Misiaszek,2023-01-20 The Word of God is the sword with which we do spiritual battle You must study His Word regularly if you want to keep your spiritual sword sharp and wield it effectively In this book Joseph G Misiaszek embarks on a daily journey through Scripture challenging you to take your faith deeper and walk even closer to the Lord The title Daily Sword Sharpening comes from Proverbs 27:17 As Iron sharpens iron so one man sharpens another As you read it is the author's fervent hope that you not only keep your sword sharp but also utilize it to sharpen others encourage others and support others The author emphasizes that even though the Bible was written over several thousand years and completed about two thousand years ago truth is truth and is always applicable For truth to exist there can only be one source and that source is God Challenge yourself to read God's Word daily and open yourself to the Holy Spirit as He applies Scripture to your life and through you to the lives of others **100 Truths You Will Learn Too Late** Luca Dellanna,2019-06-01 READERS REVIEWS This is a tremendously useful book If you apply the book sincerely your outlook and understanding of what is happening in your life especially the portions where you are struggling will change A deep book based on principles rather than simple prescriptions The writing is simple and direct rather than flowery It is clear that the author has implemented what he says in

his own life There are quick and effective action points at the end of most chapters Some of the individual chapters are themselves worth the price of the book If you are the sort of person who likes something both practical and thoughtful do buy and read this book Balaji Srinivasan not Balajis I am amazed at Luca Dellanna s ability to observe compile and articulate 99 very actionable life principles here Each chapter describes the rule in a way that makes you think and then summarizes the Action It s filled with DEEP insights yet VERY readable Theresia Tanzil Absolutely brilliant You might have grasped some of these concepts before but having them structured and in writing makes all the difference I will surely recommend it to friends and co workers Alberto Pisanello A very thoughtful piece of writing deep and wiring David Krejca Luca Dellanna s new book 100 Truths is super tight Practical directional advice Hari Meyyappan 100 Truths has been a game changer Adam English A thoughtfully written book in very straightforward language A L Peevey Excellent book with formulas to increase the chances of achieving what we want to be in life Luca writes directly and leads the reader into Action Edgar 100 MENTAL MODELS TO EASE YOUR WAY THROUGH LIFE I wasted years of my life because I did not know its rules I did not know the rules of relationships careers health or happiness Then through hard work talking with mentors and trial error I uncovered some of them Now I lay these rules out for you In this book you will find 100 of the lessons I learned It will still require some work from your side to internalize them and put them into practice but at least it will make the process easier for you by letting you avoid committing the same mistakes as I did THE TITLES OF SOME OF THE CHAPTERS INSIDE INCLUDE Problems grow the size needed for you to acknowledge them Taking a course of Action makes it easier to take it again for better or for worse Other people s expectations aren t your problem Hating those who despise what you want will prevent you from obtaining it Discipline is freedom Extraordinary people are extraordinarily selective Successful people at some point in their life committed to the hard choice Self respect is the compass for change that matters The standards you have today determine the life you will have in a few years People are extremely good at succeeding at their priorities and extremely dishonest about them Your problems aren t different Listening is about not projecting your own worldviews **Forget Regret: Create a Life of Contentment** Jennifer M. Koontz,2017-07-29 Sometimes we stumble in our lives but if we have the courage to keep going we become more graceful as we go This is a collection of life lessons that remind us to simplify our lives and our relationships We can forget regret if we behave in a way that makes us proud That way there is no need for regret This book tells it like it is but leaves us with a positive feeling and a determination to understand our lives in order to truly live them **KILLER INSTINCT** JAGENDRA RANA,2023-02-08 Killer instinct is an aggressive tenacious urge for domination in a struggle to attain a set goal If you say that a sports player or politician has the killer instinct you admire him for his toughness and determination to succeed We don t strive to go the extra mile which is the toughest in any endeavour We should not create an impression that there s nothing more to achieve Complacency and overconfidence are proven recipes for disaster Winning isn t about finishing in first place It isn t about beating the others It is about overcoming

yourself overcoming your body your limitations and your fears Winning means surpassing yourself and turning your dreams into reality Success is an excellent acquired quality of a person to sustain a strong spirit which can willfully overpower the dictums of mind Abhigyan ,2006

Honor in Political and Moral Philosophy Peter Olsthoorn,2014-12-03 Argues for revitalizing the place of honor in contemporary life In this history of the development of ideas of honor in Western philosophy Peter Olsthoorn examines what honor is how its meaning has changed and whether it can still be of use Political and moral philosophers from Cicero to John Stuart Mill thought that a sense of honor and concern for our reputation could help us to determine the proper thing to do and just as important provide us with the much needed motive to do it Today outside of the military and some other pockets of resistance the notion of honor has become seriously out of date while the term itself has almost disappeared from our moral language Most of us think that people ought to do what is right based on a love for justice rather than from a concern with how we are perceived by others Wide ranging and accessible the book explores the role of honor in not only philosophy but also literature and war to make the case that honor can still play an important role in contemporary life
