Confusion Paul Strangio, Nick Dyrenfurth, 2009-11-15 In *Confusion* some of Australia's foremost political historians including Judith Brett and Stuart Macintyre revisit the seminal moment when liberals threw in their lot with the conservatives In May 1909 Alfred Deakin the radical liberal doyen struck an agreement for a controversial fusion with the anti Labor factions with the new grouping later adopting the name Liberal Party After a heated campaign Labor won the 1910 election forming the first majority government in the history of the Commonwealth The Australian party system as we still largely know it one hundred years on had crystallised How had this occurred For most of the previous decade Labor and Deakin had been allies Was the anti Labor alliance the inevitable outcome of middle class men rallying against the growing electoral might of the workers party What were the long term consequences for both sides of politics With Labor in power federally and in all but one state the non Labor side of politics has been plunged into a period of introspection about its coalition arrangements and about the legitimate traditions of Australian liberalism Can the current Liberals learn from the events of a century ago

With Love & Fury Judith Wright, 2006 This wide range of letters reminds us of Judith Wright's deep engagement with life her love of the world and of friends and the fine fury that led her to battle so courageously on the world's behalf

The Coombs Brij V. Lal, Allison Ley, 2014-09-01 The Coombs Building at The Australian National University is a Canberra icon Named after one of Australia's greatest administrators and public intellectuals Nugget Herbert Cole Coombs for more than forty years the building has housed two of the University's four foundational Schools the Research School of Pacific and Asian Studies and the Research School of Social Sciences This volume of recollections is about the former It looks at life in the building through the prism of personal experience and happenstance Part memoir part biography and part celebration this book is about the people of Coombs past and present Through evocative and lucid reflections present and former denizens of the building share their passions and predilections quietly savour their accomplishments and recall the failings and foibles of the past with a kindly tolerance

Nugget Coombs Nugget Coombs, *The Backroom Boys* Graeme Sligo, 2013-10-05 *The Backroom Boys* is the remarkable but little known story of how a varied group of talented intellectuals drafted into the Australian Army in the dark days of 1942 provided high level policy advice to Australia's most senior soldier General Blamey and through him to the Government for the remainder of the war and beyond This band of academics lawyers and New Guinea patrol officers formed a unique military unit the Directorate of Research and Civil Affairs under the command of an eccentric and masterful string puller Alf Conlon The Directorate has been depicted as a haven for underemployed poets or meddling soldier politicians Based on wide ranging research this book reveals a fuller and more fascinating picture The fierce conflicts in the wartime bureaucracy between public servants and soldiers in which the Directorate provided critical support to Blamey went to the heart of military command accountability and the profession of arms The Directorate was a pioneer in developing approaches to military government in areas liberated by the combat troops

as demonstrated by the Australian Army in New Guinea and Borneo in 1945 46 It is an issue of enduring importance The Directorate established the Australian School of Pacific Administration and had an important role in founding the Australian National University Its influence extended into post war Australia The Backroom Boys emphasises the personality of Colonel Alf Conlon as well as the talented men and women he recruited Above all this book shows how unexpectedly the Australian Army fostered a group of men and women who made a lasting contribution to the development of Australia in the decades after the war

In Denial Robert Manne, 2001-04-01 In this national bestseller Robert Manne attacks the right wing campaign against the Bringing them home report that revealed how thousands of Aboriginal children had been taken from their parents What was the role of Paddy McGuinness as editor of Quadrant How reliable was the evidence that led newspaper columnists from Piers Akerman in the Sydney Daily Telegraph to Andrew Bolt in the Melbourne Herald Sun to deny the gravity of the injustice done In a powerful indictment of past government policies towards the indigenous Australians Robert Manne has written a brilliant polemical essay which doubles as a succinct history of how indigenous Australians were mistreated and an exposure of the ignorance of those who want to deny that history In complex intellectual conflicts there will always be argument about whether the antagonists are committed to finding the truth or to winning the battle This essay tells us that Robert Manne is intent on finding the truth Morag Fraser editor Eureka Street In Denial is a work of both the head and the heart It is carefully researched and powerfully expressed It needs to be widely read The Hon P J Keating former Prime Minister of Australia

Oceans Andrew Dwyer, 2009 One of the most satisfying culinary pursuits is to catch prepare and eat absolutely fresh seafood The recipes and stories in this book are a celebration of Australia our maritime history our oceans and the wonderful seafood they provide

The Seven Dwarfs and the Age of the Mandarins Samuel Furphy, 2015-07-06 In the history and folklore of Australia s Commonwealth Public Service the idea of the Seven Dwarfs has been remarkably persistent Originally a witty epithet applied to a powerful

wholeness and delved deep into her psyche to find herself and emerge from John's shadow John has been known as an influential and controversial young head of Australia's Department of External Affairs and as a would-be politician It is less known that he was also an innovative farmer bookseller entrepreneur arts patron and writer He received international acclaim for his later work in conflict analysis and resolution These combined stories of courage and achievement unfold amid political intrigue and psychological trauma ASIO surveillance love triangles loyalty infidelity and tragedy all play their part in the Burtons lives

The House That Jack Built James Colman, 2016-09-01 This is the story of how an ordinary bloke from the bush became the key figure in a movement that would change the shape of our cities and bring about lasting political and legal reform This is the story of the house that Jack Munday built Without the green bans movement of the 1970s Sydney and many other cities would look very different Pulling together an unlikely alliance of environmentalists and union players earned Jack Munday a reputation as both the best known unionist and best known conservationist in Australia Under his leadership the movement fought against the slash and burn philosophy that almost saw The Rocks fitted out with high rise buildings a highway through the centre of Glebe and total development of Centennial Park In this long awaited book James Colman reflects on Jack's remarkable life and his ongoing legacy Munday overturned the bulldozer mentality of the 1960s and 1970s and helped to persuade Australians everywhere to cherish and protect the heritage of special buildings places and sites

A Decent Provision John Murphy, 2016-03-16 A Decent Provision is a narrative history of how and why Australia built a distinctive welfare regime in the period from the 1870s to 1949 At the beginning of this period the Australian colonies were belligerently insisting they must not have a Poor Law yet had reproduced many of the systems of charitable provision in Britain By the start of the twentieth century a combination of extended suffrage basic wage regulation and the aged pension had led to a reputation as a social laboratory And yet half a century later Australia was a welfare

laggard and the Labor Party's welfare state of the mid 1940s was a relatively modest and parsimonious construction. Models of welfare based on social insurance had been vigorously rejected and the Australian system continued on a path of highly residual targeted welfare payments. The book explains this curious and halting trajectory showing how choices made in earlier decades constrained what could be done and what could be imagined. Based on extensive new research from a variety of primary sources it makes a significant contribution to general historical debates as well as to the field of comparative social policy.

The Dystopia in the Desert Tadhg Purtill, 2018-02-02 *The Devil and James McAuley* Cassandra Pybus, 1999 Follows McAuley's life from his student days at Sydney Uni through the war years his conversion to Catholicism his anticommunist activities during the Cold War period and his editorship of Quadrant with revelations about CIA funding and involvement with ASIO. A controversial new political biography.

Free Trade and Social Welfare in Europe Lucia Coppelaro, Lorenzo Mechi, 2020-01-24 This book deals with the historical relationship between international trade liberalisation one of the backbones of globalisation and the development of social welfare. In Europe the issue has regularly been at the centre of the political debate for at least two centuries and still nowadays it continues to inspire decisions of the highest order as in the recent case of Brexit. Analysing a number of particularly meaningful episodes and moments the eight chapters of this edited volume provide an overview of how the liberalisation welfare nexus has been addressed in Europe since the end of the 19th century. Describing the oscillations from phases in which state non state and transnational actors saw the two elements as widely conflicting to others in which more harmonious visions prevailed the book uncovers the political complexity of the issue and contributes to clarifying its connections with the current economic situation political balances and general social conditions.
