Lpr Visible Islam In Modern Turkey:

Visible Islam in Modern Turkey A. Özdemir, Kenneth Frank, 2000-06-21 Visible Islam in Modern Turkey presents a rich panorama of Islamic practices in today's Turkey. The authors, one a Muslim and one a Christian, introduce readers to Turkish Islamic piety and observances. The book is also a model for Muslims for it interprets the foundations of Islam to the modern mind and shows the relevance of Turkish Islamic practices to modern society. Packed with data and insights, it appeals to a variety of circles, both secular and traditional.

Distributed by St Martin's Press. The rise to power of the Turkish Islamists is a result of several decades of revivalism. In this process, the veil has been a prominent symbol of the new religious puritanism, causing resentment among those who regard the bare-headed woman as the symbol of progress and emancipation. In the light of a century-long conflict between secularism and popular Islam, the present study describes the conflict over the veil as it became a burning issue in the decade following the military intervention of 1980 and remains to this day a matter of controversy. While focusing on the issue of veiling, the author also considers the wider picture of tension between official secularism and popular Islam in present-day Turkey. Although this tension is not discounted, the author argues that the fact that the Islamic movement is on the rise does not mean that it threatens the very foundations of modern Turkish society. Whereas the controversies of the nineteenth century could be described as a clash of civilizations between Islam and the West, those of today have shrunk into conflicts over certain cultural symbols that are part of the same globally expanding technological civilization.

Reading Islam Fabio Vicini, 2019-10-21 In *Reading Islam*, Fabio Vicini offers a journey within the intimate relations, reading practices, and forms of intellectual engagement that regulate Muslim life in two enclosed religious communities in Istanbul. Combining anthropological observation with textual and genealogical analysis, he illustrates how the modes of thought and social engagement promoted by these two communities are the outcome of complex intellectual entanglements with modern discourses about science, education, the self, and Muslims' place and responsibility in society. In this way, *Reading Islam* sheds light on the formation of new generations of faithful and socially active Muslims over the last thirty years and on their impact on the turn of Turkey from an assertive secularist Republic to an Islamic-oriented form of governance.

Muslims in Modern Turkey Sena Karasipahi, 2009 Modern Turkey is the site of a powerful Islamic

revival with a strong intellectual elite dedicated to the overthrow of secular modernism Why have modern Muslim intellectuals turned against the ideals of Kemalism on which the modern Turkish nation state is founded What does this reveal about the future of Turkey And how are Islamic intellectuals in Turkey affected by developments in the Middle East Muslims in Modern Turkey is the first book to analyse this phenomenon tracing the evolution of Muslim intellectual thought from the 1980s to the present day It focuses on six leading Muslim thinkers Ali Bulac Rasim Ozdenoren Ismet Ozel Ilhan Kutluer Ersin Nazif Gurdogan and Abdurrahman Dilipak who belong to a single school and share a novel understanding of Islam They act as public intellectuals who aim to reform and enlighten society by educating them and raising their awareness of Islamic values arguing not for the compatibility of Islam and European values but the fundamental superiority of Islam over secular democracy Sena Karasipahi places the Turkish experience in its broader international context and shows how Turkish Islamic intellectuals are affected by the earlier Muslim intellectuals and revivalists in the Arab world and in Turkey This important study makes connections with the Islamic revival process throughout the contemporary Middle East as well as with comparable movements in Turkey's own past making this a crucial contribution to an understanding of contemporary Islamic political thinking Bloomsbury publishing
