understood as a largely self enclosed verbal system suspended from any mutual interaction with alien discourse in the words of Mikhail Bakhtin But in *Poetry and Its Others* Jahan Ramazani reveals modern and contemporary poetry s animated dialogue with other genres and discourses Poetry generates rich new possibilities he argues by absorbing and contending with its near verbal relatives Exploring poetry s vibrant exchanges with other forms of writing Ramazani shows how poetry assimilates features of prose fiction but differentiates itself from novelistic realism metabolizes aspects of theory and philosophy but refuses their abstract procedures and recognizes itself in the verbal precision of the law even as it separates itself from the law s rationalism But poetry s most frequent interlocutors he demonstrates are news prayer and song Poets

such as William Carlos Williams and W H Auden refashioned poetry to absorb the news while expanding its contexts T S Eliot and Charles Wright drew on the intimacy of prayer though resisting its limits and Paul Muldoon Rae Armantrout and Patience Agbabi have played with and against song lyrics and techniques Encompassing a cultural and stylistic range of writing unsurpassed by other studies of poetry Poetry and Its Others shows that we understand what poetry is by examining its interplay with what it is not Songs and Hymns of Earliest Greek Christian Poets ...
