The Magic Lantern Jose Tomas de Cuellar,2000-11-16 Jos Tomas de Cu llar 1830 1894 was a Mexican writer noted for his sharp sense of humor and gift for caricature Having a Ball and Christmas Eve are two novellas written in the costumbrista style made popular in the mid nineteenth century by the periodical press in which these sketches of contemporary manners were first published The stories are a sensitive reflection of the effects of modernization brought by an authoritarian regime dedicated to order and progress Christmas Eve describes a volatile middle class in which people pursue pleasure and entertainment without regard to morality Having a Ball depicts women and their dedication to fashion It is through them that Cuellar examines a society susceptible to foreign values the importation of which radically altered the face of Mexico and its traditional customs *False Dawn* Lee Penn,2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In *The Reign of Quantity and the Signs of the Times* French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left *False Dawn* painstakingly documents these

trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org Covencraft Amber K, Robin Wood, 1998 The ultimate coven handbook Coven Craft was written by a well known and respected Wiccan High Priestess who guides you through the workings of covens from Altars to Zoning Over the course of twenty seven chapters and forty two appendices Amber K shares with you her vast coven know how with plenty of veteran insights and straight up advice on Finding or organizing a coven Tools and supplies Finances and incorporation Coven offices New members The coven calendar Pagan ritual The sabbats and esbats Training and initiation Group dynamics Counseling Elders Traditions Networking and affiliation Covens in the community It has been said that leading a coven is like herding cats Whether you re searching for fresh ways to meet those challenges or you re thinking about joining your first magical group consult this friendly knowledgeable companion for guidance Sex and the Goddess Karin E Weiss Ph.D., 2019-11-20 It has been over twenty years since the full manuscript of my book was edited for publication in 1998 I had begun writing it in the previous decade the 1980 s a period of flourishing women s liberation movements against the patriarchal status quo Books about women s sexuality and spirituality were flooding the bookstores and many writers were producing profound studies of the untold heroism of women throughout history I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School s Program in Human Sexuality In addition I conducted women s self enrichment groups and workshops in my private practice Woman s Discovery Institute where I also gave professional Astrology readings and classes This rich mix of psychology philosophy spirituality and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women s unsung heroism throughout history It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi layered lives I based my theory on the lunar cycle which is eternally linked to women s menstrual emotional and psychic cycles With a friend I created a series of workshops for women to celebrate their many faceted selves and gain confidence to pursue their goals Yet for various reasons my book manuscript remained in my own bookshelf never getting published Until now the times again call for women to claim their autonomy and gain equality in an overly male dominated and viciously callous world I am blessed to find in Xlibris a publisher ready to take on the project with me I am thrilled to finally see my Life s Masterwork in print You will find many divergent ideas in these two volumes No single woman
