Sacred Symbols Of Mu:

The Sacred Symbols of Mu James Churchward, 2007-10-01 Occultist James Churchward was obsessed with the lost continent of Mu home to the original human civilization after learning of this mysterious and forgotten paradise from an Indian priest who shared several ancient tablets written by the Naacals the inhabitants of Mu Or so Churchward claimed Here in this work first published in 1933 Churchward discusses his contention that all religions from across Earth share a common origin in Mu In particular he explores how symbols of Mu gleaned supposedly from the ancient tablets bear startling resemblances to everything from the Egyptian ankh and Chinese pictograms to Native American calendar glyphs The reality of Mu aside students of comparative mythology and fans of esoterica will find this a fascinating book British inventor engineer and author COLONEL JAMES CHURCHWARD 1851 1936 the elder brother of mystic author Albert Churchward also wrote *The Lost Continent of Mu* *Motherland of Man* 1926 *The Children of Mu* 1931 *The Lost Continent of Mu* 1931 *Cosmic Forces of Mu* 1934 and *Second Book of Cosmic Forces of Mu* 1935 **The Sacred Symbols of Mu** James Churhward, 2001 [Sacred Symbols of Mu](#) James Churchward, 2017 *The Sacred Symbols of Mu, Etc. [With Plates and Illustrations.]*. James Churchward, 1965 *The Sacred Symbols of Mu* James Churchward, 2011-05-26 Mu as a lost Pacific Ocean continent was later popularized by James Churchward 1851 1936 in a series of books beginning with *Lost Continent of Mu* the *Motherland of Man* 1926 re edited later as *The Lost Continent Mu* 1931 Other popular books in the series are *The Children of Mu* 1931 and *The Sacred Symbols of Mu* 1933 Churchward claimed that more than fifty years ago while he was a soldier in India he befriended a high ranking temple priest who showed him a set of ancient sunburnt clay tablets supposedly in a long lost Naga Maya language which only two other people in India could read Having mastered the language himself Churchward found out that they originated from the place where man first appeared Mu The 1931 edition states that all matter of science in this work are based on translations of two sets of ancient tablets the clay tables he read in India and a collection 2 500 stone tablets that had been uncovered by William Niven in Mexico p 7 Churchward gave a vivid description of Mu as the home of an advanced civilization the Naacal which flourished between 50 000 and 12 000 years ago was dominated by a white race p 48 and was superior in many respects to our own p 17 At the time of its demise about 12 000 years ago Mu had 64 000 000 inhabitants and many large cities and colonies in the other continents Churchward claimed that the landmass of Mu was located in the Pacific Ocean and stretched east west from the Marianas to Easter Island and north south from Hawaii to Mangaia He claimed that according to the creation myth he read in the Indian tablets Mu had been lifted above sea level by the expansion of underground volcanic gases Eventually Mu was completely obliterated in almost a single night p 44 after a series of earthquakes and volcanic eruptions the broken land fell into that great abyss of fire and was covered by fifty millions of square miles of water p 50 Churchward claimed that Mu was the common origin of the great civilizations of Egypt Greece Central America India Burma and others including Easter Island and was in particular

the source of ancient megalithic architecture As evidence for his claims he pointed to symbols from throughout the world in which he saw common themes of birds the relation of the Earth and the sky and especially the Sun Churchward claims the king of Mu was Ra and he relates this to the Egyptian god of the sun Ra and the Rapanui word for Sun ra a which he incorrectly spells raa 8 p 48 He claimed to have found symbols of the Sun in Egypt Babylonia Peru and all ancient lands and countries it was a universal symbol 8 p 138 Churchward attributed all megalithic art in Polynesia to the people of Mu He claimed that symbols of the sun are found depicted on stones of Polynesian ruins such as the stone hats pukao on top of the giant moai statues of Easter Island Citing W J Johnson Churchward describes the cylindrical hats as spheres that seem to show red in the distance and asserts that they represent the Sun as Ra p 138 He also incorrectly claimed that some of them are made of red sandstone 8 p 89 which does not occur in the island The platforms on which the statues rest ahu are described by Churchward as being platform like accumulations of cut and dressed stone which were supposedly left in their current positions awaiting shipment to some other part of the continent for the building of temples and palaces p 89 He also cites the pillars erected by the Maori of New Zealand as an example of this lost civilization s handiwork p 158 In Churchward s view the present day Polynesians are not descendants of the dominant members of the lost civilization of Mu responsible for these great works but survivors of the cataclysm that adopted the first cannibalism and savagery in the world **The**
