Lost World Of Agharti The Mystery Of Vril Power:

The Lost World of Agharti Alec MacLellan, 2011-02-01 One of the world's oldest legends tells of a vast network of underground tunnels and passageways linking the continents to a subterranean kingdom. This utopia is said to be inhabited by an ancient race of people who have lived in seclusion for centuries, hidden from the sight of mankind but aware of everything happening on the surface of the earth. The underground country is called Agharti. Tales of this lost world survive throughout the world, and explorers have searched for it for centuries. It has fascinated figures from the English occultist Lord Bulwer-Lytton, the Russian theosophist Madame Helena Blavatsky, and most surprisingly of all, Adolf Hitler, who based part of his philosophy of world domination on the legend of the subterranean super race. Hitler was attracted to the stories of Vril Power, an amazing force that can control man and nature. He believed that possession of this power would allow his dream of a Thousand Year Reich, and he sent scientists and soldiers in search of this lost world. Alec MacLellan has pieced together the history of the Agharti and tries to discover the tunnels that lead to Agharti. Based on evidence collected all over the world and embracing subjects from the origins of the peoples of America, the occult secrets of Asia, and the lost continent of Atlantis, MacLellan provides the first assessment of what Vril Power actually was.

The Three Ages of Atlantis Diego Marin, Ivan Minella, Erik Schievenin, 2013-11-28 Scientific and anthropological evidence for multiple Atlantean empires and the global catastrophes that destroyed them. Reveals that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examines geological evidence of super floods 15 000, 11 600, and 8 700 years ago. Shows how these flood dates directly parallel the freezing of Antarctica, the migrations of Cro-Magnon men, and the destruction of Atlantis according to Plato. 15 000 years ago, the Earth's axis tilted, shifting the geographic poles. Volcanoes erupted, the icecaps melted, and the seas rose dramatically. Antarctica was enveloped in ice, destroying the high civilization of prehistory Atlantis. But before the survivors could reestablish what they had lost, catastrophe struck again. Twice. Uniting scientific findings with theories on the location of Atlantis, the authors reveal that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examining paleoclimatology data, they show that Antarctica was temperate 15 000 years ago and home to the original Atlantis. They explore geological evidence of three worldwide super floods 15 000, 11 600, and 8 700 years ago and show how these dates directly parallel the freezing of Antarctica, the arrival of Cro-Magnon man in Europe, and the destruction of Atlantis according to Plato. Uncovering the influence of the Atlanteans in Proto-Indo-European languages and in massive ancient monuments aligned with the stars, they show how the civilization founders in all early myths—the Pelasgians, Danaans, Viracocha, Aryans, and others—were part of the Atlantean diaspora and how this migration split into two major movements: one to Latin America and the other to Europe and Asia. Following the Atlanteans from a warm Antarctica up to Peru, Mexico, and the Mediterranean, they reveal that Cro-Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science, technology, and

spirituality **The Hollow Earth Enigma** Alec Maclellan, 2013-02-01 In the first detailed investigation of a legendary belief that can be traced back to the dawn of time the bestselling author of *The Lost World of Agharti* examines the possibility of an inner world a hollow Earth which could explain some of the greatest mysteries of our time Was this hollow Earth inhabited before mankind set foot on the planet's surface Did the people of Atlantis and Mu take refuge there when catastrophe overtook them Do UFOs come not from outer space from inside our own Earth Bringing together years of painstaking research Alec Maclellan looks not only at the persistent historical tradition but at the work of great scientists such as Edmond Halley and Leonhard Euler infamous figures such as Cotton Mather and Adolf Hitler and extraordinary researchers each of who has devised an explanation for the legend There have been men who claimed to have visited the Hollow Earth and provided eye witness accounts of their journeys Most thought provoking of all is the vast amount of scientific evidence in support of the Hollow Earth concept including explorers reports of polar entrances backed up by remarkable satellite photographs and evidence from unmanned spacecraft that other planets in our solar system may be hollow too With many rare photographs *The Hollow Earth Enigma* explains how this extraordinary legend has captivated our imagination and how despite its dismissal by science it is scientifically possible

[A Culture of Conspiracy](#) Michael Barkun, 2013-08-15 American society has changed dramatically since *A Culture of Conspiracy* was first published in 2001 In this revised and expanded edition Michael Barkun delves deeper into America's conspiracy sub culture exploring the rise of 9/11 conspiracy theories the birther controversy surrounding Barack Obama's American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media What do UFO believers Christian millennialists and right wing conspiracy theorists have in common According to Michael Barkun in this fascinating yet disturbing book quite a lot It is well known that some Americans are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all generated elaborate stories of hidden plots What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as *The X Files* and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of

millenarian activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture *Culture of Conspiracy* Michael Barkun, 2003-11-07 What do UFO believers Christian millennialists and right wing conspiracy theorists have in common According to Michael Barkun in this fascinating yet disturbing book quite a lot It is well known that some Americans are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all generated elaborate stories of hidden plots What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as The X Files and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of millenarian activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture **Black Terror White Soldiers** David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the

Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history
