

Words tangle us together like roots

We share, as it happens, a moon, and this vermillion
sunset here is there too, and there, and there, and there!

Words are best when they are needless, when they say
what has already been said by a greater power.

I gift you my word, my book, my story.
Maybe I wrote it, or somehow, I have come into
possession of it - language does not clarify,
An ambiguity that lends itself to shared joys.
I like that - the conductive space between feeling and
word and love is where life (I guess) is located,
The struggle to put into song and ritual what eludes all
articulation.
As I write, I put my heart in a wrapped-up parcel and send
it to you: the song of myself.

Mossin,2010-05-24 Focusing in particular on pairings of writers within the larger grouping of poets this book suggests how literary partnerships became pivotal to American poets in the wake of Donald Allen s New American Poetry anthology **Canada to Ireland** Michele Holmgren,2021-12-15 In the eighteenth and nineteenth centuries Irish writers played a key role in transatlantic cultural conversations among Canada Britain France America and Indigenous nations that shaped Canadian nationalism Nationalism in Ireland was likewise influenced by the literary works of Irish migrants and visitors to Canada Canada to Ireland explores the poetry and prose of twelve Irish writers and nationalists in Canada between 1788 and 1900 including Thomas Moore Adam Kidd Lord Edward Fitzgerald Thomas D Arcy McGee James McCarroll Nicholas Flood Davin and Isabella Valancy Crawford Many of these writers were involved in Irish political causes including those of the Patriots the United Irish Emancipation Repeal and Young Ireland and their work explores the similar ways in which nationalists in Ireland and

Indigenous and settler communities in Canada retained their cultural identities and sought autonomy from Britain Initially writing for an audience in Ireland they highlighted features of the landscape and culture that they regarded as distinctively Canadian and that were later invoked as powerful unifying symbols by Canadian nationalists Michele Holmgren shows how these Irish writers and movements are essential to understanding the tenor of early Canadian literary nationalism and political debates concerning Confederation imperial unity and western expansion Canada to Ireland convincingly demonstrates that Canadian cultural nationalism left its mark on both countries Contemporary decolonization movements in Canada and current cultural exchanges between Ireland and Indigenous peoples make this a timely and relevant study

Market Strategies and German Literature in the Long Nineteenth Century Vance Byrd, Ervin Malakaj, 2020-01-20 Building upon recent German Studies research addressing the industrialization of printing the expansion of publication venues new publication formats and readership Market Strategies maps a networked literary field in which the production promotion and reception of literature from the Enlightenment to World War II emerges as a collaborative enterprise driven by the interests of actors and institutions These essays demonstrate how a network of authors editors and publishers devised mutually beneficial and at times conflicting strategies for achieving success on the rapidly evolving nineteenth century German literary market In particular the contributors consider how these actors shaped a nineteenth century literary market which included the Jewish press highbrow and lowbrow genres and modernist publications They explore the tensions felt as markets expanded and restrictions were imposed which yielded resilient new publication strategies fostered criticism and led to formal innovations The volume thus serves as major contribution to interdisciplinary research in nineteenth century German literary media and cultural studies

Lives of the Sonnet, 1787-1895 Dr Marianne Van Remoortel, 2013-05-28 In a series of representative case studies Marianne Van Remoortel traces the development of the sonnet during intense moments of change and stability continuity and conflict from the early Romantic period to the end of the nineteenth century Paying particular attention to the role of the popular press which served as a venue of innovation and as a site of recruitment for aspiring authors Van Remoortel redefines the scope of the genre including the ways in which its development is intricately related to issues of gender Among her subjects are the Della Cruscans and their primary critic William Gifford the young Samuel Taylor Coleridge and his circle Elizabeth Barrett Browning s Sonnets from the Portuguese George Meredith s Modern Love Dante Gabriel Rossetti s House of Life and Augusta Webster s Mother and Daughter As women became a force to be reckoned with among the reading public and the writing community the term sonnet often operated as a satirical label that was not restricted to poetry adhering to the strict formalities of the genre Van Remoortel s study in its attentiveness to the sonnet s feminization during the late eighteenth century offers important insights into the ways in which changing attitudes about gender and genre shaped critics interpretations of the reception histories of nineteenth century sonnet sequences
