Martin, 2025-07-30 For the nearly three millennia since its creation the Iliad's Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer's imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war's glory the folly of the warriors who supposedly fight for it and the amorality of the gods who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the Iliad's web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post-Homeric corruptions to the text we will find an Iliad which is not a prelude to Achilles' glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus' favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real Iliad is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author
