Sacred Space An Aesthetic For The Liturgical Environment:

Sacred Space Dennis McNally, 1985 *Sacred Spaces: An Aesthetic for the Liturgical Environment* Dennis McNally S. J., 2019-03-26 An aesthetic is a way of perceiving reality with a certain preference for order A church is a particular product of a way of preferential perception of reality The two ways may have nothing in common In fact the church might be built according to a preferential perception considered by very few to be aesthetic What is a church How does church architecture incorporate an aesthetic which makes a church both a work of architecture and therefore a work of art and an authentic product of a Church's way of perceiving reality How indeed can the cardinals and ordinals of religion and architecture intersect These are the essential questions which underlie the search for an aesthetic for sacred space This piece of research is an attempt to clarify the questions for a particular community the twentieth century Roman Catholic Church but the questions have vast implications for all religious communities which must seek the cooperation of the sometimes overlapping artistic community

Sacred Space Dennis Edward McNally, 1981 *An Architecture of Immanence* Mark A. Torgerson, 2007-01-22 Torgerson begins by discussing God's transcendence and immanence and showing how church architecture has traditionally interpreted these key concepts He then traces the theological roots of immanence's priority from liberal theology and liturgical innovation to modern architecture Next Torgerson illustrates this new architecture of immanence through particular practitioners focusing especially on the work of theologically savvy architect Edward Anders Svik Finally he addresses the future of church architecture as congregations are buffeted by the twin forces of liturgical change and postmodernism

Landscapes of the Sacred Belden C. Lane, 2002 This substantially expanded edition of Belden C. Lane's *Landscapes of the Sacred* includes a new introductory chapter that offers three new interpretive models for understanding American sacred space Lane maintains his approach of interspersing shorter and more personal pieces among full length essays that explore how Native American early French and Spanish Puritan New England and Catholic Worker traditions have each expressed the connection between spirituality and place A new section at the end of the book includes three chapters that address methodological issues in the study of spirituality the symbol making process of religious experience and the tension between place and placelessness in Christian spirituality

Body and Sacred Place in Medieval Europe, 1100-1389 Dawn Marie Hayes, 2004-11-23 *Body and Sacred Place in Medieval Europe* investigates the medieval understanding of sacred place arguing for the centrality of bodies and bodily metaphors to the establishment function use and power of medieval churches Questioning the traditional division of sacred and profane jurisdictions this book identifies the need to consider non devotional uses of churches in the Middle Ages Dawn Marie Hayes examines idealized visions of medieval sacred places in contrast with the mundane and profane uses of these buildings She argues that by the later Middle Ages as loyalties were torn by emerging political economic and social groups the Church suffered a loss of security that was reflected in the uses of sacred spaces which became more restricted as identities shifted and Europeans

ordered the ambiguity of the medieval world **Beyond the Prosaic** Stratford Caldecott,1998-01-01 The 1996 conference of the Centre for Faith Culture in Oxford and the associated Oxford Declaration on Liturgy included in this volume gave a voice to calls for the reform of the reform This book forms a point of reference and a resource for those who are concerned about the need to recover a sense of the sacred in Catholic Liturgy Vatican Council II Elizabeth Harrington,David Orr,Carmel Pilcher,2013-08-31 Sacrosanctum Concilium opened the door to all Christians to understand the contemporary challenge to their life and health and it started with the reform of the liturgy In the words of Paul VI the liturgy is the first source of life communicated to us the first school of our spiritual life the first gift we can give to Christian people by our believing and praying and the first invitation to the world That is surely true for all of us *Theology in Stone* Richard Kieckhefer,2008-07-24 Thinking about church architecture has come to an impasse Reformers and traditionalists are talking past each other Statements from both sides are often strident and dogmatic In *Theology in Stone* Richard Kieckhefer seeks to help both sides move beyond the standoff toward a fruitful conversation about houses of worship Drawing on a wide range of historical examples with an eye to their contemporary relevance he offers new ideas about the meanings and uses of church architecture **The Spaces of Organisation and the Organisation of Space** Karen Dale,Gibson Burrell,2007-11-06 This book examines the role and utilization of workplace space how it is organized how it can reflect organisational values how it can affect employee identities and the many ways in which the physical environment can influence and affect organisational goals especially in areas such as commitment creativity and innovation
