Fiona Hill, Clifford G. Gaddy

Russia Under The Old Regime:

Russia Under the Old Regime Richard Pipes, 1995 Discusses the evolution of the Russian state from the ninth century to the 1880s including the geography development of government and political behavior of major social groups

Russia Under the Old Regime Richard Pipes, 1974 The theme of this book is the political system of Russia It traces the growth of the Russian state from its beginnings in the ninth century to the end of the nineteenth and the parallel development of the principal social orders peasantry nobility middle class and clergy The question which it poses is why in Russia unlike the rest of Europe to which Russia belongs by virtue of her location race and religion society has proven unable to impose on political authority any kind of effective restraints After suggesting some answers to this problem I go on to show how in Russia the opposition to absolutism tended to assume the form of a struggle for ideals rather than for class interests and how the imperial government challenged in this manner responded by devising administrative practices that clearly anticipate those of the modern police state Foreword

Russia Under the Bolshevik Regime Richard Pipes, 2011-05-04 From the acclaimed authority on Russia and the Russian Revolution the final volume in his magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin's death in 1924 Offers a penetrating analysis of the making of the Soviet system It is a passionate book whose outstanding scholarship is rooted in universal values like truth honor responsibility and the sacredness of human life Philadelphia Inquirer Timely The work is enriched in intriguing ways by the author's access to the once secret archives of the Soviet Union Los Angeles Times

Rural Russia Under the Old Regime Geroid T. Robinson, 1967-08-01 Geroid Tanquary Robinson founder and first director of the Russian Institute at Columbia University Chief of the U S S R Division Research and Analysis Branch U S Office of Strategic Services 1941-45 holder of the Medal of Freedom has produced a book that is by general consensus supreme in its field The work makes a major contribution to the understanding of the struggle of the peasantry with the old landlords and the Imperial Government and consequently offers an illuminating approach to the struggle between the Communist Government and the most stubborn and massive domestic force this Government has faced the peasant opposition

Rural Russia Under the Old Régime Geroid Tanquary Robinson, 1967

Karl W. Ryavec, 2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia's state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization

Russia Under the Old Regime Richard Pipes, 1992 The author traces with compelling detail the evolution of the Russian state where the Tsar claimed to own the land and its inhabitants as if they were his own personal property Professor Pipes analyzes the political behavior of Russia's peasantry nobility and bourgeoisie as well as its clergy showing why none of them could limit the absolute power of the state He discusses how the intelligentsia

challenged the Tsars power leading to increased repression and Russia s development as a bureaucratic police state This sweeping epic brings Russia s turbulent history to life and helps us better understand the roots of modern Russia **Rural Russia Under the Old Regime..., by Geroid Tanquary Robinson,...** Geroid Tanquary Robinson,1932 **Russia Under Soviet Role** N. de Basily,2017-07-06 The author of this book was in a position which allowed him to become thoroughly conversant with the working of the Government machinery in Russia and in this volume originally published in 1938 he presents the situation in Soviet Russia as it developed since the Revolution of 1917 and discusses the events which led up to it Based mainly on information drawn from Soviet sources which the author acknowledges may not be impartial the author nevertheless maintains that a clear outline of the real situation may be inferred **Russia Under the Last Tsar** Theofanis G. Stavrou,1969 The reign of Russia s last tsar Nicholas II from 1894 to 1917 constitutes a period of continuing controversy among historians Interesting in its own right it is also a time of great importance to an understanding of the cataclysmic events which follo **Russia under Western Eyes** Martin E Malia,2009-06-30 A dazzling work of intellectual history by a world renowned scholar spanning the years from Peter the Great to the fall of the Soviet Union this book gives us a clear and sweeping view of Russia not as an eternal barbarian menace but as an outermost if laggard member in the continuum of European nations **How Russia Is Not Ruled** Allen C. Lynch,2005-01-10 The state remains as important to Russia s prospects as ever This is so not only because as in any society an effectively functioning state administration is necessary to the proper functioning of a complex economy and legal system but also because in Russian circumstances factors of economic geography tend to increase costs of production compared to the rest of the world These mutually reinforcing factors include the extreme severity of the climate the immense distances to be covered the dislocation between European population centers and Siberian natural resource centers and the inevitable predominance of relatively costly land transportation over sea borne transportation As a result it is questionable whether Russia can exist as a world civilization under predominantly liberal economic circumstances in a unified liberal global capital market large scale private direct capital investment will not be directed to massive outdoor infrastructure projects typical of state investment in the Soviet period **Russian and West European Women, 1860-1939** Marcelline J. Hutton,2001 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR from 1860 1939 The book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women s lives the book assesses the significance of gender class nationality and religion This richly researched work traces common patterns and unique experiences in women s lives by showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness **Rural Russia Under the Old Regime; a History of the Landlord** Geroid Tanquary Robinson,1967 **Russia's Market Economy** Stefan Hedlund,2002-11-01 Russia s Market

Economy is a seminal account of Russia's transition to the market its tortuous development as a fledgling market economy through the 1990s right through to its spectacular collapse in August 1998 Rather than beginning with the economic collapse the book traces the historical mismanagement of Russian wealth through to the Soviet command economy and on to Gorbachev Stefan Hedlund finally discusses what lessons should be learned from the damage inflicted on the Russian economy as well as its social legal and political infrastructure by the race of reform

The Tsarist Secret Police and Russian Society, 1880-1917 Fredric S. Zuckerman, 1996-05 Karakozov in 1866 Russian political life became trapped within a vicious circle of political reaction growing disillusionment with the government and intensifying political dissent that increasingly manifested itself in acts of terrorism against Tsarist officials

Bulletin of the Atomic Scientists, 1982-01 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

The Siberian Curse Fiona Hill, Clifford G. Gaddy, 2003 Hill and Gaddy frame the problems of Siberia more clearly and offer policy recommendations which are more concrete and coherent than any previous analyses of Siberia from Russian or foreign sources of which I am aware Robert Cottrell New York Review of Books

Russia in the Age of Modernisation and Revolution 1881 - 1917 H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years

Voluntary Associations in Tsarist Russia Joseph Bradley, 2009-06-30 This text investigates the role of learned mostly scientific societies in building civil society in imperial Russia It challenges the idea that Russia did not have the building blocks of a democratic society
