United States Bonnie Carr O'Neill, 2017-10-15 Through extended readings of the works of P T Barnum Walt Whitman Ralph Waldo Emerson Frederick Douglass and Fanny Fern Bonnie Carr O'Neill shows how celebrity culture authorizes audiences to evaluate public figures on personal terms and in so doing reallocates moral intellectual and affective authority and widens the public sphere O'Neill examines how celebrity culture creates a context in which citizens regard one another as public figures while elevating individual public figures to an unprecedented personal fame Although this new publicity fosters nationalism it also imbues public life with personal feeling and transforms the public sphere into a site of divisive emotionally intense debate Further O'Neill analyzes how celebrity culture's scrutiny of the lives and personalities of public figures collapses distinctions between the public and private spheres and as a consequence challenges assumptions about the self and personhood Celebrity culture intensifies the complex emotions and debates surrounding already fraught questions of national belonging and democratic participation even as for some it provides a means of redefining personhood and cultural identity O'Neill offers a new critical approach within the growing scholarship on celebrity studies by exploring the relationship between the emergence of celebrity culture and civic discourse Her careful readings unravel the complexities of a form of publicity that fosters both mass consumption and cultural criticism Literary Partnerships and the Marketplace David Dowling, 2012-01-16 In *Literary Partnerships and the Marketplace* David Dowling examines an often overlooked aspect of the history of publishing relationships of both a business and a personal nature The book focuses on several intriguing duos of the nineteenth century and explores the economics of literary partnerships between author publisher student mentor husband wife and parent child These literary companions range from Emerson's promotion of Thoreau a relationship fraught with pitfalls and misjudgments to Davis Inc the seamless joining of the literary and legal minds of Rebecca Harding Davis and her husband L Clarke Davis Dowling also considers and analyzes the teams of Washington Irving and his publisher John Murray Herman Melville and his editor Evert Duyckinck E D E N Southworth and Robert Bonner the publisher who serialized her sentimental novels Fanny Fern both with her brother publisher Nathaniel Parker Willis and with Robert Bonner the latter a more successful pairing and the famous fraternal relationship between Ernest Hemingway and Gertrude Stein Throughout Dowling demonstrates the intrinsic irony of authors projecting their labors of the mind as autonomous even as they relied heavily on their literary partners to aid them in navigating the business side of writing **Elizabeth Stoddard & the Boundaries of Bourgeois Culture** Lynn Mahoney, 2004-01-15 First published in 2004 Routledge is an imprint of Taylor Francis an informa company The Grand Chorus of Complaint Michael J. Everton, 2011-06-16 An engaging study of authorship ethics and book publishing in 18th and 19th century America *The Grand Chorus of Complaint* considers the uneasy relationship between art and commerce with readings of correspondence newspaper articles and works by Thomas Paine Herman Melville and Fanny Fern *The Kentucky Law Reporter* John Cleland Wells, Edward Warren Hines, Frank L. G. Chapman, R. G. Higdon, Thomas Robert McBeath, 1908 Redefining the Political Novel Sharon M. Harris, 1995 While critical studies of the American political novel date from the 1920s such considerations of the genre have failed whether wittingly or unwittingly to recognize works by women The exclusion is usually based on a distinction between social novels and political novels and the result is an understanding of the political as a largely male province In this thought provoking collection of essays the contributors seek not simply to add works by women to the canon of political novels but rather to demand a conceptual revolution one that questions the very precepts on which the canon is based This redefinition of the political novel takes many factors into account including gender race and class and their relation to our most basic conceptions of literary and aesthetic value
