Growing up in a small rice farming village in 1980s Iran, eleven year old Saba Hafezi and her twin sister Mahtab are captivated by America. They keep lists of English words and collect illegal Life magazines, television shows and rock music. society wages war on women and explores the stories we must tell to survive in a broken inhospitable environment Being the Nação in the Eternal City James William Nelson Novoa, 2014-12-28 James William Nelson Novoa's new book *Being the Nação in the Eternal City* explores in a set of case studies focusing on seven carefully chosen figures the presence of Portuguese individuals of Jewish origin in Rome after the initial creation of a tribunal of the Portuguese Inquisition in 1531. The book delves into the varied ways in which the protagonists representing a cross section of Portuguese society went about grappling with the complexities of a New Christian identity and tracks them through their interactions with Roman society and its institutions. Some chose to flaunt Jewish origins. They espoused a sense of being part of a distinctive group, the Portuguese New Christian *nação* that set them apart from other Portuguese. Others chose to blend as much as possible into the broader Iberian world represented at Rome and avoided calling attention to their family past. All however had in their own way to work out the multiple shades of what was involved in being a Portuguese with Jewish roots needing to navigate the social and cultural pathways through Rome, the urban center of the Catholic Church. The book draws on archival research conducted in the Vatican, elsewhere in Italy, in Spain, and in Portugal. It brings a variety of sources to bear on the complex phenomenon of emergent group identities. It also proposes a critical reflexion on diasporas, the formation of sub-national communities, and on the structuring of collective memory in Early Modern Europe. The work will be useful to scholars and general readers interested in the Portuguese New Christian diaspora in sixteenth-century Rome and in the dynamics of community consciousness in Early Modern Europe.

Le nouvel ouvrage de James William Nelson Novoa *Being the Nação in the Eternal City* se penche sur la présence des Portugais d'origine juive à Rome après l'installation d'un tribunal de l'Inquisition au Portugal en 1531. Le livre présente dans un cadre analytique sept vignettes de personnages historiques. Il documente en particulier les façons dont ces agents qui représentaient une coupe de la société portugaise contemporaine choisirent d'affronter les exigences de leur nouvelle identité chrétienne tout en jouant des interactions avec la société romaine et ses institutions. Certains affichaient leur racines juives. Ils poussaient un sens d'appartenir un groupe particulier, la *nação* des Chrétiens Nouveaux d'origine portugaise. D'autres choisirent de s'intégrer le plus étroitement possible au petit monde des expatriés ibériques de toutes sortes. Rome vitant d'afficher le passé. Tous durent affronter les multiples incertitudes nombreuses d'être Portugais d'origine juive navigant entre lescueils culturels et sociaux de Rome, le siège urbain de l'Église catholique. L'ouvrage est un fruit de recherches menées en Italie, au Vatican, en Espagne et au Portugal. Il invoque des sources diversifiées pour illuminer le phénomène complexe d'identités collectives émergentes. Il propose galement des réflexions critiques au sujet de diasporas, de communautés sub-nationales en creche et de la mémoire collective au sein de l'Europe moderne naissante. Le livre s'adresse surtout tous ceux spécialistes ou non qui s'intéressent la diaspora des Nouveaux Chrétiens portugais, la ville de Rome au seizième siècle et la dynamique formative communautaire au début de la période moderne.

Daniel, 2019-10-14 Ethiopia is an icon of freedom and indigenous Christianity across Africa due to its historic independence ancient Christian identity and rich religious heritage However Ethiopia and its various Christian denominations have their own understandings of this identity and how these communities relate to one another In this detailed study Dr Seblewengel Daniel explores the perception and identity of the Ethiopian Orthodox Church and evangelical church in Ethiopia and examines the relations between the two Beginning with the earliest evangelical missionary engagement with the Orthodox church Dr Daniel skilfully uses historical and theological frameworks to explain the dynamics at play when approaching the relations over two centuries between these two churches and their respective communities Daniel ultimately emphasizes that what unites the Orthodox and evangelical church is greater than what divides namely an ancient faith in the triune God This important study urges both sides to place the Bible at the centre using it to understand their differences and challenges them to take responsibility for past negative perceptions in order to move forward together in greater unity and mutual respect
