Lucie Plays 1:

Women and Comedy Susan Carlson, 2025-10-01 The first comprehensive study of its kind this book explores the contradictory connections between women and dramatic comedy Women and Comedy shows how a genre that has been used historically to restrict women's behavior is being reconfigured to express women's triumphs It thus redefines the assumptions with which both traditional comedy and contemporary women's plays are read and viewed Challenging a critical consensus that has seen comedy as a haven for female power Carlson argues that traditional comedy is deeply sexist welcoming strong women characters only because it can contain their power Through an analysis of a range of comedies by Shakespeare Congreve Maugham Shaw and Ayckbourn the author shows that even in these plays self consciously about liberated females women gain only a limited freedom a freedom that the endings of the plays work to negate This negotiation is seen to result in part from the comic structure itself which privileges a merely temporary inversion and an ultimate return to the status quo Carlson then examines the transitional work of three writers Aphra Behn Henry James and Ann Jellicoe whose heroines follow an unorthodox trajectory through their comic worlds While the work of these writers clearly remains within the mainstream comic tradition the author notes in them a subtle departure most notably in their description of the heroine as subject rather than object which prefigures the full scale transformations of women in comedy by contemporary women writers The book then examines contemporary comedy that revises traditional comic structure at the same time as it explores fundamental social change In making her case for the difference of contemporary comedy by women Carlson examines the reformulations of structure and character and considers issues of community self and sexuality in a broad range of plays by individual playwrights and by the new women's theater collectives Women and Comedy is an important work for students of British drama and will appeal to theater practitioners critics feminist scholars and all those interested in the performing arts

Plays 1 Doug Lucie, 1998-01 [Catalogue of Copyright Entries](#), 1921 **Contemporary Farce on the Global Stage** David Gram, 2024-04-09 Contemporary Farce on the Global Stage provides audiences and practitioners a detailed survey of how the genre of farce has evolved in the 21st century Often dismissed as frivolous farce speaks a universal language with the power to incisively interrogate our world through laughter Unlike farces of the past where a successful resolution was a given and we could laugh uproariously at adulterous behaviour farce no longer guarantees an audience a happy ending where everything works out Contemporary farce is no longer diverting us with laughter It is reflecting the fractured world around us With a foreword by award winning playwright Ken Ludwig the book introduces readers to the Mechanics of Farce and the Four Ps which are key elements for understanding appreciating and exploring the form The Five Doors to Contemporary Farce identify five major categories into which farces fall Behind each door are a wide selection of plays modern and contemporary examples from all over the world written by a diverse group of playwrights who traverse gender race ethnicity and sexual orientation Supplementing each section are comments observations and reflections

from award winning playwrights directors actors designers dramaturgs and scholars Designed specifically to give theatre makers a rounded understanding that will underpin their own productions this book will also be of use to theatre and performance studies students

The Effect Lucy Prebble,2024-08-22 A Student Edition of Lucy Prebble s acclaimed 2012 play which looks at two people on a clinical drugs trial and investigates questions around sanity neurology physical attraction and

the possibilities of medicine The edition includes commentary and notes by Paulette Marty which look at the context around depression and anti depressant medication as well as delving into major questions posed by the play such as is love real and what is chemistry when applied to human beings Her commentary also looks at the play in production the implications of the playwright having written the roles for particular actors and the opportunities that arise from the playwright encouraging future actors to mould the text around themselves *The Dissident Politics in Václav Havel's Vanek Plays* Carol

Strong,2023-09-05 *The Dissident Politics in Václav Havel's Vanek Plays* Who Is Ferdinand Vanek Anyway focuses on Ferdinand Vanek a semi autobiographical character created by Václav Havel and featured in a series of nine plays written by Havel himself and three other dissident writers Pavel Kohout Pavel Landovsk and Jir Dienstbier By exploring the Vanek experience Carol Strong details a multi episodic absurdist journey that provides an insider's view of the challenges facing those daring enough to question the status quo a view that remains relevant today Strong's contention is that the lines found in these plays served as a secret language of dissent in Cold War Czechoslovakia which called the citizenry to contemplate the need for societal reform As the plays were written at a time when the work of Havel and other dissidents were banned the plays were never performed publicly but through clandestine living room performances and the sharing of samizdat scripts the plays found an audience Select phrases were indeed whispered throughout underground networks and helped forge a sense of oppositional solidarity among potential activists Strong's argument is that the Vanek experience metaphorically highlights how official power mechanisms are among the least insidious forms of societal power as the state must follow predictable patterns of legal jurisprudence By contrast non governmental forms of power as exercised by one's fellow citizens through informal social channels can challenge oppositional actors more because of the personal tone they adopt Using this approach Strong presents a timelessly relevant critique of modern society with its consumerist conformist tendencies **Fifty Key Theatre Directors** Shomit Mitter,Maria Shevtsova,2004-03-01

Fifty Key Theatre Directors covers the work of practitioners who have shaped and pushed back the boundaries of theatre and performance The authors provide clear and insightful overviews of the approaches and impact of fifty of the most influential directors of the twentieth and twenty first century from around the world They include Anne Bogart Peter Brook Lev Dodin Declan Donnellan Jerzy Grotowski Elizabeth LeCompte Joan Littlewood Ariane Mnouchkine Each entry discusses a director's key productions ideas and rehearsal methods effectively combining theory and practice The result is an ideal guide to the world of theatre for practitioners theatregoers and students **Catalog of Copyright Entries** Library of Congress.
