Lucien Leuwen Tome1:

Lucien Leuwen Stendhal, 1926 **French Legitimists and the Politics of Moral Order in the Early Third Republic** Robert R. Locke, 2015-03-08

Traditionally the legitimists of early Third Republican France have been dismissed as historical anachronisms. To arrive at a fuller understanding of these men Robert R. Locke has used French public archives, libraries and previously ignored private sources to investigate the divine right monarchists and the nature of their protest. Professor Locke concentrates on two hundred legitimists in the National Assembly of 1871. He identifies the legitimists socially and occupationally and evaluates their response to such problems of modernization as industrialization, urbanization, bureaucratization and democratization. The author analyzes legitimist ideas within the context of the immediate historical situation and contrasts the social, economic background and mentality of the legitimists with that of other French and European monarchists. Far from being anachronisms the legitimists of Professor Locke's study emerge as men of diverse social, economic origins who frequently accepted economic change and innovation, men who wanted to restore the old monarchy but not necessarily the old regime. Their characteristics the author shows have an affinity with those of all groups who try to uphold traditional beliefs in a changing world. Originally published in 1974, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Oeuvres, Tome 1 Paul Valéry, 2016-02-24

dix-huit ans Valéry entame une première carrière qui le conduit faire paraître une trentaine de poèmes après quoi le sentiment autour de 1892 de ne pouvoir galérer Mallarmé ou Rimbaud vient ouvrir une crise, il cesse d'écrire et néanmoins trois ans plus tard donne coup sur coup deux brefs chefs-d'œuvre : l'Introduction à la méthode de Léonard de Vinci et La Soirée avec Monsieur Teste. Devenu rédacteur au ministère de la Guerre en 1897, il connaît une nouvelle et plus longue période de silence, laquelle la publication de La Jeune Parque ne mettra un terme qu'en 1917. Il continue cependant chaque matin l'aube à tenir les Cahiers où il consigne des réflexions sur des sujets divers, mais la suspension de l'œuvre est par moments vécue comme une panne douloureuse. Un nouveau départ est donné vers 1912 lorsque Gide lui demande de réunir ses œuvres de jeunesse et de la relecture de ses anciens poèmes vont naître tour tour après la Parque l'Album de vers anciens et Charmes en 1922, cet ensemble s'ajoute en 1919 la réimpression de l'Introduction et de La Soirée et peu après les dialogues d'Eupalinos et de L'âme et la danse. L'évidence s'impose qu'une œuvre majeure est en train de se construire et cette gloire naissante vaut son auteur de nombreuses commandes de conférences ou de conférences qui viendront nourrir les volumes successifs de Variétés, Regards sur le monde actuel ou les Pièces sur l'art. Elle lui vaut également de participer diverses commissions culturelles en particulier dans le cadre de la Société des Nations et de devenir
