The Sacred Scriptures of the Japanese Post Wheeler,1986 **The Sacred Scriptures of the Japanese** Post Wheeler,1976 The Sacred Scriptures of the Japanese, by Post Wheeler,... Post Wheeler, **The Sacred Scriptures of the Japanese** Yasumaro Ō,1966 **Japanese Mythology** Jun'ichi Isomae,Mukund Subramanian,2016-04-08 Before the westernisation of Japan mythological events were treated as national history Two key documents have contributed to this history both written over 1300 years ago Kojiki the Tale of Old Age and Nihonshoki the Chronicle of Japanese History Both the Imperial Court and the general public searched for the origin of their identity in these documents which took on the central and sacred role of scripture Through the act of commentary and interpretation the sacred books connected interpreters to their historical origins authenticating where they came from the emergence of the Japanese archipelago and the uniqueness of the Japanese people Japanese Mythology explores the nation s attraction to this act of historical grounding and the varying identities that emerged during different historical periods The study reveals that rather than having any clear and unified substance Japanese mythology has always been the result of a nostalgic desire to retrieve historical origins

Essentials of Shinto Stuart Picken,1994-11-22 Shinto is finally receiving the attention it deserves as a fundamental component of Japanese culture Nevertheless it remains a remarkably complex and elusive phenomenon to which Western categories of religion do not readily apply A knowledge of Shinto can only proceed from a basic understanding of Japanese shrines and civilization for it is closely intermingled with the Japanese way of life and continues to be a vital natural religion This book is a convenient guide to Shinto thought As a reference work the volume does not offer a detailed critical study of all aspects of Shinto Instead it overviews the essential teachings of Shinto and provides the necessary cultural and historical context for understanding Shinto as a dynamic force in Japanese civilization The book begins with an historical overview of Shinto followed by a discussion of Japanese myths The volume then discusses the role of shrines which are central to Shinto rituals Other portions of the book discuss the various Shinto sects and the evolution of Shinto from the Heian period to the present Because Japanese terms are central to Shinto the work includes a glossary *Japanese History & Culture from Ancient to Modern Times* John W. The Japanese Translations of the Hebrew Bible Doron B. Cohen,2013-01-15 The Japanese Translations of the Hebrew Bible History Inventory and Analysis the first book of its kind in English recounts the story of the translation of the Bible into Japanese with particular focus on the Hebrew Bible Old Testament It includes a detailed inventory of both full and partial OT translations into Japanese describing the history of their making and the identity of the translators Numerous quotations from the various translations are compared with the Hebrew original and with other versions and analyzed linguistically and theologically The analysis exposes the ways in which translators sought to bridge the wide linguistic and cultural gaps between the Hebrew Bible and Japan and the ways in which their translations reflect certain aspects of Japanese society and the place of the Bible in it *The Sacred Scriptures of the*
