Lord Jim After The Truth

Leonard Orr, Theodore Billy

Lord Jim After The Truth:

Lord Jim Ross C. Murfin, 1992 A tale of dramatic experiences in far away places and of the ongoing fight between the primitive and the civilized Lord Jim 1900 is one of Joseph Conrad's most highly regarded works His forceful style and perceptive treatment of very modern problems have earned him the respect and admiration of both the general reader and writers such as William Faulkner and Graham Greene Lord Jim After the Truth is only the second critical study devoted entirely to Conrad's most far flung and disparate novel It deftly combines a fascinating introduction to biographical and historical background a fast paced survey of major critical response chapters on the novel's significances and a clearly organized and carefully developed reading of Lord Jim Murfin argues that because Conrad's novel creates conditions that militate against one central viewpoint it cannot be declared optimistic or nihilistic any more than Jim can be called a hero or a failure Lord Jim After the Truth holds our constant interest in these issues by aiming a multifaceted interpretation towards reader response A strong chronology and annotated bibliography make it an essential reference tool for all fans of Lord Jim

The Cambridge Companion to Joseph Conrad J. H. Stape, 1996-06-27 The Cambridge Companion to Joseph Conrad offers a wide ranging introduction to the fiction of Joseph Conrad one of the most influential novelists of the twentieth century Through a series of essays by leading Conrad scholars aimed at both students and the general reader the volume stimulates an informed appreciation of Conrad's work based on an understanding of his cultural and historical situations and fictional techniques A chronology and overview of Conrad's life precede chapters that explore significant issues in his major writings and deal in depth with individual works These are followed by discussions of the special nature of Conrad's narrative techniques his complex relationships with late Victorian imperialism and with literary Modernism and his influence on other writers and artists Each essay provides guidance to further reading and a concluding chapter surveys the body of Conrad criticism

Conrad's Fiction as Critical Discourse Richard Ambrosini, 1991-07-26 Joseph Conrad's comments about his works have commonly been dismissed as theoretically unsophisticated while the critical notions of James Woolf and Joyce have come to shape our understanding of the modern novel Richard Ambrosini's study of Conrad's Fiction as Critical Discourse makes an original claim for the importance of his theoretical ideas as they are formed tested and eventually redefined in Heart of Darkness and Lord Jim Setting the narrator's discourse in these tales in the context of the dynamic interplay of Conrad's fictional with his non fictional writings and of the transformations in his narrative forms Ambrosini defines Conrad's view of fiction and the artistic ideal underlying his commitment as a writer in a new and challenging way Conrad's innovatory techniques as a novelist are shown in the continuity of his theoretical enterprise from the early search for an artistic prose and a personal novel form to the later dislocations of perspective achieved by manipulation of conventions drawn from popular fiction This reassessment of Conrad's critical thought offers a new perspective on the transition from the Victorian novel to contemporary fiction

Travel, Modernism and Modernity Robert Burden, 2016-03-09

Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire

The Challenge of Bewilderment Paul B. Armstrong, 2018-03-15 The Challenge of Bewilderment treats the epistemology of representation in major works by Henry James Joseph Conrad and Ford Madox Ford attempting to explain how the novel turned away from its traditional concern with realistic representation and toward self consciousness about the relation between knowing and narration Paul B Armstrong here addresses the pivotal thematic experience of bewilderment an experience that challenges the reader s very sense of reality and that shows it to have no more certainty or stability than an interpretative construct Through readings of The Sacred Fount and The Ambassadors by James Lord Jim and Nostromo by Conrad and The Good Soldier and Parade s End by Ford Armstrong examines how each writer dramatizes his understanding of the act of knowing Armstrong demonstrates how the novelists attitudes toward the process of knowing inform experiments with representation through which they thematize the relation between the understanding of a fictional world and everyday habits of perception Finally he considers how these experiments with the strategies of narration produce a heightened awareness of the process of interpretation

Intimations of Joseph Conrad G.W. Stephen Brodsky, 2024-09-27 Master mariner and

pioneer author of Modernist technique Joseph Conrad 1857-1924 achieved such eminence in his lifetime that his presence explicit or implicit could be found in the lives and works of several contemporaries of consequence. Through the century since his death he has lived on as a presence in the works of later authors to the present day. A collection spanning fifteen years of the present author's sightings of Conrad's presences are not only literary but also memorial: Monuments, sculpture, ships, plaques, the performing arts, cabinetry, and even a pub find a place. Each sighting is described in its context, a couple of certain or likely sightings by Conrad such as Molière and Matthew Arnold, and the rest sightings or ambient intimations of Conrad's presence: fiction and social commentary in novels and film by significant authors who carry on his legacy from contemporaries such as H.G. Wells, Ford Madox Ford, and F. Scott Fitzgerald to moderns George Orwell, Albert Camus, John Le Carré, Ian MacEwan, and John Banfield among others. Presented in a clear yet poetic prose style, this record of Conrad's influence on these contemporary and later writers brings a significant dimension to their interpretation; conversely, Conrad's place may be perceived more precisely in the historically broadening canon from Modernist to Postmodern. Together with its illustrations, *Intimations of Joseph Conrad* is a novel and unique concept as entertaining as it is informative.

Ford Madox Ford's *The Good Soldier*, 2017-11-13. Modernist agenda's and Impressionist techniques, genre innovations, and philosophical questions: The dialogue between established and young Ford scholars produces a challenging kaleidoscope of insights into the work of this controversial English writer and his perennial novel. Contributors are Asunció López Varela, Azcarate Marc Ouellette, Lucie Boukalova, Allan Pero, Dean Bowers, Aimee L. Pozorski, Chris Forster, J. Fitzpatrick Smith, Edward Lobb, Timothy Sutton, Gabrielle Moyer, Joseph Wiesenfarth.

Heidegger on Literature, Poetry, and Education after the "Turn", James M. Magrini, Elias Schwieler, 2017-08-07. Offering new and original readings of literature, poetry, and education as interpreted through the conceptual lens of Heidegger's later philosophy of the Turn, this book helps readers understand Heidegger's later thought and presents new takes on how to engage the themes that emerged from his later writing. Suggesting novel ways to consider Heidegger's ideas on literature, poetry, and education, Magrini and Schwieler provide a deep understanding of the Turn, a topic not often explored in contemporary Heideggerian scholarship. Their inter- and extra-disciplinary, postmodern approaches offer a nuanced examination taking into account Heidegger's controversial place in history and filling a gap in educational research.

The Living Age, 1924

Joseph Conrad and the Fictions of Skepticism Mark Wollaeger, 1990-11-01 You want more scepticism at the very foundation of your work Scepticism the tonic of minds the tonic of life the agent of truth the way of art and salvation Joseph Conrad wrote these words to John Galsworthy in 1901 and this study argues that Conrad's skepticism forms the basis of his most important works participating in a tradition of philosophical skepticism that extends from Descartes to the present Conrad's epistemological and moral skepticism expressed forestalled mitigated and suppressed provides the terms for the author's rethinking of the peculiar relation between philosophy and literary form in Conrad's writing and more broadly for reconsidering what it means to call any novel philosophical Among the issues freshly argued are Conrad's thematics of coercion isolation and betrayal the complicated relations among author narrator and character and the logic of Conradian romance comedy and tragedy The author also offers a new way of conceptualizing the shape of Conrad's career especially the decline evidenced in the later fiction The uniqueness of Conrad's multifarious literary and cultural inheritance makes it difficult to locate him securely in the dominant tradition of the British novel A philosophical approach to Conrad however reveals links to other novelists notably Hardy Forster and Woolf all of whom share in the increasing philosophical burden of the modern novel by enacting the very philosophical issues that are discussed within their pages Conrad's interest as a skeptic is heightened by the degree to which he resists the insights proffered by his own skepticism The first chapter introduces the idea of the Conradian shelter and the next two use Schopenhauer to show how the language of metaphysical speculation in Tales of Unrest and Heart of Darkness spills over into a religious impulse that resists the disintegrating effect of Conrad's skepticism The author then turns to Hume to model the authorial skepticism that

in Lord Jim contests the continuing visionary strain of the earlier fiction and Descartes to analyze the ways in which Romantic vision is more stringently chastened by irony in *Nostromo* and *The Secret Agent*. The concluding chapter touches on several late novels before examining how competing models of political agency in Conrad's last great fiction of skepticism *Under Western Eyes* situate it somewhere between ideology critique and a mystified account of the exigencies of individual consciousness.

Narrative Being Vs. Narrating Being Armela Panajoti, 2015-11-25 This edited volume focuses on Anglo American modernist fiction offering challenging perspectives that consider modernism in the instances in which it transcends itself moving broadly speaking towards postmodernist self irony. As such the contributions here discuss issues such as being in creation narrativizing being and creation the relation between being and narrative the situation of being in narrative time and space the relation between authority and narrative possible authority over narrative and the authority of narrative interaction between narrative and the other the authority of the other over and within the narrative and the interreferentiality of text and author. Divided into two parts *Towards High Modernism* and *After Modernism* the book allows the reader to chronologically follow how authors' relations to literature in general evolved with the changing world and new perspectives on the nature of reality. This book offers an insightful contribution to the on going discussion on the ambiguities inherent in the concepts of author narrative and being and will stimulate intellectual confrontation and circulation of ideas within the field.
