Hischak, 2004-05-06 First published in 1984 Gerald Bordman's Oxford Companion to American Theatre is the standard one-volume source on our national theatre. Critics have hailed its wealth of authoritative information. Back Stage its fascinating picture of the volatile American stage. The Guardian and its well-chosen illuminating facts. Newsday Now thoroughly revised this distinguished volume once again provides an up-to-date guide to the American stage from its beginnings to the present. Completely updated by theater professor Thomas Hischak, the volume includes playwrights, plays, actors, directors, producers, songwriters, famous playhouses, dramatic movements, and much more. The book covers not only classic works such as *Death of a Salesman* but also many commercially successful plays such as *Getting Gertie's Garter* plus entries on foreign figures that have influenced our dramatic development from Shakespeare to Beckett and Pinter. New entries include recent plays such as *Angels in America* and *Six Degrees of Separation*, performers such as Eric Bogosian and Bill Irwin, playwrights like David Henry Hwang and Wendy Wasserstein, and relevant developments and issues including AIDS in American theatre, theatrical producing by Disney, and the rise in solo performance. Accessible and authoritative, this valuable A-Z reference is ideal not only for students and scholars of theater but everyone with a passion for the stage.

The Judges of the Secret Court David Stacton, 2011-06-07 David Stacton's *The Judges of the Secret Court* is a long-lost triumph of American fiction as well as one of the finest books ever written about the Civil War. Stacton's gripping and atmospheric story revolves around the brothers Edwin and John Wilkes Booth, members of a famous theatrical family. Edwin is a great actor himself, a Hamlet-like character whose performance as Hamlet will make him an international sensation. Wilkes is a blustering mediocrity on stage who is determined, however, to be an actor in history, and whose assassination of Abraham Lincoln will change America. Stacton's novel about how the roles we play become, for better or for worse, the lives we lead takes us back to the day of the assassination, immersing us in the farrago of bombast that fills Wilkes's head while following his footsteps up to the fatal encounter at Ford's Theatre. The political maneuvering around Lincoln's deathbed and Wilkes's desperate flight and ignominious capture then set the stage for a political show trial that will condemn not only the guilty but the at least relatively innocent. For as Edwin Booth broods helplessly many years later, and as Lincoln, whose tragic death and wisdom
