Subject Guide to Books in Print, 1991 **Nurturing Your Child's Soul** Timothy Jones, 2006-09-03 Many of us worry about our kids getting pulled under by our culture's negative currents We try to shout over the roar of media blitzes misguided values in the schools and peer pressure And we wonder how to raise faithful children For parents who sometimes feel they haven't done enough Jones provides ideas for taking small steps toward communication and intimacy showing you how to take advantage of teachable moments by fully focusing on the present

interweave spiritual nurture with the struggles and joys of everyday living What the Bible Says about Parenting John MacArthur, 2000 More than ever Christians need to know what the Bible actually teaches about parenting and put it into practice Parents today seek answers from child experts self help books or equally confused friends But even the experts portray modern day childbearing as a minefield strewn with psychological dangers and emotional hazards What the Bible Says About Parenting is not a book on child psychology nor is it proposing a new parenting method It is simply presenting the principles of biblical parenting with as much clarity as possible John MacArthur a leading expert on the Bible and an experienced pastor teacher father and grandfather goes into depth on such vital biblical parenting subjects as these Four helpful principles of communication Effective methods to discipline wisely and effectively with positive results Simple principles for identifying changing and developing habits in your children I m convinced that if Christian parents understand and apply the simple principles Scripture sets forth they can rise above the trends of secular society and bring up their children in a way that honors Christ in any culture and under any circumstances John MacArthur **Nurturing Your**

Thomas,2017-08-29 Parenting is a school for spiritual formation and our children are our teachers The journey of caring for rearing training and loving our children profoundly alters us forever Even when the journey is a rough one God uses the experience to train shape and love us Sacred Parenting is unlike any other parenting book on the market This is not a how to book that teaches readers the ways to discipline their kids or help them achieve their full potential Instead of a discussion about how parents change their children Sacred Parenting demonstrates how God uses children to change their parents Stepping beyond the overly tilled soil of method books parents can learn a whole new side of parenting You ll be encouraged by stories that tell how other parents handled the challenges and difficulties of being a parent and how their children transformed their relationship with God The lessons that Gary Thomas bestselling author of Sacred Marriage offers are timeless But in this edition Thomas adds in some additional insights and stories that he s learned and lived over the past fifteen years of his own parenting He has found that the lessons have remained much the same but there are new applications for the readers in this generation who are just now coming to his book **Nurturing the Souls of Our**
