Russian Nights Point Romance S:

Russian Nights Vladimir Fedorovich Odoevsky, 1997-03-20 Russian Nights Vladimir Fedorovich Odoevsky's major work is of great importance in Russian intellectual history. This captivating novel is the summation of Odoevsky's views and interests in many fields: Gothic literature, romanticism, mysticism, the occult, social responsibility, Westernization, utopia, and anti-utopia. Compared variously to *The Decameron* to Hoffman's *Serapion Brethren* and the Platonic dialogues, *Russian Nights* is a mixture of genres, a series of romantic and society tales framed by Odoevsky's musings on the main strands of Russian thought of the 1820s and 1830s. This is a unique work of Russian literature and a key sourcebook for Russian romanticism and Russian social and aesthetic thought of its epoch. *Romantic Drama* Gerald Ernest Paul Gillespie, 1994. It does not treat Romanticism as a limited period dominated by some construed singular master ethos or dialectic; rather, it follows the literary patterns and dynamics of Romanticism as a flow of interactive currents across geocultural frontiers. **Whitaker's Books in Print**, 1998. **Love and Russian Literature** Ira Nadel, 2023-11-30. Russia haunted the British cultural imagination throughout the 20th century, whether as a romantic source of literary and political inspiration or as a warning of creeping totalitarianism. In this new book, Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century, including Joseph Conrad, Somerset Maugham, Jane Harrison, Virginia Woolf, and H. G. Wells. Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja Lás in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945, *Love and Russian Literature* casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism. [A History of Russian Literature](#) Andrew Kahn, Mark Naumovich Lipovetskiĭ, Irina Reyfman, Stephanie Sandler, 2018. Russia possesses one of the richest and most admired literatures of Europe, reaching back to the eleventh century. *A History of Russian Literature* provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day, still rife with the creative experiments of post-Soviet literary life. The volume proceeds chronologically in five parts, extending from Kievan Rus in the 11th century to the present day. The coverage strikes a balance between extensive overview and in-depth thematic focus. Parts are organized thematically in chapters which, a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers, institutions, and texts that take the reader up close. Visual material also underscores the interrelation of the word and image at a number of points, particularly significant in the medieval period and twentieth century. The History addresses major continuities and discontinuities in the history of Russian literature across all periods and, in particular, brings out trans-historical features that contribute to the notion of a national literature. The volume's time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries, space, Holy Russia, and the charismatic king that offers culturally relevant material to later writers. This volume delivers a fresh view on a series of key questions about Russia's literary history.

by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

The Historical Romances of Louisa Mühlbach: Napoleon and Blücher Luise Mühlbach, 1914

The North in Russian Romantic Literature Otto Boele, 2023-11-20 This book explores the North in Russian romantic literature as a symbol of national particularity It largely ignores the vogue of Ossian being primarily concerned with the significance of the North for Russia's national self image The author demonstrates how starting with Lomonosov the North initially functions as a symbol of Russia's new European identity Gradually it acquires a different ideological charge giving voice to growing resentment over the inroads of western culture By the turn of the century the North no longer denotes Russia's supposed Europeanness but its unique national spirit believed to have been polluted by the slavish imitation of the West By this time the theme of winter was discovered as an appropriate vehicle for the expression of nationalist sentiments culminating in the popular myth of the winter of 1812 as an ally of the Russian people This study also investigates the theme of northern homesickness as opposed to the lure of the South and concludes by examining the national stereotypes of Russia's northern neighbours the Swedes and the Finns

Nicolai Rimsky-Korsakov, 1999-08-26 A collection of pieces for Voice composed by Nicolai Rimsky Korsakov Russian Jews Between the Reds and the Whites, 1917-1920 Oleg Budnitskii, 2012-07-24 In the years following the Russian Revolution a bitter civil war was waged between the Bolsheviks with their Red Army of Workers and Peasants on the one side and the various groups that constituted the anti Bolshevik movement on the other The major anti Bolshevik force was the White Army whose leadership consisted of former officers of the Russian imperial army In the received and simplified version of this history those Jews who were drawn into the political and military conflict were overwhelmingly affiliated with the Reds while from the start the Whites orchestrated campaigns of anti Jewish violence leading to the deaths of thousands of Jews in pogroms in the Ukraine and elsewhere In Russian Jews Between the Reds and the Whites 1917 1920 Oleg Budnitskii provides the first comprehensive historical account of the role of Jews in the Russian Civil War According to Budnitskii Jews were both victims and executioners and while they were among the founders of the Soviet state they also played an important role in the establishment of the anti Bolshevik factions He offers a far more nuanced picture of the policies of the White leadership toward the Jews than has been previously available exploring such issues as the role of prominent Jewish politicians in the establishment of the White movement of southern Russia the Jewish Question in the White ideology and its international aspects and the attempts of the Russian Orthodox Church and White diplomacy to forestall the establishment of a Jewish state in Palestine The relationship between the Jews and the Reds was no less complicated Nearly all of the Jewish political parties severely disapproved of the Bolshevik coup and the Red Army was hardly without sin when it came to pogroms against the Jews Budnitskii offers a fresh assessment of the part played by Jews in the establishment of the Soviet state of the turn in the policies of Jewish socialist parties after the first wave of mass pogroms and their efforts to attract Jews to the Red Army of Bolshevik policies concerning the Jewish population and of how these stances changed radically over the course of the Civil War

The 1980s: A Decade of Contemporary British Fiction Philip Tew,Emily Horton,Leigh Wilson,2014-02-27 How did social cultural and political events in Britain during the 1980s shape contemporary British fiction Setting the fiction squarely within the context of Conservative politics and questions about culture and national identity this volume reveals how the decade associated with Thatcherism frames the work of Kazuo Ishiguro Martin Amis and Graham Swift of Scottish novelists and new diasporic writers How and why 1980s fiction is a response to particular psychological social and economic pressures is explored in detail Drawing on the rise of individualism and the birth of neo liberalism contributors reflect on the tense relations between 1980s politics and realism and between elegy and satire Noting the creation of a heritage industry during the decade the rise of the historical novel is also considered against broader cultural changes Viewed from the perspective of
