Sacred Land, Sacred View Robert S. McPherson, 1992 Dramatic geographical formations tower over the Four Corners country in the southwestern United States The mountains cliffs and sandstone spires familiar landmarks for Anglo travelers orient Navajos both physically and spiritually In *Sacred Land Sacred View* Robert McPherson describes the mythological significance of these landmarks Navajos read their environment as a spiritual text the gods created the physical world to help teach and protect people through an integrated system of beliefs represented in nature The author observes that the Middle East is of no greater import to Christians than the Dine's holy land is to Navajos He continues Sacred mountains circumscribe the land containing the junction of the San Juan River and Mancos Creek where Born for Water invoked supernatural aid to overcome danger and death and where at the Bear's Ears formation good triumphed over evil The more one learns about the Dine the more one inevitably admires their way of perceiving and interpreting what lies just beyond the focus of human vision Their renowned respect for nature and way of living in harmony with the environment derive from their religious traditions Land and Temple Benjamin D.
