Coniaris,1981 **The Doctrine of Seven Sacraments in the Orthodox Church** Daniel G. Cunnea, **For the Life of the World** Alexander Schmemmann,1973 This book was originally written to serve as an outline for students in a discussion of the Christian worldview It suggests an approach to the world and to man s life in it that stems from the liturgical experience of the Orthodox Church Alexander Schmemmann understands issues such as secularism and Christian culture from the perspective of the unbroken experience of the Church as revealed and communicated in her worship in her liturgy the sacrament of the world the sacrament of the Kingdom El Editor *Church Sacraments* Marcos Daoud,1975 *The Eastern Orthodox Church* Ernst Benz,2017-09-29 Western European Christendom finds it difficult to comprehend the Eastern Orthodox Church because it knows little about the practice and doctrines of Orthodoxy Even what is known is overlaid by many strata of prejudices and misunderstandings partly political in nature One of the obstacles has been the natural tendency to confound the ideas and customs of the Orthodox Church with familiar parallels in Roman Catholicism To escape this tradition pitfall Ernst Benz focuses on icon painting as a logical place to begin his examination of the Orthodox Church Beginning with a brilliant discussion of the importance of icons in the Eastern Church and the far reaching effects of icons on doctrine as well as art Benz counteracts the confusion explaining simply and clearly the liturgy and sacraments dogma constitution and law of Eastern Orthodoxy In brief history he describes the rise of Orthodox national churches schismatic churches and churches in exile the role of monasticism and its striking differences from Roman Catholic monasticism the missionary work of the Orthodox Church and the influence of Orthodoxy on politics and culture The role of the church can be defined in terms of the image Benz writes that the church exists so that members may be incorporated into the image of Jesus Christ a in that individual believers are achanged into his likeness as Paul writes in the second letter to the Corinthians Thus Orthodox theology holds up the icon as the true key to the understanding of Orthodox dogma The Eastern Orthodox Church will be valuable to anyone interested in learning more about the church its thought its life and its ideals The Orthodox Church Sergiï Bulgakov,1988 A classic introduction to the Orthodox Church written from within the context of the ecumenical community addressing key doctrinal issues and providing a basis for Western Christians to understand their brothers and sisters in the Eastern Church **The Orthodox Church** Timothy Ware,1993-04-29 Since its first publication thirty years ago Timothy Ware s book has become established throughout the English speaking world as the standard introduction to the Orthodox Church Orthodoxy continues to be a subject of

enormous interest among Western Christians and the author believes that an understanding of its standpoint is necessary before the Roman Catholic and Protestant churches can be reunited He explains the Orthodox views on such widely ranging matters as ecumenical councils sacraments free will purgatory the papacy and the relation between the different Orthodox churches
