Alias MacAlias Hamish Henderson,1992 George Mackay Brown ,1990 **Homo Narrans** John D. Niles,2010-08-03

It would be difficult to imagine what human life would be like without stories from myths recited by Pueblo Indian healers in the kiva ballads sung in Slovenian market squares folktales and legends told by the fireside in Italy to jokes told at a dinner table in Des Moines for it is chiefly through storytelling that people possess a past In *Homo Narrans* John D Niles explores how human beings shape their world through the stories they tell The book vividly weaves together the study of Anglo Saxon literature and culture with the author's own engagements in the field with some of the greatest twentieth century singers and storytellers in the Scottish tradition Niles ponders the nature of the storytelling impulse the social function of narrative and the role of individual talent in oral tradition His investigation of the poetics of oral narrative encompasses literary works such as the epic poems and hymns of early Greece and the Anglo Saxon Beowulf texts that we know only through written versions but that are grounded in oral technique That all forms of narrative even the most sophisticated genres of contemporary fiction have their ultimate origin in storytelling is a point that scarcely needs to be argued Niles's claims here are more ambitious than oral narrative is and has long been the chief basis of culture itself that the need to tell stories is what distinguishes humans from all other living creatures **Chapman** ,1989 **Traditional Storytelling Today** Margaret Read MacDonald,2013-12-16

Traditional Storytelling Today explores the diversity of contemporary storytelling traditions and provides a forum for in depth discussion of interesting facets of contemporary storytelling Never before has such a wealth of information about storytelling traditions been gathered together Storytelling is alive and well throughout the world as the approximately 100 articles by more than 90 authors make clear Most of the essays average 2 000 words and discuss a typical storytelling event give a brief sample text and provide theory from the folklorist A comprehensive index is provided Bibliographies afford the reader easy access to additional resources **Scottish Traveller Tales** Donald Braid,2002-07-25

distinctive practice of storytelling Indeed this analytical appreciation of the culture shows how the story performances preserve the history of the Travelling People and reveal the shape and substance of the storytellers own lives It renders too the rich variety of stories the interrelationship of stories and the community the construction of the teller s identity within the story and the story s way of understanding and shaping human experience Although concentrated on these Scottish storytellers this book imparts insights into the process of storytelling in general and contributes understanding of the place of stories in human communities and to human identity Donald Braid assistant director of the Center for Citizenship and Community and a lecturer in English at Butler University in Indianapolis Indiana is a co editor of A Folklorist s Progress Reflections of a Scholar s Life His work has been published in the Journal of American Folklore Text and Performance Quarterly and The Encyclopedia of Folklore and Literature
