Soh,2020-05-15 In an era marked by atrocities perpetrated on a grand scale the tragedy of the so called comfort women mostly Korean women forced into prostitution by the Japanese army endures as one of the darkest events of World War II These women have usually been labeled victims of a war crime a simplistic view that makes it easy to pin blame on the policies of imperial Japan and therefore easier to consign the episode to a war torn past In this revelatory study C Sarah Soh provocatively disputes this master narrative Soh reveals that the forces of Japanese colonialism and Korean patriarchy together shaped the fate of Korean comfort women a double bind made strikingly apparent in the cases of women cast into sexual slavery after fleeing abuse at home Other victims were press ganged into prostitution sometimes with the help of Korean procurers Drawing on historical research and interviews with survivors Soh tells the stories of these women from girlhood through their subjugation and beyond to their efforts to overcome the traumas of their past Finally Soh examines the array of factors from South Korean nationalist politics to the aims of the international women s human rights movement that have contributed to the incomplete view of the tragedy that still dominates today *Race and Migration in Imperial*

Armstrong, 2013-05-15 North Korea despite a shattered economy and a populace suffering from widespread hunger has outlived repeated forecasts of its imminent demise Charles K Armstrong contends that a major source of North Korea s strength and resiliency as well as of its flaws and shortcomings lies in the poorly understood origins of its system of government He examines the genesis of the Democratic People s Republic of Korea DPRK both as an important yet rarely studied example of a communist state and as part of modern Korean history North Korea is one of the last redoubts of unreformed Marxism Leninism in the world Yet it is not a Soviet satellite in the East European manner nor is its government the result of a local revolution as in Cuba and Vietnam Instead the DPRK represents a unique indigenization of Soviet Stalinism Armstrong finds The system that formed under the umbrella of the Soviet occupation quickly developed into a nationalist regime as programs initiated from above

merged with distinctive local conditions Armstrong's account is based on long classified documents captured by U S forces during the Korean War This enormous archive of over 1.6 million pages provides unprecedented insight into the making of the Pyongyang regime and fuels the author's argument that the North Korean state is likely to remain viable for some years to come

In the Ruins of Empire Ronald Spector, 2008-07-08 The New York Times said of Ronald H Spector's classic account of the American struggle against the Japanese in World War II No future book on the Pacific War will be written without paying due tribute to *Eagle Against the Sun* Now Spector has returned with a book that is even more revealing In the *Ruins of Empire* chronicles the startling aftermath of this crucial twentieth century conflict With access to recently available firsthand accounts by Chinese Japanese British and American witnesses and previously top secret U S intelligence records Spector tells for the first time the fascinating story of the deadly confrontations that broke out or merely continued in Asia after peace was proclaimed at the end of World War II Under occupation by the victorious Allies this part of the world was plunged into new power struggles or back into old feuds that in some ways were worse than the war itself In the *Ruins of Empire* also shows how the U S and Soviet governments as they secretly vied for influence in liberated lands were soon at odds At the time of the peace declaration international suspicions were still strong Joseph Stalin warned that crazy cutthroats might disrupt the surrender ceremony in Tokyo Bay Die-hard Japanese officers plotted to seize the emperor's palace to prevent an announcement of surrender and clandestine relief forces were sent to rescue thousands of Allied POWs to prevent their being massacred In the *Ruins of Empire* paints a vivid picture of the postwar intrigues and violence In Manchuria Russian liberators looted raped and killed innocent civilians and a fratricidal rivalry continued between Chiang Kai-shek's regime and Mao's revolutionaries Communist resistance forces in Malaya settled old scores and terrorized the indigenous population while mujahideen holy warriors staged reprisals and terror killings against the Chinese hundreds of innocent civilians were killed on both sides In Indochina a nativist political movement rose up to oppose the resumption of French colonial rule one of the factions that struggled for supremacy was the Communist Viet Minh led by Ho Chi Minh Korea became a powder keg with the Russians and Americans entangled in its north and south And in Java as the Indonesian novelist Idrus wrote people brutalized by years of Japanese occupation worshipped a new God in the form of bombs submachine guns and mortars Through impeccable research and provocative analysis as well as compelling accounts of American British Indian and Australian soldiers charged with overseeing the surrender and repatriation of millions of Japanese in the heart of dangerous territory Spector casts new and startling light on this pivotal time and sets the record straight about this contested and important period in history
