Russian Novel:

The Rise of the Russian Novel Richard Freeborn, 1973-01-04 This introduction to the study of the Russian novel demonstrates how the form evolved from imitative beginnings to the point in the 1860s when it reached maturity and established itself as part of the European tradition Professor Freeborn considers selected novels by Pushkin Lermontov Gogol Dostoyevsky and Tolstoy Extended introductory sections to the studies of Dostoyevsk and Tolstoy deal with their earlier works A final chapter summarises the principal points of contrast between Crime and Punishment and War and Peace and argues that in certain specific ways they represent the peaks in the evolution of the form of the Russian novel Quotations are translated but key passages are also given in the original Professor Freeborn treats the novel as a literary form and avoids the overworked formulae on which much historical writing on Russian literature has been based He is concerned with the literary development of a great form **The Cambridge Companion to the Classic Russian Novel** Malcolm V. Jones, Robin Feuer Miller, 1998-04-30 Many Russian novels of the nineteenth and twentieth centuries have made a huge impact not only inside the boundaries of their own country but across the western world The Cambridge Companion to the Classic Russian Novel offers a thematic account of these novels in fourteen newly commissioned essays by prominent European and North American scholars There are chapters on the city the countryside politics satire religion psychology philosophy the romantic realist and modernist traditions and technique gender and theory In this context the work of Pushkin Dostoevsky Tolstoy Turgenev Bulgakov Nabokov Pasternak and Solzhenitsyn among others is described and discussed There is a chronology and guide to further reading all quotations are in English This volume will be invaluable not only for students and scholars but for anyone interested in the Russian novel **The Oxford Handbook of the Russian Novel** Julie A. Buckler, Justin Weir, 2025 The Oxford Handbook of the Russian Novel brings together top specialists in Russian literature to treat the Russian novel from the late 18th to the 21st century using a range of interpretive perspectives The Russian novel is a distinctive tradition by virtue of its formal eccentricities as well as the boldness with which these works approached the most complex philosophical political and moral questions This Handbook treats well known works and authors but also explores the much broader tradition of the Russian novel up to the present The essays in the Handbook provide cultural and historical perspectives on the Russian novel as well as showcasing emergent modes of analysis including postcolonialism ecocriticism and posthumanism **The Routledge Companion to Russian Literature** Neil Cornwell, 2002-06-01 The Routledge Companion to Russian Literature is an engaging and accessible guide to Russian writing of the past thousand years The volume covers the entire span of Russian literature from the Middle Ages to the post Soviet period and explores all the forms that have made it so famous poetry drama and of course the Russian novel A particular emphasis is given to the nineteenth and twentieth centuries when Russian literature achieved world wide recognition through the works of writers such as Pushkin Dostoevsky Tolstoy Chekhov Nabokov and Solzhenitsyn Covering a range of subjects including women's writing
