The Sacrament of Love Paul Evdokimov, 1985 *Mystery and Sacrament of Love* Marc Cardinal Ouellet, 2015 An internationally respected Roman Catholic leader on the mystery sacrament of marriage Marriage and the family are at the forefront of the burning questions being debated by civil society and the church today Cultural changes in our increasingly secularized society have dire consequences in the family sphere requiring a Christian response that is faithful to the Church's tradition says Marc Cardinal Ouellet In *Mystery and Sacrament of Love* Ouellet clearly expounds a theology of marriage and the Catholic Church's understanding of the sacrament celebrated between spouses and God Developed with influences from Pope Francis the theological intuitions of Vatican II the contributions of Saint John Paul II the pope of the family and the innovative thought of Hans Urs von Balthasar Ouellet's study lays the foundations for a faithful resurgence of well being for families in our contemporary day and age

Quiet thoughts on the sacrament of love: an eirenicon Forbes Edward Winslow, 1876 **Quiet Thoughts on the Sacrament of Love** Forbes Edward Winslow, 1876 *Speaking the Love of God: An Introduction to the Sacraments* Jacob W. Wood, 2016-06-01 Our words indicate our thoughts but our thoughts don't make anything happen It's not the same with God In *Speaking the Love of God* An Introduction to the Sacraments Dr Jacob W Wood shows how Christ gives his Church the power to speak with God's voice in the seven sacraments In this foundational guide to the sacraments discover the power of the signs and words that transform us by grace and prepare us for glory **The Analogy of Love** Gary Chartier, 2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book

covers the traditional theological topics as well as basic questions of theological method. It seeks to integrate a focus on love throughout. While love is regularly canvassed as a dominant theme in Christian thought, it has rarely been the focus of Christian theological construction or a constraint on theological formulation. The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love. The book is written in a way designed to make it accessible to university students and educated laypersons. At the same time, it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians. Christ the Sacrament of the Encounter with God Edward Schillebeeckx, 1987-06. A reprinting of Schillebeeckx's classic work. A standard in understanding the relationship between Christ, Sacrament and the Church. A positive and constructive ecclesial theology.

T&T Clark Handbook of Sacraments and Sacramentality Martha Moore-Keish, James Farwell, 2022-12-29. Introducing readers to the contemporary field of sacramental theology, this volume covers the biblical and historical foundations, a survey of the state of the discipline, and a collection of constructive essays representing major themes, practices, and approaches to sacraments and sacramentality in the contemporary world. The volume starts with a set of foundational essays that offer a broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology. The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space, time, ritual, action, music, and word, all as aspects of what Christians have termed sacramental reality. The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions: baptism, eucharist, Lord's Supper, confirmation, confession, forgiveness, and reconciliation, marriage, ordination, and anointing. The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines: critical race theory, queer theory, comparative theology, and disability studies. *Introduction to Christian Worship Third Edition* James F. White, 2010-09-01.

Introduction to Christian Worship Third Edition traces the development of the major forms of Christian worship and includes discussion of the newest service books of the principal churches of North America and the British Isles. This staple of liturgical history is used widely in Protestant seminaries and is read by clergy and laity alike as an accurate, informative, and accessible introduction to all aspects of Christian worship. This revision keeps pace with the latest scholarship and includes more maps, tables, woodcuts, and photographs.

A Nonviolent Theology of Love Sharon L. Baker Putt, 2021-02-02. The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity. This book emerges out of a passion to think differently, albeit biblically, about the character of God and articulates a theological construction of a nonviolent God, an alternative to any image of God that seems to condone human violence. It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God

disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God s desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance
