heartbreaking part of this love affair is that I am not really sure my lover ever really understood or appreciated my profound and unconditional love for her I opened my heart to her through poetry and thoughtful letters but she rarely showed me what was in her heart Perhaps it was a one sided love affair but I surely think and hope not I was convinced that she truly loved me through her words and actions At least I experienced a pure love that I had only dreamed was possible The story is told mainly through the exchange of letters and emails to each other Perhaps readers can experience and hopefully feel the deep love we felt for each other

New-York Observer ,1903 Eros and Thanatos. Love across Civilizations Alberto Castelli,2024-02-06

Eros and Thanatos is about the deadly nature of love. It is remarkable that literary critics have paid so little attention to the combination between love and death in literature. This book seeks to address this significant scholarly lacuna by exploring key literary texts of the last two hundred years as exemplary of a consistent tendency toward love and death. Its emphasis on singular characters and close readings suggests the spectrum of an arbitrary dichotomy never fully resolved. The existential discussion triggered by each plot is so intense that the erotic and the merely sexual seem inappropriate. Indeed, each writer chose to reduce it to the setting and background of a story that takes place elsewhere. With this in mind, the author intends to reflect love's paradoxical nature: If love is triggered by beauty, beauty can be immoral, and love must die to preserve the illusion of beauty.
