Performance Measurement Winston Bennett, Charles E. Lance, David J. Woehr, 2014-02-04 Over the course of the past few years teaching research and practice has underscored the importance of performance measurement and criterion development as topics of great interest considerable debate and some misunderstanding It has also become clear that the field needs to address a compendium of research applications and issues Performance Measurement Current Perspectives and Future Challenges brings together internationally recognized leaders in the field and each examines the subject matter in a way that has never been done focusing on the dynamic nature of work and the tremendous demands being placed on assessment and measurement as core organizational activities It also uniquely uses their expertise to provide critical pointers to not only the practical implications of work in the field but also to the new and continuing issues to be

addressed and research to be conducted The book will be useful to both scientists and practitioners
