Woodard The giallo yellow film cycle characterized by its bloody murders and blending of high art and cinematic sleaze rose to prominence in Italy in the 1960s and 1970s Beginning with Mario Bava's *The Girl Who Knew Too Much* 1963 and Dario Argento's *The Bird with the Crystal Plumage* 1970 giallo films influenced the American slasher films of the 1980s and attracted an increasingly large fandom In *Bloodstained Narratives: The Giallo Film in Italy and Abroad* contributors explore understudied aspects of gialli The chapters introduce readers to a wide range of films including masterpieces from Argento and overlooked gems all of them examined in close detail Rather than understanding giallo as focalized exclusively in Italy in the 1970s this collection explores the extension of gialli narratives abroad through different geographies and times This book examines Italian gialli of the 1970s as well as American neo gialli French productions Canadian horror films of the 1980s and Asian rewritings of this yellow cycle of crime horror films *Bloodstained Narratives* also features interviews with two giallo film directors including cult favorite Antonio Bido Rather than fading from the cinematic stage gialli serves as a precursor and steady accomplice to horror thriller films through the twenty first century

The Streaming of Hill House Kevin J. Wetmore, Jr., 2020-04-28 Netflix's *The Haunting of Hill House* has received both critical acclaim and heaps of contempt for its reimagining of Shirley Jackson's seminal horror novel Some found Mike Flanagan's series inventive respectful and terrifying Others believed it denigrated and diminished its source material with some even calling it a betrayal of Jackson Though the novel has produced a great deal of scholarship this is the first critical collection to look at the television series Featuring all new essays from noted scholars and award winning horror authors this collection goes beyond comparing the novel and the Netflix adaptation to look at the series through the lenses of gender architecture education hauntology addiction and trauma studies including analysis of the show in the context of 9 11 and Me Too Specific essays compare the series with other texts from Flanagan's other films and other adaptations of Jackson's novel to the television series *Supernatural* Toni Morrison's *Beloved* and the 2018 film *Hereditary* Together this collection probes a terrifying television series about how scary reality can truly be usually because of what it says about our lives in America today

[In the Long Run](#) Jonathan White, 2024-02-01 Exhilarating *Financial Times* Highly perceptive engaging and somewhat startling *Literary Review* A profound meditation on how and why democracy must keep its faith in the future and the future must keep its faith in democracy David Runciman Democracy is future oriented and self correcting today's problems can be solved we are told in tomorrow's elections But the biggest issues facing the modern world from climate collapse and pandemics to recession and world war each apparently bring us to the edge of the irreversible What happens to democracy when the future seems no longer open In this eye opening history of ideas Jonathan White investigates how politics has long been directed by shifting visions of the future from the birth of ideologies in the nineteenth century to Cold War secrecy and the excesses of the neoliberal age As an inescapable sense of disaster defines our politics White argues that a political commitment to the long term may be the best way to safeguard democracy Wide in scope and sharply observed *In the Long Run* is a history of the future that urges us to make

tomorrow new again
