Fabergé Eggs Will Lowes,Christel Ludewig McCanless,2001 This work presents detailed technical descriptions of 66 Faberge eggs as well as the stories of people involved in their making or presentation Colonial Theories of Institutional Development Daniel Oto-Peralías,Diego Romero-Ávila,2017-03-23 This book analyzes the role played by initial endowments and colonizer identity in seeking to explain institutional development in former colonies It presents a model of two styles of imperialism that integrates the colonial origin and endowment views explaining current institutions The authors argue that

Great Britain and Portugal adopted an economically oriented style which was pragmatic and sensitive to initial conditions For this style of imperialism the endowment view is applicable In contrast France employed a politically oriented style of imperialism in which ideological and political motivations were more present This led to a uniform colonial policy that largely disregarded initial endowments In turn the case of Spain represents a hybrid of the two models The empirical analysis presented here reveals a remarkable degree of heterogeneity in the relationship of endowments and colonizer identity with current institutions
