Russian Imperial Military Doctrine And Education 1832 1914:

Russian Imperial Military Doctrine and Education, 1832-1914 Carl Van Dyke,1990 *Russian Imperial Military Doctrine and Education, 1832-1914* Carl Van Dyke,1990-11-29 This work examines the evolution of military scientific research and theory as it was taught to student officers at the Nicholas Academy It is the only work in English or Russian that follows the development of this intellectual tradition within the institutional context of the Russian Imperial General Staff and its growing professional responsibilities in the late 19th and early 20th century The book contains five portraits of influential Russian military theorists and educational administrators Russian Imperial Doctrine features extensive use of original Russian language bibliographic sources and extensive use of French British and American archival sources Copyright Libri GmbH All rights reserved

The Russian Imperial Army 17961917 Roger Reese,2017-11-30 The majority of the articles assembled in this volume reflect social historical methodology which is used to show the relationship between the tsarist army and society while focusing on the Russian historical experience In each case whether it be a study of the soldiers as peasants alcoholism the nationalities officers military justice social and legal reform and mutiny or revolution the inescapable conclusion arises that the army was at all times a reflection of the many social problems aspirations or political thought of the broader imperial Russian civil society In short this anthology treats the Russian military as a window on the symbiotic triangular relationship between army state and society

The Military History of the Russian Empire from Peter the Great until Nicholas II John W. Steinberg,2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs The Russian Military and the Creation of Empire uses a variety of archival sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 The Russian Military and the Creation of Empire is a vital study for all students of modern Russia and the history of modern warfare

The Russian General Staff and Asia, 1860-1917 Alex Marshall,2006-11-22 This new book examines the role of the Tsarist General Staff in studying and administering Russia s Asian borderlands It considers the nature of the Imperial Russian state the institutional characteristics of the General Staff and Russia s relationship with Asia During the nineteenth century Russia was an important player in the so called Great Game in central Asia Between 1800 and 1917 officers of the Russian General Staff travelled extensively through Turkey central Asia and the Far East gathering intelligence that assisted in the formation of future war plans It goes on to consider tactics of imperial expansion and the role of military intelligence and war planning with respect to important regions including the Caucasus central Asia and the Far East In the light of detailed archival

research it investigates objectively questions such as the possibility of Russia seizing the Bosphorus Straits and the probability of an expedition to India Overall this book provides a comprehensive account of the Russian General Staff its role in Asia and of Russian military planning with respect to a region that remains highly strategically significant today

Russian Rule in Samarkand 1868-1910 Alexander Morrison, 2008-09-11 Russian Rule in Samarkand examines the structures personnel and ideologies of Russian imperialism in Turkestan taking Samarkand and the surrounding region as a case study The creation of a colonial administration in Central Asia presented Russia with similar problems to those faced by the British in India but different approaches to governance meant that the two regimes often stood in stark contrast to one another While the Russian administration was characterised by corruption and inefficiency British rule in India was often more violent and its subjects much more heavily taxed Opening with the background to the political situation in Central Asia and a narrative of the Russian conquest itself the book moves on to analyse official attitudes to Islam and to pre colonial elites and the earliest attempts to establish a functioning system of revenue collection Uncovering the religious and ethnic composition of the military bureaucracy and the social background education and training of its personnel Alexander Morrison assesses the competence of these officers vis vis their Anglo Indian counterparts Subsequent chapters look at the role of the so called native administration in governing the countryside and collecting taxes the attempt to administer the complex systems of irrigation leading from the Zarafshan and Syr Darya rivers and the nature and functions of the Islamic judiciary under colonial rule Based on extensive archival research in Russia India and Uzbekistan and containing much rare source material translated from the original Russian Russian Rule in Samarkand will be of interest to all those interested in the history of the Russian Empire and European Imperialism more generally Authority, Identity and the Social History of the Great War Frans Coetzee, Marilyn Shevin-Coetzee, 1995 The unprecedented scope and intensity of the First World War has prompted an enormous body of retrospective scholarship However efforts to provide a coherent synthesis about the war s impact and significance have remained circumscribed tending to focus either on the operational outlines of military strategy and tactics or on the cultural legacy of the conflict as transmitted by the war s most articulate observers This volume departs from traditional accounts on several scores by exploring issues barely touched upon in previous works by deviating from the widespread tendency to treat the experiences of front and homefront isolation and by employing a thematic treatment that by considering the construction of authority and identity between 1914 and 1918 illuminates the fundamental question of how individuals whether in uniform or not endured the war s intrusion into so many aspects of their public and private lives Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world s first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events

of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917. Instead, it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its successor states across a prolonged period. The *Historical Dictionary of the Russian Civil Wars 1916-1926* covers the history of this period through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has almost 2,000 cross-referenced entries on individuals, political and governmental institutions, and political parties and military formations and concepts, as well as religion, art, film, propaganda, uniforms, and weaponry. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Russian Civil War. **The**

Russo-Japanese War in Global Perspective John Steinberg, Bruce Menning, David Schimmelpenninck van der Oye, David Wolff, Shinji Yokote, 2005-06-01. This volume examines the Russo-Japanese War in its military, diplomatic, social, political, economic, and cultural context. Through the use of research from newly opened Russian and little-used Japanese sources, the editors assert that the Russo-Japanese War was in fact World War Zero, the first global conflict in the 20th century. The contributors demonstrate that the Russo-Japanese War, largely forgotten in the aftermath of World War One, actually was a precursor to the catastrophe that engulfed the world less than a decade after the signing of the Treaty of Portsmouth. This study not only further reveals the weaknesses of Imperial Russia but also exhibits Japan as it entered its fateful 20th century. Contributors: Oleg Rudolfovich Airapetov, Boris Vasilevich Ananich, Michael Auslin, Paul A. Bushkovitch, John Bushnell, Frederick R. Dickinson, Tatiana Aleksandrovna Filippova, David Goldfrank, Antti Kujala, Dominic Lieven, Igor Vladimirovich Lukoianov, Pertti Luntinen, Steven Marks, Yoshihisa Tak Matsusaka, David Maclaren, McDonald, Bruce W. Ulak, David Wolff, Don Wright. **Militarism and Politics in Latin America** Daniel Masterson, 1991-08-26. This comprehensive case study of the modern Peruvian military examines the professional development of South America's most controversial military establishment from the early 1930s to the present. Based on extensive research in Peruvian military archives and numerous interviews with active and retired members of the Peruvian armed forces, this study is placed in the context of Peruvian national politics and South American military affairs. Particular emphasis is given to the impact of France and U.S. military theory upon the Peruvian military mentality. Revolutionary politics from the Alianza Popular Revolucionaria Americana (APRA) in the 1930s to the present day's Sendero Luminoso also figure prominently. This study also explores the rationale behind General Velasco's social and economic reforms, 1968-1975, and assesses the Velasco government's legacy for contemporary Peru. For the first time, the Soviet Union's heavy involvement in Peru is examined. As the only comprehensive case study in English of the modern Peruvian military, this volume will be of interest to students and scholars of contemporary Latin America. This is a detailed historical study of the highly complex

Peruvian military establishment and its place in Peruvian society It includes a review of the 1930s an in depth analysis of the armed forces from the late 1930s to the first Belaunde regime 1963 1968 the immediate antecedents of Peru s 12 year military government 1968 1980 known as the Docenio preliminary overview of the Docenio and its troubled legacy an assessment of the Sendero Luminoso Shining Path insurgency and a critique of the armed force s counter terrorism campaign Militarism and Politics in Latin America draws extensively on Latin American and U S archival sources and personal interviews and includes rare photographs

Russian Imperial Military Doctrine And Education 1832 1914 Introduction

In today's digital age, the availability of Russian Imperial Military Doctrine And Education 1832 1914 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russian Imperial Military Doctrine And Education 1832 1914 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russian Imperial Military Doctrine And Education 1832 1914 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russian Imperial Military Doctrine And Education 1832 1914 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russian Imperial Military Doctrine And Education 1832 1914 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russian Imperial Military Doctrine And Education 1832 1914 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russian Imperial Military Doctrine And Education 1832 1914 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions

of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russian Imperial Military Doctrine And Education 1832 1914 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement.
