Sad Strains Of A Gay Waltz A Novel:

Fremdes Gefühl Irene Dische,1994 With the onset of a debilitating illness Benedikt an ascetic mathematician longs for a child so advertises to adopt a boy A couple of impoverished Russian refugees mother and son respond With this unlikely pair Benedikt undergoes a hilarious agonizing sentimental education set against the chaotic backdrop of reunified Germany

Wallace Stevens Lucy Beckett,1974-04-11 This detailed critical study of Wallace Stevens identifies the major concerns of his poetry Lucy Beckett presents Stevens as a contemplative poet engaged on a long enquiry into the nature of the relationship between the creative imagination and the world it illuminates and recreates Dancing in the Dark: A Cultural

History of the Great Depression Morris Dickstein,2010-09-06 From Agee to Astaire Steinbeck to Ellington the creative energies of the Depression against a backdrop of poverty and economic disaster In this timely and long awaited cultural history of the 1930s Morris Dickstein whom Norman Mailer called one of our best and most distinguished critics of American literature explores the anxiety and hope the despair and surprising optimism of distressed Americans at a time of dire economic dislocation Bringing together a staggering range of materials from epic Dust Bowl migrations and sharecropper photographs to zany screwball comedies wildly popular swing bands and streamlined Deco designs this eloquent work highlights the pivotal role of culture and government intervention in hard times Exploding the myth that Depression culture was merely escapist it concentrates instead on the dynamic energy and insight the arts could provide and the enormous lift they gave to the nation s morale Dancing in the Dark shows how our worst economic crisis as it eroded American individualism and punctured the American dream produced some of the greatest writing photography and mass entertainment ever seen in this country *Wallace Stevens and Pre-Socratic Philosophy* Daniel Tompsett,2012-09-10 This

book studies Wallace Stevens and pre Socratic philosophy showing how concepts that animate Stevens poetry parallel concepts and techniques found in the poetic works of Parmenides Empedocles and Xenophanes and in the fragments of Heraclitus Tompsett traces the transition of pre Socratic ideas into poetry and philosophy of the post Kantian period assessing the impact that the mythologies associated with pre Socratism have had on structures of metaphysical thought that are still found in poetry and philosophy today This transition is treated as becoming increasingly important as poetic and philosophic forms have progressively taken on the existential burden of our post theological age Tompsett argues that Stevens poetry attempts to play its audience into an ontological ground in an effort to show that his reduction of metaphysics is not dry philosophical imposition but is enacted by our encounter with the poems themselves Through an analysis of the language and form of Stevens poems Tompsett uncovers the mythology his poetry shares with certain pre Socratics and with Greek tragedy This shows how such mythic rhythms are apparent within the work of Friedrich Nietzsche Martin Heidegger and Hans Georg Gadamer and how these rhythms release a poetic understanding of the violence of a reduction of metaphysics

Wallace Stevens James Longenbach,1991 **Writing against Boundaries** ,2021-10-18 Writing against

Boundaries Nationality Ethnicity and Gender in the German speaking Context presents a series of essays by prominent scholars who critically explore the intersection of nation and subjectivity the production of national identities and the tense negotiation of multiculturalism in German speaking countries By looking at a wide spectrum of texts that range from Richard Wagner s operas to Hans Bellmer s art and to literature by Aras ren Irene Dische Annette Kolb Elizabeth Langg sser Karin Reschke Christa Wolf to contemporary German theater by Bettina Fless Elfriede Jelinek Anna Langhoff Emine Sevgi zdamar and to Monika Treut s films the volume explores the intersection of gender ethnicity and nation and examines concepts of national culture and the foreigner or so called other Focusing on such issues as immigration xenophobia gender and sexuality the volume looks at narratives that sustain the myth of a homogeneous nation and those that disrupt it It responds to a growing concern with borders and identity in a time in which borders are tightening as the demands of globalization increase

Tales of Berlin in American Literature up to the 21st Century Joshua Parker, 2016-03-17 Of all European cities Americans today are perhaps most curious about Berlin whose position in the American imagination is an essential component of nineteenth century postwar and contemporary transatlantic imagology Over various periods Berlin has been a tenuous space for American claims to cultural heritage and to real geographic space in Europe symbolizing the ultimate evil and the power of redemption This volume offers a comprehensive examination of the city s image in American literature from 1840 to the present Tracing both a history of Berlin and of American culture through the ways the city has been narrated across three centuries by some 100 authors through 145 novels short stories plays and poems *Tales of Berlin* presents a composite landscape not only of the German capital but of shifting subtexts in American society which have contextualized its meaning for Americans in the past and continue to do so today *Jurek Becker* Sander L. Gilman, 2003-12-15 In the first biography of this figure Sander Gilman tells the story of Becker s life in five worlds the Polish Jewish middle class neighborhood where Becker was born the Warsaw ghetto and the concentration camps where Becker spent his childhood the socialist order of the GDR which Becker idealized resisted and finally was forced to leave the isolated world of West Berlin where he settled down to continue his writing and the new reunified Germany for which Becker served as both conscience and inspiration

Desperate Storytelling Roger B. Salomon, 2008-07-01 *Desperate Storytelling* demonstrates how writers from Byron to Saul Bellow have embraced Cervantes s vision of the artist as creative exile born to tell tales of valor and nobility yet doomed to recognize the world s banal reality Forced to portray adventure in a reductive voice these writers have immersed heroism in madness and narrative in mockery Their fictions reflect an awareness of life s absurdities yet a refusal to forsake the ideal Reassessing the post Romantic literary consciousness Roger B Salomon explores the many permutations of the mock heroic mode the complex aesthetic instrument brought into being by Cervantes one by which a writer takes on a dual role as both nostalgic creator and ironic critic The mock hero is almost by definition an outdated one aligning his deepest emotional attachments to dead mythologies and forgotten codes of ethics he is an alienated figure in a landscape hostile to the

possibility of any kind of attainment Just as Don Quixote's noble madness in an ignoble age invites both sympathy and derision so later incarnations of the mock hero immerse the reader in a dialogue between the real and a faded ideal between the sensible and the admirable Describing a literary mode that joins heroic endeavor with its deflating results Desperate Storytelling traces the adventures of literature's misplaced heroes from Nabokov's Berlin to Saul Bellow's Chicago from James Joyce's Dublin to Mark Twain's Mississippi Wallace Stevens Charles Doyle, 2013-11-05 This set comprises of 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995
