**Ancient Aliens and Secret Societies** Mike Bara, 2015-03-17 Did ancient visitors of extraterrestrial origin come to Earth long long ago and fashion man in their own image? Did they then lift the human race out of the ashes of a great global catastrophe around 10,500 BC? Were the science and secrets that they taught the ancients intended to be a guide for all humanity to the present era? Was this crucial information about our future and our true past hijacked by secretive cabals, some with bad intent and some with altruistic designs, who have held these secrets over the millennia? New York Times bestselling author Mike Bara says the answer to each of these questions is yes. He examines ancient documents including the Bible to delve into the true story of the beginnings of mankind. He establishes the reality of the major catastrophe that jolted the human race and traces the history of secret societies from the priesthood of Amun in Egypt to the Templars in Jerusalem and the Scottish Rite Freemasons. He shows how the spiritual wisdom and scientific knowledge the ETs sought to bestow on all humanity were kept by these secret societies for their own benefit. The influence of these sects and their extraterrestrial ties are said to be the stuff of myth, but Bara will show readers that this influence is all too real, extending even into the political arena. He has a very interesting take on the Kennedy assassination. Bara also reveals the true origins of NASA and exposes the bizarre triad of secret societies in control of that agency since its inception. In the end, Bara shows how NASA is manipulating the space program to fulfill occult purposes which may lead to our meeting the very ETs we have been inextricably linked with since the beginning.

**The Last Ship** William Brinkley, 2014-05-28 Hailed as an extraordinary novel of men at war, *The Washington Post* says this is the book that inspired the TNT television series starring Eric Dane. Rhona Mitra, Adam Baldwin, and Michael Bay as Executive Producer. The unimaginable has happened. The world has been plunged into all out nuclear war. Sailing near the Arctic Circle, the U.S.S. Nathan James is relatively unscathed, but the future is grim. Captain Thomas is facing mutiny from the tattered remnants of his crew. With civilization in ruins, he urges those that remain, one hundred and fifty-two men and twenty-six women, to pull together in search of land. Once they reach safety, however, the men and women on board realize that they are Earth's last remaining survivors and they've all been exposed to radiation. When none of the women seems able to conceive, fear sets in. Will this be the end of humankind?

**Noah's Ark and the Ziusudra Epic** Robert M. Best, 1999 *Is There Evidence for the Christian Faith?* Craig A. Williams, 2001-11 **From the Ashes of Angels** Andrew Collins, 2001-09-01 Provides convincing evidence that angels, demons, and fallen angels were flesh and blood members of a giant race predating humanity, spoken of in the Bible as the Nephilim. Indicates that the earthly paradise of Eden was a realm in the mountains of Kurdistan. By the author of *Gateway to Atlantis*, our mythology describes how beings of great beauty and intelligence, who served as messengers of gods, fell from grace through pride. These angels, also known as Watchers, are spoken of in the Bible and other religious texts as lusting after human women, who lay with them and gave birth to giant offspring called the Nephilim. These religious sources also record how these beings revealed

forbidden arts and sciences to humanity transgressions that led to their destruction in the Great Flood Andrew Collins reveals that these angels demons and fallen angels were flesh and blood members of a race predating our own He offers evidence that they lived in Egypt prior to the ancient Egyptians where they built the Sphinx and other megalithic monuments before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below Humanity regarded these angels described as tall white haired beings with viperlike faces and burning eyes as gods and their realm the paradise wherein grew the tree of knowledge Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril
