The Pragmatics of Requests and Apologies Elizabeth Flores Salgado,2011-09-07 The purpose of this research is to analyse the pragmatic development of language groups at different proficiency levels and to investigate the relationship between interlanguage pragmatics and grammatical competence For this study 36 native Spanish speaking EFL learners at different proficiency levels were asked to respond in English to 24 different situations that called for the speech acts of request and apology Results showed three important aspects The first finding suggested that basic adult learners possess a pragmatic knowledge in their L1 that allows them to focus on the intended meaning and in most cases to assemble an utterance that conveys a pragmatic intention and satisfies the communicative demands of a social situation The second finding revealed that there are two essential conditions to communicate a linguistic action the knowledge of the relevant linguistic rules and the knowledge of how to use them appropriately and effectively in a specific context The findings further suggested that advanced learners possess the grammatical knowledge to produce an illocutionary act but they need to learn the specific L2 pragmatic conventions that enable them to know when to use these grammatical forms and under which circumstances

Más Allá del Eclipse Dunnia Balcázar—Goldstein, 2010-06-14 En una frontera sin límites e incomprensible Hctor Charles no puede concebir la idea de dónde está quiénes ni quiénes fue pero sospecha que será juzgado por una fuerza superior divina y hasta por él mismo Hctor desciende a regiones infernales al ser obligado a revivir sistemáticamente cada uno de sus actos y los que a toda costa intenta ocultar y olvidar Por no poder discernir en su posición inanimada su real identidad el hombre sufre las

consecuencias derivadas de la intrínseca pasión que lo lleva a un final insospechado no solamente para él sino para todos aquellos que en vida lo rodearon. At a limitless and incomprehensible border Hector Charles cannot comprehend where he is who he is or who he was but he suspects that he will one day be judged by a divine higher power and even by himself Hector is descending into hellish depths as he is forced to systematically relive each of his actions actions he tries to hide at all costs and longs to forget As he is unable to discern his real identity in this inanimate position he suffers the consequences that result from the intrinsic passion that brought him to an end that neither he nor all who knew him in life could have foreseen I would like to add a credit for the artist Jorge Posada who provided his paintings for the covers of both books.
