a guided meditation to prompt us toward our own sustainable solutions By practicing eco mindfulness we can discover that one thing we can do to make a difference today and for all our tomorrows This is not only a source of inspiration but a sourcebook of direct actions large and small we can all take to ensure our children and their children s children have a healthy future on this planet Drawing from her experiences as an engineering geologist environmental law attorney small shop owner and mindfulness practitioner Cheryl Leutjen also reminds us about the importance of simplicity and how all our possessions and the constant shopping for more are no better for us than they are for the planet itself contributing to landfills and a tech tethered society that is increasingly isolated Both helpful and hopeful Love Earth Now is brimming with creative suggestions that will get us closer to a sustainable lifestyle one day at a time

Cuomo,2003 The search for an ethic that is joyful and life loving yet politically and scientifically realistic is at the root of Cuomo s recent philosophy *Words Of Loving Counsel And Sympathy* Mary Winslow,2020-01-27 *Words Of Loving Counsel And Sympathy* is a message of meditation based on the Bible and written by Mrs Winslow possessed a remarkably fertile as a deeply sanctified pen It was emphatically the pen of a ready writer whose teachings seemed ever under the guiding hand of God s Spirit In this probably lay her peculiar gift and this defined her far reaching sphere of usefulness Her yet unpublished remains compose a large amount of material capable of being molded into varied forms of sacred instruction and beauty What shall be their disposal was a serious and responsible question To destroy them appeared a sacrilege entirely to withhold them from the Christian Church a robbery The present volume is in a limited measure a reply to this question It is composed of sacred and precious thoughts culled from her extensive correspondence bearing as the occasion demanded upon some of the most important and interesting topics of the believer s experience In this department of Christian service she was eminently fitted from her own personal and rich experience her deep toned spirituality not less than by the holy and beautiful consistency of her religious life to be a succourer of many She has been a helper of many and of myself as well Romans 16 2 The streams which flow through this unpretending little volume will it is hoped refresh and invigorate many of the Lord s people whose souls like Israel of old are much discouraged because of the hardness of way The readings though brief and this will be a peculiar charm to many who cannot command time or strength for more lengthened teaching will be found to embrace a wide range of topics The anxious seeker will be led to Jesus the feeble believer will be strengthened the wanderer from the Savior will be allured back the ignorant mind will be instructed the tried spirit will be comforted the desponding heart will be cheered the tempted soul will be succored the advanced believer will be aided and even the minister of Christ will be stimulated and encouraged it is humbly and prayerfully trusted
