

RESEARCH METHODOLOGIES

Research methodologies can roughly be categorized into three groups: quantitative, qualitative, and mixed-methods.

QUALITATIVE RESEARCH

Qualitative research investigates human experiences and behavior through non-numerical data collection and analysis.

QUANTITATIVE RESEARCH

Quantitative research examines relationships between variables using numerical data and statistical techniques.

MIXED METHODS RESEARCH

Mixed methods research combines qualitative and quantitative approaches to provide a more holistic understanding of a research question.

Cultural Sport Psychology and Elite Sport in Singapore Nicholas de Cruz, 2022-05-05 Guided by the principles of cultural sport psychology CSP this book explores the psychosocial issues surrounding elite sport and

psychological practice in Singapore CSP recognises the importance of understanding people as individuals rather than objectifying and interpreting psychological processes independent of the socio cultural context in which they stem from For sport psychology to progress it is imperative to distinguish and appreciate the difference between treating someone the same i e culturally blind approach and treating them equally i e possess cultural awareness To address the paucity of cultural specific research this book explores the psychosocial issues of elite sport in Singapore using CSP as a theoretical and guiding philosophy Given Singapore s recent successes at the Olympic and Paralympic levels this book is ideally timed to investigate the social and cultural developments of elite sport as they occur in a specific sociocultural context The authors argue that if elite sport and sport psychology is to progress in Singapore there is a need to refine its elite ecosystem regulate the practice of sport psychology and work towards establishing a professional community centred around a culture of constructive exchange debate and cooperation This book presents a blueprint to any researcher national institute or practitioner to systematically explore the culture and context within which they operate and organise action plans to address unique needs that were identified through this process Management Culture and Corporate Social Responsibility Pranas

Žukauskas, Jolita Vveinhardt, Regina Andriukaitienė, 2018-04-18 This monograph focuses on the level of management culture development in organizations attempting to disclose it not only with the help of theoretical insights but also by the approach based on employees and managers Why was the term management culture that is rarely found in literature selected for the analysis We are quite often faced with problems of terminology Especially it often happens in the translation from one language to another While preparing this monograph the authors had a number of questions on how to decouple the management culture from organization s culture and from organizational culture how to separate management culture from managerial culture etc However having analysed a variety of scientific research it appeared that there is no need to break down the mentioned cultures because they still overlap Therefore it is impossible to completely separate the management culture from the formal or informal part of organizational culture Management culture inevitably exists in every organization only its level of development may vary *Research Methods in Ecology* Frederic Edward Clements, 1905 **Progress in**

Intelligent Decision Science Tofigh Allahviranloo, Soheil Salahshour, Nafiz Arica, 2021-01-29 This book contains the topics of artificial intelligence and deep learning that do have much application in real life problems The concept of uncertainty has long been used in applied science especially decision making and a logical decision must be made in the field of uncertainty or in the real life environment that is formed and combined with vague concepts and data The chapters of this book are connected to the new concepts and aspects of decision making with uncertainty Besides other chapters are involved with the concept of data mining and decision making under uncertain computations The Hard State, Soft City of Singapore Simone Shu-Yeng Chung, Mike Douglass, 2025-10-01 With Singapore serving as the subject of exploration The Hard State Soft City of Singapore explores the purview of imaginative representations of the city Alongside the physical structures and

associated practices that make up our lived environment and conceptualized space engineered into material form by bureaucrats experts and commercial interests a perceptual layer of space is conjured out of people s everyday life experiences While such imaginative projections may not be as tangible as its functional designations they are nonetheless equally vital and palpable The richness of its inhabitants memories aspirations and meaningful interpretations challenges the reduction of Singapore as a Generic City Taking the imaginative field as the point of departure the forms and modes of intellectual and creative articulations of Singapore s urban condition probe the resilience of cities and the people who reside in them through the images they convey or evoke as a means for collective expressions of human agency in placemaking
