### **Christian Pacifism and Just War Theory**

Harold Palmer, 2016-05-31 What did Jesus mean when he said to love your enemies and pray for those who persecute you Do these commandments leave room for Christians to serve in militaries or police forces that implement the use of force Or is the Christian to steadfastly reject violence and embrace pacifism Are certain wars justified on the basis of just war theory or are all wars in their brutality and destruction inherently evil In this study Harold Palmer an attorney examines the case that has traditionally been made to justify Christian participation in war The author begins with a historical background of the roots of just war theory as promulgated by Thomas Aquinas He then examines the passages on which just war theorists rely including God's commandments to the Israelites to go to war against their enemies Jesus' praise of the Roman Army centurion for his faith and God's use of the centurion Cornelius to graft Gentiles into the Kingdom of God Arguing that these passages have been misunderstood he concludes that Christianity only permits a single response to evil self-sacrificial love The author makes a cogent case for Christian pacifism by examining the life of Jesus and arguing that His crucifixion was more than a salvific act it also exemplified the ideal of Christian living Being a disciple of Jesus means emulating Him in every way including responding to violence through self-sacrificial love as Jesus did and obeying Jesus' commands to be as harmless as doves to turn the other cheek and pray for those who persecute you Finally this study tackles the difficult question of Old Testament violence by arguing that it falls within a specific context and is not normative for members of the New Covenant of Grace Rather than embrace violence we are to follow the examples set by the early church and its martyrs including the Apostle Stephen who prayed that his persecutors not be charged with their sins and the apostle Paul who taught us to live peaceably with all men Our war is not a physical struggle but a spiritual war to be waged with prayer faith and the gospel of peace Eph 6:12-18

*From Just War to Modern Peace Ethics* Heinz-Gerhard Justenhoven, William A. Barbieri, Jr., 2012-10-01 This book rewrites the history of Christian peace ethics Christian reflection on reducing violence or overcoming war has roots in ancient Roman philosophy and eventually grew to influence modern international law This historical overview begins with Cicero the source of Christian authors like Augustine and Thomas Aquinas It is highly debatable whether Augustine had a systematic interest in just war or whether his writings were used to develop a systematic just war teaching only by the later tradition May Christians justifiably use force to overcome disorder and achieve peace The book traces the classical debate from Thomas Aquinas to early modern age thinkers like Vitoria Suarez Martin Luther Hugo Grotius and Immanuel Kant It highlights the diversity of the approaches of theologians philosophers and lawyers Modern cosmopolitanism and international law thinking it shows are rooted in the Spanish Scholastics where Grotius and Kant each found the inspiration to inaugurate a modern peace ethic In the 20th century the tradition has taken aim not only at reducing violence and overcoming war but at developing a constructive ethic of peace building as is reflected in Pope John Paul II's teaching

**The Renaissance Discovery of Violence, from Boccaccio to Shakespeare** Robert Appelbaum, 2021-11-16 Many have wondered why the works of Shakespeare and other early modern writers are so filled with violence with murder and mayhem This work explains how and why putting the literature of the European Renaissance in the context of the history of violence Personal violence was on the decline in Europe beginning in the fifteenth century but warfare became much deadlier and the stakes of war became much higher as the new nation states vied for hegemony and the New World became a target of a shattering invasion There are times when Renaissance writers seem to celebrate violence but more commonly they anatomized it and were inclined to focus on victims as well as warriors on the horrors of violence as well as the need for force to protect national security and justice In Renaissance writing violence has lost its innocence
