material that came to light after the trial as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, Eichmann in Jerusalem is as shocking as it is informative: an unflinching look at one of the most unsettling and unsettled issues of the twentieth century. *World Without Civilization* Robert Melvin Spector, 2005. This work, a two-volume set, is the result of over ten years of research in western Europe. It is not only a historical account of the Holocaust but also an analysis of how, when, where, and why it took place. As a sub-theme and perhaps just as important is the realization that what happened originally to the Armenians at the start of the 20th century and continued with the Jews of Europe was experimentation in the settling of problems with minorities by means of genocide. This history and analysis of the Holocaust serves as a warning that genocide is becoming a worldwide technique and method of domestic policy.

The One from the Other Philip Kerr, 2009-02-03. In the fourth mystery in Philip Kerr's New York Times bestselling series, Bernie Gunther, a former policeman and reluctant SS officer, attempts to start over in the aftermath of World War 2 and quickly learns that the past is never far behind you. Berlin 1949. Amid the chaos of defeat, Germany is a place of dirty deals, rampant greed, and fleeing Nazis. For Bernie Gunther, Berlin has become far too dangerous. After being forced to serve in the SS in the killing fields of Ukraine, Bernie has moved to Munich to reestablish himself as a private investigator. Business is slow, and his funds are dwindling when a woman hires him to investigate her husband's disappearance. No, she doesn't want him back; he's a war criminal. She merely wants confirmation that he is dead. It's a simple job, but in postwar Germany, nothing is simple; nothing is what it appears to be. Accepting the case, Bernie takes on far more than he'd bargained for, and before long he is on the run, facing enemies from every side.

Intermezzo of the Longing Hearts Roberto de Haro, 2006-12. A sprawling saga illuminating the interregnum between World Wars I and II, Quentin's French lover Nadine emerges as an expansive and fearless character. She becomes an important player in the quiet, secret initial resistance to Hitler's ethnic cleansing. Cheryl Fields, writer and managing editor, *Change Magazine*. A fascinating read. Haro's sequel to *Twist of Fate* follows Nadine and Quentin during the tumultuous years 1919 to 1939. Their love affair continues during the Roaring Twenties, the Great Depression, and emerging European Fascism. Before getting together, World War II begins, promising them a collision course with destiny. I. M. Heyman, former Chancellor, University of California, Berkeley, and former Secretary, Smithsonian Institution. Haro's sequel to *Twist of Fate* continues Nadine and Quentin's love story. They find temporary happiness but face great challenges in this literate, fascinating novel of pre-World War II international intrigue, and behind-the-scenes politics make this an important historical novel. Colleen Rae, author of *Nearly Naked* and *Correspondent*, *Local Observer*, Saugatuck, MI. The adventure continues, and so does the entrancing reading. Fans of *Twist of Fate* will be delighted to explore Nadine and Quentin's world. Those who didn't read it should finish *Intermezzo* and read the first book as a prequel. Juan Mestas, Chancellor, University of Michigan, Flint.

Cultural Memories Peter Meusburger, Michael Heffernan, Edgar Wunder, 2011-05-11. The revival of interest in collective cultural memories since the

1980s has been a genuinely global phenomenon Cultural memories can be defined as the social constructions of the past that allow individuals and groups to orient themselves in time and space The investigation of cultural memories has necessitated an interdisciplinary perspective though geographical questions about the spaces places and landscapes of memory have acquired a special significance The essays in this volume written by leading anthropologists geographers historians and psychologists open a range of new interpretations of the formation and development of cultural memories from ancient times to the present day The volume is divided into five interconnected sections The first section outlines the theoretical considerations that have shaped recent debates about cultural memory The second section provides detailed case studies of three key themes the founding myths of the nation state the contestation of national collective memories during periods of civil war and the oral traditions that move beyond national narrative The third section examines the role of World War II as a pivotal episode in an emerging European cultural memory The fourth section focuses on cultural memories in postcolonial contexts beyond Europe The fifth and final section extends the study of cultural memory back into premodern tribal and nomadic societies
