Sacrifice and Redemption S. W. Sykes, 1991-06-28 This collection of essays seeks to answer the following question When Christians speak of the death of Christ as a sacrifice what have they meant and does it make sense today **The Background and Content of Paul's Cultic Atonement Metaphors** Stephen Finlan, 2004 *The Environment and Christian Ethics* Michael S. Northcott, 1996-09-28 This book is about the extent origins and causes of the environmental crisis Dr Northcott argues that Christianity has lost the biblical awareness of the interconnectedness of all life He shows how Christian theologians and believers might recover a more ecologically friendly belief system and life style The author provides an important corrective to secular approaches to environmental ethics including utilitarian individualism animal rights theories and deep ecology **Problems with Atonement** Stephen Finlan, 2005 Examines the origins and outcomes of the Christian doctrine of atonement its biblical foundations development and theological questions surrounding it including questions about its relationship to the Incarnation Provided by publisher **Priesthood and Temple in John's Apocalypse** Timothy B. Tse, 2024-12-12 Timothy B Tse argues that while John uses language drawn from the Hebrew Bible s descriptions of YHWH s dwelling place scholarship has overlooked the importance of his spatial transformation of that language Tse thus uses theories relating to Relevance Resistance Theory Critical Space Theory and Conceptual Metaphor to demonstrate that a significant part of John s apocalyptic strategy of resistance is to re present his vision to his audience spatially so that they can experience a divinely ordained alternative to the world in which they live Tse first demonstrates John s attempts to relegate his audience s experience of space to his own revelation John s description of the visionary world creates the metaphors the earth is a Sanctuary and the Saints are its priests Tse argues that under this view life on earth must be evaluated according to the concerns of the Sanctuary which by definition requires the removal of everything impure and the Saints namely all Christians in both the historic and visionary worlds must take priestly responsibility for the earth John therefore portrays the Saints joining in the removal of all impurity upon the earth by fighting as priests in God and the Lamb s war against Satan Babylon and all her impurities Tse concludes that overall John means to realign the church s experience of space so that they understand themselves as priests of the Sanctuary and live according to that reality **Warfare and Belligerence** Pierre Purseigle, 2005-06-01 The essays collected here suggest some of the ways in which an interdisciplinary perspective may contribute to our understanding of the Great War Contributors examine the relationship between the character of the war and the nature of belligerent societies and present original research on the comparative history of the First World War In 1914 1918 the front lines did not only separate warring nations but also cut across belligerent societies and ultimately determined the social responses to the conflict Indeed the totalizing logic of the First World War entailed the blurring of boundaries between combatants and non combatants soldier and civilian Subjects included are operational and tactical evolution social mobilization military discipline and morale prisoners of war veterans and demobilization religion and politics

Theological Hermeneutics and 1 Thessalonians Angus Paddison, 2005-05-05 This book proposes a theological reading of 1 Thessalonians making an important response to the increasing demand to relate biblical scholarship more closely to theological concerns Paddison's interpretation adheres very closely to the text and is divided into three parts Part I offers a theological critique of dominant historical critical readings of 1 Thessalonians Part II examines the history of interpretation of 1 Thessalonians focusing on the pre Modern exegesis of Thomas Aquinas and John Calvin Paddison explores what theological exegetes can learn from Thomas Aquinas Lectura and John Calvin's commentary on 1 Thessalonians Aided by the insights of these neglected pre Modern commentators Part III presents a theologically driven interpretation of the letter Theological exegesis is practised as a dialogue with Paul the canon and a plethora of theological voices to elucidate Paddison's central argument that the astonishing subject matter of 1 Thessalonians is God's all powerful hold over death

The Psychotheology of Sin and Salvation Paul V. Axton, 2015-10-22 Through the employment of the work of Slavoj Žižek and his engagement with the Apostle Paul Axton argues that Paul in Romans 6:8 understands sin as a lie grounding the subject outside of Christ and salvation is an exposure and displacement of this lie The theological significance of Žižek along with Sigmund Freud and Jacques Lacan is his demonstration of the pervasive and systemic nature of this lie and its description as he finds it in Romans 7 The specific overlap of the two disciplines of psychology and theology is found in the psychoanalytic understanding that the human Subject or the psyche is structured in three registers the symbolic the imaginary and the real These three registers function like a lie analogous to the Pauline categories of law ego and the body of death which constitute Paul's dynamic of sin's deception Axton argues that if sin is understood as a lie grounding the Subject the exposure of the lie or the dispelling of any notion of mystery connected to sin is integral to salvation and the reconstructing of the Subject in Christ While the lie of sin is mediated by the law new life in the Spirit is not through the law but is a principle unto itself which though it accounts for the law is beyond the law

The Letter to the Hebrews: Critical Readings Scott D. Mackie, 2018-04-05 The Letter to the Hebrews is a key text in the New Testament canon It has recently received a great deal of attention prompting a resurgence of scholarly works and a need to re engage with some of the foundational works of scholarship on the text The history of research on Hebrews is presented in this volume of critical readings edited by Scott D Mackie The volume is organized thematically addressing the following sub areas theology Christology and pneumatology eschatology authorship and audience

structure and Greco Roman influences the relationship with contemporaneous Judaism and soteriology Each section is prefaced by an introduction and summary of the particular theme in Hebrews At the end of each section is an annotated bibliography to point researchers towards further readings in and engagements with these key themes *Hermenegildo and the Jesuits* Stefano Muneroni, 2017-06-27 This book explores the cultural conditions that led to the emergence and proliferation of Saint Hermenegildo as a stage character in the sixteenth and seventeenth centuries It considers how this saint became a theatrical trope enabling the Society of Jesus to address religious and secular concerns of the post Tridentine Church and to discuss political issues such as the supremacy of the pope over the monarch and the legitimacy of regicide The book goes on to explain how the Hermenegildo narrative developed outside of Jesuit colleges through works by professional dramatist Lope de Vega and Mexican nun Juana In s de la Cruz Stefano Muneroni takes a global approach to the staging of Hermenegildo tracing the character s journey from Europe to the Americas from male to female authors and from a sacrificial to a sacramental paradigm where the emphasis shifts from bloodletting to spiritual salvation Given its interdisciplinary approach this book is geared toward scholars and students of theatre history religion and drama early modern theology cultural studies romance languages and literature and the history of the Society of Jesus **The Specter of the Jews** Ari Finkelstein, 2018-11-06 In the generation after Constantine the Great elevated Christianity to a dominant position in the Roman Empire his nephew the Emperor Julian sought to reinstate the old gods to their former place of prominence in the face of intense opposition from the newly powerful Christian church In early 363 c e while living in Syrian Antioch Julian redoubled his efforts to hellenize the Roman Empire by turning to an unlikely source the Jews With a war against Persia on the horizon Julian thought it crucial that all Romans propitiate the true gods and gain their favor through proper practice To convince his people he drew on Jews whom he characterized as Judeans using their scriptures institutions practices and heroes sometimes as sources for his program and often as models to emulate In *The Specter of the Jews* Ari Finkelstein examines Julian s writings and views on Jews as Judeans a venerable group whose religious practices and values would help delegitimize Christianity and surprisingly shape a new imperial Hellenic pagan identity **T. F. Torrance's Christological Anthropology** Christopher G. Woznicki, 2022-06-01 This book demonstrates the promise of Christology for developing Scottish theologian T F Torrance s theological anthropology T F Torrance s *Christological Anthropology* *Discerning Humanity in Christ* engages with several key themes in Torrance s theological anthropology and considers how each one of these topics anthropological method the metaphysics of human nature the imago Dei personhood vocation human destiny can be further developed in light of Christ Christopher Woznicki argues that Christology not only holds promise for the task of developing Torrance s insights on humanity but also for developing a constructive account of humanity The volume is valuable reading for scholars of T F Torrance s theology and for those who are interested in the role of Christology in theological anthropology Sharing in the Inheritance Allan R. Bevere, 2003-03-01 The argument of this book is two fold

the target of the argument of Colossians is a Judaism dismissive of the Gentile Colossian Christians and the recognition of that fact casts new light on the moral material of the letter and its integration into the argument of the epistle as a whole. Several arguments are made in support of these claims. Significant parallels between Colossians and Galatians suggest similar concerns in both letters relating to Israel's identity as the people of God and how that relates to the Gentile believers are to live. The writers of Colossians while sharing a similar Jewish perspective with the Colossian philosophers on the relationship between identity and way of life admonish the Gentile Christians to live in a way consistent with who they are. Nevertheless Paul and Timothy differ with the philosophers as to what constitutes the identity of the Colossian Gentiles as the people of God. In addition to the parallels drawn further themes are present in Colossians which strongly suggest the Jewish character of the philosophy: wisdom, election and death of Christ as the final return from exile. The apocalyptic background of 3:16, the Jewish moral concerns of the ethical lists 3:5-17 and the christological orientation of the *Haustafel* bolster the claim that the target of Colossians is Jewish in character and the moral material is integral to the argument.

Rethinking the Atonement David M. Moffitt, 2022-11-15. Traditional views of the atonement tend to be reductive, focusing solely on Jesus's death on the cross. In his 2011 groundbreaking book *Atonement and the Logic of Resurrection in the Epistle to the Hebrews*, David Moffitt challenged that paradigm, showing how the atonement is a fuller process. It involves not only Jesus's death but also his resurrection, ascension, offering and exaltation. In the succeeding years, Moffitt has continued to expand and clarify his thinking on this issue. This book offers a more fulsome articulation of his work on the atonement that reflects his recent thinking on the topic. Moffitt continues to challenge reductive views of the atonement primarily from the book of Hebrews but he engages other New Testament passages as well. He offers fresh insights on sacrifice and atonement, the importance of resurrection and ascension, Jesus's role as priest and a new perspective on Hebrews. This important book brings Moffitt's award-winning and influential scholarship to a broader audience. The book includes a foreword by N. T. Wright.

Receptive Ecumenism As Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022. Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others. The chapters in this volume by academics, church leaders and ecumenical practitioners show how Receptive Ecumenism has grown and matured over the past two decades. John Owen and Hebrews John W. Tweeddale, 2019-01-24. John W. Tweeddale reappraises John Owen's work as a biblical exegete, offering the first analysis of his essays or exertions on Hebrews. Owen is frequently acknowledged as a leading figure of the puritan and nonconformist movements of the seventeenth century. However, while his reputation as a statesman, educator, pastor, polemicist and theologian is widely recognized, he is not remembered as an exegete of Scripture. Yet throughout his life, Owen engaged in the task of biblical interpretation. His massive commentary on Hebrews, in particular, represents the apex of his career and exemplifies many of the exegetical methods of Protestants in early modern England. Although often overlooked, Owen's

writings on Hebrews are an important resource for understanding his life and thought Beginning with an evaluation of the state of research on Owen s commentary as well as suggesting reasons for its neglect in current scholarship Tweeddale then places Owen s work on Hebrews within the context of his life What follows is a consideration of the function of federal theology in Owen s essays and how his hermeneutic fits within the broader scope of reformed discussions on the doctrine of covenant Tweeddale further examines Owen s attempts to resolve the challenge posed by a Christological reading of the Old Testament to a literal interpretation of Scripture He then explores how Owen s essays represent a refining of the exegetical tradition of the Abrahamic passages in Hebrews and how his exegesis distinguishes himself from the majority of reformed opinion on the Mosaic covenant By focusing on the relationship of Christology covenant theology and hermeneutics in his commentary this book argues that neither Owen s biography nor theology can be fully understood apart from his work on Hebrews and efforts in biblical interpretation

Does God Suffer? Thomas Weinandy O.F.M.,2000-02-15 The immense suffering caused by sin and evil within the modern world especially in the light of the Holocaust has had a profound impact on the contemporary understanding of God and his relationship to human suffering Since the early part of this century there has been a growing consensus among theologians that God himself within his divine nature suffers in solidarity and love with those who suffer This present theological position contradicts the traditional Christian understanding of almost two thousand years that God is impassible and so does not experience negative emotional states such as suffering Thomas Weinandy O F M resolutely challenges this contemporary view of God and suffering Calling upon scripture and the philosophical and theological tradition of the Fathers and Aquinas Weinandy creatively and systematically addresses all of the contemporary concerns He strongly advocates the incarnational truth that the Son of God actually does experience as man all that pertains to living an authentic human life and so does indeed suffer This book is both a challenge to much received contemporary philosophical and theological wisdom and a scholarly original and refreshing account of the Christian Gospel It is one of the most comprehensive Christian presentations of God and human suffering available today

Global Justice, Christology and Christian Ethics Lisa Sowle Cahill,2013-01-17 Global realities of human inequality poverty violence and ecological destruction call for a twenty first century Christian response which links cross cultural and interreligious cooperation for change to the Gospel This book demonstrates why just action is necessarily a criterion of authentic Christian theology and gives grounds for Christian hope that change in violent structures is really possible Lisa Sowle Cahill argues that theology and biblical interpretation are already embedded in and indebted to ethical political practices and choices Within this ecumenical study she explores the use of the historical Jesus in constructive theology the merits of Word and Spirit Christologies the importance of liberation and feminist theologies as well as theologies from the global south and also the possibility of qualified moral universalism The book will be of great interest to all students of theology religious ethics and politics and biblical studies

Polemic in the Book of Hebrews Lloyd Kim,2006-11-01 The author of Hebrews is arguing

that God himself has brought about the fulfillment of these institutions through his Son's priesthood his once for all sacrifice and the new covenant he inaugurated in the last days These new institutions are never denied the Jews In fact the context of the epistle presumes that these are primarily for the Jews considering that the author was speaking to a Jewish Christian community The author is not arguing for the abandonment by God of the Jewish people but rather for the abandonment of the shadowy means by which God's people drew near to him It is here we can speak of a qualified supersessionism According to the author of Hebrews the Levitical priesthood the Mosaic covenant and the Levitical sacrifices have been superseded by Jesus' priesthood the new covenant and Jesus' once for all sacrifice However we conclude that the polemical passages in Hebrews do not promote hatred of the Jews nor do they advocate the destruction of the Jewish people Rather the author of Hebrews stresses the fulfillment of specific Jewish institutions for the benefit of the Jews It is this idea of fulfillment that rules out the charge that the epistle promotes the supersession of the Jewish people Because of God's great love for his people he has provided a superior way by which his people can draw near to him from the Conclusion
