Not Quite Hope and Other Political Emotions in the Gilded Age Nathan Wolff,2019 Not Quite Hope and Other Political Emotions in the Gilded Age argues that late nineteenth century US fiction grapples with and helps to conceptualize the disagreeable feelings that are both a threat to citizens agency and an inescapable part of the emotional life of democracy then as now In detailing the corruption and venality for which the period remains known authors including Mark Twain Harriet Beecher Stowe Henry Adams and Helen Hunt Jackson evoked the depressing inefficacy of reform the lunatic passions of the mob and the revolting appetites of lobbyists and office seekers Readers and critics of these Washington novels historical romances and satiric romans a clef have denounced these books fiercely negative tone seeing it as a sign of cynicism and elitism Not Quite Hope argues in contrast that their distrust of politics is coupled with an intense investment in it not quite apathy but not quite hope Chapters examine both common and idiosyncratic forms of political emotion including crazy love disgust cynicism election fatigue and the myriad feelings of hatred and suspicion provoked by the figure of the hypocrite In so doing the book corrects

critics too narrow focus on sympathy as the American novel's model political emotion We think of reform novels as fostering feeling for fellow citizens or for specific causes This volume argues that Gilded Age fiction refocuses attention on the unstable emotions that continue to shape our relation to politics as such **Love Itself** Hélène Cixous, 2008-08-11 Love's memories love recalling itself in letters lost and found over an interval of forty years Cixous's writer narrator advances here far into a labyrinth of passions long ago delivered and yet still arriving through the mail through letters and literature in other words the poetry of the post As for the lovers returning scenes they have their addresses in Paris rue Olivier de Serres Avenue de Choisy street names that endlessly feed love's unconscious language and in New York but also in a lost oasis of the Egyptian desert during the Napoleonic wars in Athens and along the shores of a great lake centuries ago in the country of myth The lovers are poets or soldiers philosophers or students madly in love with poetry and poets They are as well mermaids or panthers Panthers Yes for it is the passion of the animal that drives all these lovers to bare themselves and sometimes their claws before the beloved Misunderstandings are often even inevitably the result Seconded and witnessed by her passionate truth telling cats Cixous's narrator writer returns unerringly to moments of errancy inflicted on address and language those errors and faults when love perhaps is listening only to itself without subject or object lover or beloved just love itself l amour m me l amour m aime love loving me in the letter box of memory *Bioethics and Biolaw through Literature*

Daniela Carpi, 2011-10-27 In recent years the well established field of human anthropology has been put under scrutiny by the new data offered by science and technology Scientific intervention into human life through organ transplants euthanasia genetic engineering experiments connected to the genetic code and the genome and varied other biotechnologies have placed ethical beliefs into question and created ethical dilemmas These scientific inventions influence our views on birth and death on the construction of the body and its technical reproducibility and have problematized the concept of the human persona The purpose of bioethics the science of life is to find new values and norms which will be valid for a multicultural society Bioethics is today a well respected topic of research that has brought together philosophers and experts to discuss the limits of science and medicine The aim of this book is to merge the two fields of bioethics and law or biolaw through the literary text by taking into consideration the transformations of the concept of persona at which we have nowadays arrived The new meaning of the term persona represents in fact the final point of a long standing quest for man's sense of his own being and human dignity and of his capacity to live in social interrelations The volume presents a wide range of perspectives comprising methodological approaches legal and literary aspects *Philosophies of Love* David L. Norton, Mary F.

Copyright Office, 1977 **A Practical Guide to the Psychology of Relationships** John Karter, 2012-04-05 Understanding psychological techniques can help you make your relationships happier and more fulfilling This Practical Guide will help you achieve new and healthier ways of relating by explaining some of the major underlying psychological drivers that permeate relationships and identify and work on these unconscious motivating factors to eliminate knee jerk reactions Filled with straightforward practical advice case studies and examples Introducing Psychology of Relationships will help you understand your relationship and make it more loving and mutually supportive as well as be better equipped for entering into a new relationship The Flesh of Being David Ross, 2008-12-18 The text is a conversation between the author and himself mediated by the text of Friedrich Nietzsche's Thus Spoke Zarathustra The text is a pre text a reading both before and after that frames the art work What is that Let us say in the spirit of inquiry that of knowing thyself What then of this strange hyphenation The present text is a pre text because it is before the Text the text which the author is always writing but which manifests itself in sporadic impulsive bursts in the form of actual works The book is the pre text because it is an excuse a rationale a piece of pretension The book is not about Nietzsche but what it is for someone to read Nietzsche's text a book for everyone and no one How then does one read a book meant for oneself if oneself is everyone and not at all for oneself if oneself is none Or is it that the real task of reading is for the reader to read what reading is Then again need one distinguish between book and text Perhaps it is impossible to read a book such as Thus Spoke Zarathustra without invoking the text or even sub text that continually slips away If one can read a book one cannot the text for this reason the text is what the reader has to write through the reading This has been my experience with Nietzsche's text an experience I share with my readers The very possibility of reading invokes the need to re write the text Only in the space between reading and writing can the reader re writer hope to stand and understand the discursive grounds Is that the play which this couplet performs There does not the reader enters upon the playground Read then and play The author's thanks go to Mr Andrew Fuyarchuk for the fine

editing job that he did His contribution allowed further clarifications of the argument **The Invisible Plague** Edwin Fuller Torrey, Judy Miller, 2001 Examines the records on insanity in England Ireland Canada and the United States over a 250 year period concluding through quantitative and qualitative evidence that insanity is an unrecognized modern day plague
