Prometheus Lucifer

The one who whitewashes the devil, turning it into its resplendent and primogenitary state, the one who dies in oneself, here and now, liberates the chained Prometheus. Thus, Lucifer-Prometheus pays the individual with abundance because he is a colossus with power over the heavens, the earth, and the Infernos. - Samuel Aun Weir

The Intellectual Origins of Modernity David Ohana, 2019-03-21 The Intellectual Origins of Modernity explores the long and winding road of modernity from Rousseau to Foucault and its roots which are not to be found in a desire for enlightenment or in the idea of progress but in the Promethean passion of Western humankind Modernity is the Promethean passion the passion of humans to be their own master to use their insight to make a world different from the one that they found and to liberate themselves from their immemorial chains This passion created the political ideologies of the nineteenth century and made its imprint on the totalitarian regimes that arose in their wake in the twentieth Underlying the Promethean passion there was modernity humankind's project of self creation and enlightenment the existence of a constant tension between the actual and the desirable between reality and the ideal Beneath the weariness the exhaustion and the skepticism of post modernist criticism is a refusal to take Promethean horizons into account This book attests the importance of reason which remains a powerful critical weapon of humankind against the idols that have come out of modernity totalitarianism fundamentalism the golem of technology genetic engineering and a boundless will to power Without it the new Prometheus is liable to return the fire to the gods

The Cosmic Jest: The Joke's On Us Mark Romel, 2018-09-05 Salman Rushdie wrote DC Washington is being taken over by DC Comics The world is increasingly understood as a comic story involving superheroes and supervillains Confusingly they are often one and the same Donald Trump is the superhero for conservatives and the supervillain for liberals Heroes and villains are now shapeshifters They no longer reflect a common narrative Their heroism or villainy depends on where you stand in the culture wars Next time you go to watch a superhero movie imagine what it would be like if the superhero kept flickering into his opposite the supervillain

Would you be able to follow the story Whom would you be rooting for Wouldn't the plot be all over the place You wouldn't understand anyone's motivation The story would be pure chaos Welcome to the Cosmic Jest Read this book if you don't want the joke to be on you

The Unfolding God of Jung and Milton James P. Driscoll, 2021-10-21 In this first extensive Jungian treatment of Milton's major poems James P. Driscoll uses archetypal psychology to explore Milton's great themes of God man woman and evil and offers readers deepened understanding of Jung's profound thoughts on Godhead The Father the Son Satan Messiah Samson Adam and Eve gain new dimensions of meaning as their stories become epiphanies of the archetypes of Godhead God and Satan of Paradise Lost are seen as the ego and the shadow of a single unfolding personality whose anima is the Holy Spirit and Milton's muse Samson carries the Yahweh archetype examined by Jung in Answer to Job and Messiah and Satan in Paradise Regained embody the hostile brothers archetype Anima animus and the individuation drive underlie the psychodynamics of Adam and Eve's fall Driscoll draws on his critical acumen and scholarly knowledge of Renaissance literature to shed new light on Jung's psychology of religion The Unfolding God of Jung and Milton illumines Jung's heterodox notion of Godhead as a quaternity rather than a trinity his revolutionary concept of a divine individuation process his radical solution to the problem of evil and his wrestling with the feminine in Godhead The book's glossary of Jungian terms written for literary critics and theologians rather than clinicians is exceptionally detailed and insightful Beyond enriching our understanding of Jung and Milton Driscoll's discussion contributes to theodicy to process theology and to the study of myths and archetypes in literature

The Secret History of Lucifer (New Edition) Lynn Picknett, 2012-03-01 In her new account of an old religion Lynn Picknett explains that Lucifer means the light bringer and was a personification of the Morning Star the planet Venus and its goddess He was originally she a divine representation of love light and human warmth The early Christian Church appropriated the name Lucifer and it became synonymous with darkness and the Devil Yet many great thinkers have covertly followed the old Luciferan way most famously Leonardo da Vinci who encrypted the symbols of his heretical beliefs in his work visible only to those who have the key

Midir and Boann in Ériu-Land Richard Leviton, 2022-12-30 The truth of Lucifer and Sophia is the world's biggest secret said Joe To get this story right you basically have to retell the history of reality itself That's what Joe Mike and Ronald pals since childhood and now in their late sixties set out to do Lucifer and Sophia were the first two archangels ever created but their reputations today are in ruins or obscurity They want to find out why After much travelling and on site investigation they discover that the true story of these two primary archangels is not what people have thought It is the key that unlocks the purpose and destiny of the Earth The final outcome of humanity is implicated too Many diverse cultures maintain cultural images of these two figures and in many cases their images are positive uplifting even comic This trio of geomythic researchers take the Greek icon of Prometheus bound on Mount Caucasus for defying Zeus as their rallying point and seek to probe its true meaning Mythic images especially old ones need to be decoded for the modern mind They tend to have layers of meaning and you shortchange
