critical consideration of women and religion in Chinese traditions from medieval to modern times Gendering Chinese Religion marks the emergence of a subfield on women gender and religion in China studies Ranging from the medieval period to the present day this volume departs from the conventional and often male centered categorization of Chinese religions into Confucianism Buddhism Daoism and popular religion It makes two compelling arguments First Chinese women have deployed specific religious ideas and rituals to empower themselves in various social contexts Second gendered perceptions and representations of Chinese religions have been indispensable to the historical and contemporary construction of social and political power The contributors use innovative ways of discovering and applying a rich variety of sources many previously ignored by scholars While each of the chapters in this interdisciplinary work represents a distinct perspective together they form a coherent dialogue about the historical importance intellectual possibilities and methodological protocols of this new subfield

Oedipal God Meir Shahar, 2015-08-31 *Oedipal God* offers the most comprehensive account in any language of the prodigal deity Nezha Celebrated for over a millennium Nezha is among the most formidable and enigmatic of all Chinese gods In this theoretically informed study Meir Shahar recounts Nezha's riveting tale which culminates in suicide and attempted patricide and uncovers hidden tensions in the Chinese family system In deploying the Freudian hypothesis Shahar does not imply the Chinese legend's identity with the Greek story of Oedipus For one in Nezha's story the erotic attraction to the mother is not explicitly acknowledged More generally Chinese oedipal tales differ from Freud's Greek prototype by the high degree of repression that is applied to them Shahar argues that despite a disastrous father-son relationship Confucian ethics require that the oedipal drive masquerade as filial piety in Nezha's story dictating that the child god kill himself before trying to avenge himself upon his father Combining impeccable scholarship with an eminently readable style the book covers a vast terrain It surveys the image of the endearing child god across varied genres from oral and written fiction through theater cinema and television serials to Japanese manga cartoons It combines literary analysis with Shahar's own anthropological field work providing a thorough ethnography of Nezha's flourishing cult Crossing the boundaries between China's diverse religious traditions it tracks the rebellious infant in the many ways he has been venerated by Buddhist monks Daoist priests and possessed spirit mediums whose dramatic performances have served to negotiate individual familial and collective tensions Finally the book offers a detailed history of the legend and the cult reaching back over two thousand years to its origins in India where Nezha began as a mythological being named Nalak bara whose sexual misadventures were celebrated in the Sanskrit epics as early as the first centuries BCE Here Shahar reveals the long term impact that Indian mythology has exerted through the medium of esoteric Buddhism upon the Chinese imagination of divinity A tour de force of literary analysis ethnographic research psychological insight and cross cultural investigation *Oedipal God* is a must read for anyone interested in Chinese studies and the historical connection between India and China Shahar's broad reach and engaging approach will appeal to specialists and students in a variety of disciplines including Chinese religion Chinese literature anthropology Buddhist studies psychology Indian studies and cross cultural history

East Asia The s tra which features Mulian Skr Maudgaly yana adventuring into the Preta realm to rescue his mother is catalogued in the Chinese Buddhist bibliography with the Indo Scythian Dharmarak a Ch Zhu Fahu ca 266 308 given as the translator However in modern Chinese Japanese and Western scholarship the s tra is more often than not regarded as a Chinese Buddhist apocryphal scripture and the Mulian myth as an apocryphal story created by Chinese Buddhists to foster the sinicisation and transformation of Indian Buddhism mainly on the grounds that there is no extant Yulanpen S tra in Indic sources and that the s tra stresses Confucian filial piety and ancestor worship This book challenges these widely held beliefs by demonstrating that filial piety and ancestor worship are not peculiar to Confucian China but also inherent in Indic traditions and that the s tra is a Chinese creative translation rather than an indigenous Chinese composition **The White Snake and Her Son** ,2009-09-01 A cornerstone of Chinese popular culture the legend of the White Snake the admirable demon who loves her victim has been continually rewritten reinterpreted and readapted for over five hundred years The Precious Scroll of Thunder Peak was one of the most popular nineteenth century versions of the legend In bringing together translations of the Scroll four anonymous youth books and other texts related to the development of the White Snake legend this volume opens a window into the richness and variety of premodern Chinese popular literature It also illustrates the ways in which traditional and modern Chinese societies have treated a host of vital cultural issues including the role of women in society perceptions of sexuality and folk religion Wilt L Idema s Introduction traces the evolution of the legend and places the translated texts in the history of Chinese popular literature and culture Annotations explaining terms and references that may be unfamiliar to Western readers a glossary and a thorough bibliography further enhance the value of this book for both scholars and students *Sex, Marriage, and Family in World Religions* Don S.
