Love's Touch Anit Arca, 2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there Is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author's personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are

creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude

Thoughts on Death and Immortality Ludwig Feuerbach, 2023-07-28

Never translated before, *Thoughts on Death and Immortality* was the first published work of Ludwig Feuerbach (1804-1872). The scandal created by portrayal of Christianity as an egoistic and inhumane religion cost the young Hegelian his job and to some extent his career. Joining philosophical argument to epigram, lyric, and satire, the work has three central arguments: first, a straightforward denial of the Christian belief in personal immortality; second, a plea for recognition of the inexhaustible quality of the only life we have; and third, a derisive assault on the posturings and hypocrisies of the professional theologians of nineteenth-century Germany. Never translated before, *Thoughts on Death and Immortality* was the first published work of Ludwig Feuerbach (1804-1872). The scandal created by portrayal of Christianity as an egoistic and inhumane religion cost the young Hegelian his job and to some extent his career. **The Political Meaning of Christianity** Glenn Tinder, 2000-01-18

Alexander-Reindorf, Florida Alexander-Reindorf, 2011-04-25 THE TREE OF LIFE WHICH YOU WERE DEPRIVED OF IS THE WORD OF GOD THE TEACHING OF GOD. If Adam and Eve had received these types of teachings when they were in the Garden of Eden, they would not have died. THE FRUIT OF LIFE IS THE WORD OF GOD. This is explained in John 15:1-6. THE TREE OF LIFE IS THE WORD OF GOD WHICH YOU MUST EAT. MAN SHOULD ENDEAVOR TO GAIN ETERNAL LIFE THROUGH THE WORD OF GOD. John 12:48-50. Do you know that my teachings will give you everlasting life? THE FRUIT OF LIFE IS NO OTHER THING THAN THE GOSPEL WHICH I GIVE YOU. EVERYTHING YOU NEED IS EMBEDDED IN THESE TEACHINGS. MY TEACHINGS HAVE TWELVE DIFFERENT TYPES OF FRUIT WHICH STAND FOR THE TWELVE POWERS OF MAN. By Leader Olumba Olumba Obu. **The Good Person** Stephen Gislason, 2018-06-01

The Good Person: Ethics and Morality. Ethics is about the interface between selfish interests and actions and the common good. Both the good and the bad tendencies of mind/body/brain are innate properties that have useful functions; they were not invented by modern society and are not going to change until the construction of the brain changes. The dialogue between good and bad in human affairs is constant, predictable, and universal. When a baby is born, the family and local community begin to teach the emerging being what is going on here and now. They provide the local language, costumes, customs, beliefs, and the local science and technology. All adult humans have an ethical standard and a technology to teach. While the local culture has an obvious impact on the

appearance and behavior of emerging adults the constant innate features of the human mind are pervasive and persistent The variance in mental abilities within a local group will often be greater than inter group variance Ethics are about standards and rules of conduct or more precisely modern ethicists attempt to decide what good and reasonable behavior is All humans make decisions and evaluate the behavior of others A scale of evaluations from right to wrong is typical of ethical judgments Each group develops norms to guide actions and judgments about behavior The presence of ethical standards requires individuals who can anticipate the consequences of actions evaluate consequences in terms of selfish and of group interests and who have the ability to choose between alternative courses of action In practice professional ethicists are employed by governments universities hospitals and other organizations they do best by examining specific situations and engaging the people involved in conversations about specific interactions When behavior and or decisions are questionable but laws have not been broken Ethics committees substitute for judges or juries and deliver advice or judgments The value of ethics decreases as issues become of more general importance or are issues of law Professional ethics can be appreciated as an abstract exercise in description and reasoning that may fail to appreciate the deep determinants of human feelings beliefs and conduct This inquiry is about human nature complete with descriptions of imbedded social regulation and morality An understanding of all these discussions is required for meaningful ethical discourse

Friendship in Islamic Ethics and World Politics Mohammad Jafar Amir Mahallati, 2019-11-20 Based on a decade of direct diplomatic engagement with the United Nations a decade of teaching on international relations and another decade of research and teaching on Islamic and comparative peace studies this book offers a friendship related academic framework that examines shared moral concepts philosophical paradigms and political experiences that can develop and expand multidisciplinary conversations between the Christian West and the Muslim East By advancing multicultural and interreligious discourses on friendship this book helps promote actual friendships among diverse cultures and peoples This is not a monologue It provides a model of conversations among scholars and political actors who come from diverse international and interreligious backgrounds The word Islamic should not mislead the reader to suspect that this edited volume delves only into religious discourses Rather it provides a forum for conversations within and between religious and philosophical perspectives It sparks friendship conversations thematically and through disciplinary and cultural diversity The result of the work of many prominent international scholars and diplomats over many years it conveys at least one message clearly friendship matters for not only our happiness but also for our survival

Dying to Self and Detachment James Kellenberger, 2016-04-29 Exploring the religious category of dying to self this book aims to resolve contemporary issues that relate to detachment Beginning with an examination of humility in its general notion and as a religious virtue that detachment presupposes Kellenberger draws on a range of ancient medieval modern and contemporary sources that address the main characteristics of detachment including the work of Meister Eckhart St Teresa and Simone Weil as well as writers as varied as Gregory of Nyssa Rabi a al Adawiyya S ren

Kierkegaard Andrew Newberg John Hick and Keiji Nishitani Kellenberger explores the key issues that arise for detachment including the place of the individual's will in detachment the relationship of detachment to desire to attachment to persons and to self love and self respect and issues of contemporary secular detachment such as inducement via chemicals This book heeds the relevance of the religious virtue of detachment for those living in the twenty first century
