Movie Of The Week Private Stories Public Events:

The Movie of the Week Elayne Rapping, Makes a significant contribution to both women s studies and television studies In a style refreshingly free of academic or political jargon Rapping shows that patriarchal though the industry is its women audiences can and do find in its products voices and points of view which resonate with their own experience Amazon com

The ABC Movie of the Week Michael McKenna,2013-08-22 On September 23 1969 five years after the first made for television movie premiered the ABC network broadcast *Seven in Darkness* This was the first television film for an anthology show called the Tuesday Night Movie of the Week Dedicating ninety minutes of weekly airtime to a still emerging genre was a financial risk for the third place network a risk that paid off The films were so successful that in 1972 the network debuted *The Wednesday Movie of the Week* Although most of the movies are no longer remembered a handful are still fondly recalled by viewers today including *Duel* *Brian s Song* and *The Night Stalker* The series also showcased pilot films for many eventual series such as *Alias Smith and Jones* *The Six Million Dollar Man* and *Starsky and Hutch* By the end of both shows regular runs in the spring of 1975 the network had broadcast more than 200 made for television films In *The ABC Movie of the Week Big Movies for the Small Screen* Michael McKenna examines this programming experiment that transformed the television landscape and became a staple of broadcast programming for several years The author looks at how the revolving films showcased the right mixture of romantic comedy action horror and social relevance to keep viewers interested week after week McKenna also chronicles how the ratings success led to imitations from the other networks resulting in a saturation of television movies As a cultural touchstone for millions who experienced the first run and syndicated versions of these films *The ABC Movie of the Week* is a worthy subject of study Featuring a complete filmography of all 240 movies with credit information and plot summaries a chronology and a list of pilots both failed and successful this volume will be valuable to television historians and scholars as well as to anyone interested in one of the great triumphs of network programming

Toward the Visualization of History Mark Moss,2008-06-19 Over the past 50 years the influence of visuals has impacted society with greater frequency No subject is immune from the power of visual culture and this fact becomes especially pronounced with regards to history and historical discourse Where once the study of the past was books and printed articles the environment has changed and students now enter the lecture hall with a sense of history that has been gleaned from television film photography and other new media They come to understand history based on what they have seen and heard not what they have read What are the implications of this process this visualization of history Mark Moss discusses the impact of visuals on the study of history with an examination of visual culture and the future of print Recognizing the visual bias of the younger generations and using this as a starting point for teaching history is a critical component for reaching students By providing an analysis of photography film television and computer culture Moss uses the Holocaust as an historical case study to illustrate the ways in which visual culture can be used to bring about an awareness

of history as well as the potential for visual culture becoming a driving force for social and cultural change

Challenging Lesbian Norms Angela Pattatucci-Aragon, 2013-02-01 What constitutes lesbian identity The term homonormativity describes current prevailing idealized assumptions about lesbian identity This concept however marginalizes subgroups within the greater lesbian population Challenging Lesbian Norms Intersex Transgender Intersectional and Queer Perspectives dynamically confronts homonormativity in lesbian communities by presenting expert multidisciplinary discussion about what is a definable lesbian identity This text sensitively explores difficult issues about gender policing and the viewpoints in lesbian communities that hold that transgender intersectional and queer individuals are considered to have false consciousness Consequences of lesbian normativity both for lesbian communities and for marginalized groups are examined through literary criticism lesbian feminist and queer theories corporeal philosophy film television cultural criticism personal narratives public health and field research The issue of the authenticity of lesbian identity causes rifts between some lesbian communities and the groups that strive to be included yet are still marginalized Challenging Lesbian Norms directly exposes practices and beliefs within lesbian communities that lead to the assumption of the prototypical lesbian The book courageously reveals the similarities of lesbian normative stances with other views such as Christian conservative rhetoric and reviews the health consequences of being marginalized within the lesbian communities This text actively challenges the foundational notion within lesbian communities that a stable immutable lesbian sex exists Topics in Challenging Lesbian Norms include human physiology the flexibility of sexuality and biologic determinism marginalization within lesbian communities transexualism and Lesbian Theory gender and sexual identity construction partnering practices and issues involving queer identified youth demystification of the gay vibe from a femme queer woman's perspective lesbian feminism gender policing and casting butch FTM and transgendered subjectivities as false consciousness representations of lesbians in television movies Native American two spirit women teaching transgender and its transformative effect identity modeling inclusion of transgender and intersex individuals within the lesbian communities transgender characters in film Latina lesbians and mental health Challenging Lesbian Norms is stimulating eye opening reading that is perfect for activists educators and students in LGBT and women's studies and public health professionals

Re-viewing Reception Lynne Joyrich, 1996 This is an ambitious analysis of television studies as a whole Library Journal Focusing on U S television of the 1980s from Miami Vice Moonlighting and Pee wee's Playhouse to Max Headroom Lynne Joyrich explores how gender affects the reception of television She traces how the medium has been characterized as feminine and then turns to the television shows themselves and analyzes a range of genres and forms

Feminism and Its Fictions Lisa Maria Hogeland, 2016-11-11 During the 1970s thousands of American women met regularly in small groups to talk about the injustices they experienced in their

private lives and how those personal injustices related to the broad based political oppression of women They called this cultural work consciousness raising Women s and feminist fiction of the 1970s was dominated by a new kind of novel whose content and form were shaped by the practice of consciousness raising Lisa Maria Hogeland contends that consciousness raising novels both reflected and furthered the Women s Liberation Movement s analyses of sexuality gender race and political responsibility and that through their narrative structure the novels actually engaged in consciousness raising with their readers Using a broad range of fiction including works by Erica Jong Marilyn French Marge Piercy Alix Kates Shulman Alison Lurie Joanna Russ and Joan Didion Hogeland explores the ways in which consciousness raising novels addressed some of the most important questions raised by second wave feminism

Vampires, Race, and Transnational Hollywoods

Dale Hudson,2017-05-18 The figure of the vampire serves as both object and mode of analysis for more than a century of Hollywood filmmaking Never dying shifting shape and moving at unnatural speed as the vampire renews itself by drinking victims blood so too does Hollywood renew itself by consuming foreign styles and talent moving to overseas locations and proliferating in new guises In Vampires Race and Transnational Hollywoods Dale Hudson explores the movement of transnational Hollywood s vampires between low budget quickies and high budget franchises as it appropriates visual styles from German Mexican and Hong Kong cinemas and off shores to Canada Philippines and South Africa As the vampire s popularity has swelled vampire film and television has engaged with changing discourses around race and identity not always addressed in realist modes Here teen vampires comfort misunderstood youth chador wearing skateboarder vampires promote transnational feminism African American and Mexican American vampires recover their repressed histories Looking at contemporary hits like True Blood Twilight Underworld and The Strain classics such as Universal s Dracula and Dracula and miscegenation melodramas like The Cheat and The Sheik the book reconfigures Hollywood historiography and tradition as fundamentally transnational offering fresh interpretations of vampire media as trans genre sites for political contestation

Legitimizing Television Michael Z Newman,Elana Levine,2012-02-27 Legitimizing Television Media Convergence and Cultural Status explores how and why television is gaining a new level of cultural respectability in the 21st century Once looked down upon as a plug in drug offering little redeeming social or artistic value television is now said to be in a creative renaissance with critics hailing the rise of Quality series such as Mad Men and 30 Rock Likewise DVDs and DVRs web video HDTV and mobile devices have shifted the longstanding conception of television as a household appliance toward a new understanding of TV as a sophisticated high tech gadget Newman and Levine argue that television s growing prestige emerges alongside the convergence of media at technological industrial and experiential levels Television is permitted to rise in respectability once it is connected to more highly valued media and audiences Legitimation works by denigrating ordinary television associated with the past distancing the television of the present from the feminized and mass audiences assumed to be inherent to the old TV It is no coincidence that the most validated programming and technologies of the convergence

era are associated with a more privileged viewership The legitimization of television articulates the medium with the masculine over the feminine the elite over the mass reinforcing cultural hierarchies that have long perpetuated inequalities of gender and class Legitimizing Television urges readers to move beyond the question of taste whether TV is good or bad and to focus instead on the cultural political and economic issues at stake in television's transformation in the digital age

A House of Cards John Bloom, 1997

Notes on Nowhere Jennifer Burwell, 1997 *Notes on Nowhere* was first published in 1997 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The term utopia implies both good place and nowhere Since Sir Thomas More wrote *Utopia* in 1516 debates about utopian models of society have sought to understand the implications of these somewhat contradictory definitions In *Notes on Nowhere* author Jennifer Burwell uses a cross section of contemporary feminist science fiction to examine the political and literary meaning of utopian writing and utopian thought Burwell provides close readings of the science fiction novels of five feminist writers Marge Piercy Sally Gearhart Joanna Russ Octavia Butler and Monique Wittig and poses questions central to utopian writing Do these texts promote a tradition in which narratives of the ideal society have been used to hide rather than reveal violence oppression and social divisions Can a feminist critical utopia offer a departure from this tradition by using utopian narratives to expose contradiction and struggle as central aspects of the utopian impulse What implications do these questions have for those who wish to retain the utopian impulse for emancipatory political uses As one way of answering these questions Burwell compares two figures that inform utopian writing and social theory The first is the traditional abstract revolutionary subject who contradicts existing conditions and who points us to the ideal body politic The second resistant subject is partial concrete and produced by conditions rather than operating outside of them In analyzing contemporary changes in the subject's relationship to social space Burwell draws from and revises standpoint approaches that tie visions of social transformation to a group's position within existing conditions By exploring the dilemmas antagonisms and resolutions within the critical literary feminist utopia Burwell creates connections to a similar set of problems and resolutions characterizing nonliterary discourses of social transformation such as feminism gay and lesbian studies and Marxism *Notes on Nowhere* makes an original significant and persuasive contribution to our understanding of the political and literary dimensions of the utopian impulse in literature and social theory Jennifer Burwell teaches in the Department of English at Wesleyan University in Connecticut

Clint Eastwood Paul Smith, 1993 This book is a large extent to show concern with the way such images have resonated in and with American culture and history during the last twenty or thirty years Clint Eastwood and his films are in part because of their popularity and their significance role in this cultural discourse

Reflecting Black Michael Eric Dyson, 1993 From rap music to preaching from Toni Morrison to Leonard Jeffries from Michael Jackson to Michael Jordan *Reflecting Black* explores as never before the varied and complex dimensions of African American culture through personal reflection expository journalism

scholarly investigation and even homily A landmark text in Afro American cultural criticism There is simply nothing like it that exists The level of theoretical sophistication and political engagement is rare and badly needed Cornel West As Reflecting Black so richly demonstrates Michael Eric Dyson combines cutting edge theoretical acuity with the passionate engaged and accessible stance of a public intellectual His critical purview encompasses scholarly tomes and mass market periodicals trends in theology and in hip hop culture alike This book is a splendid introduction to a singularly important voice Henry Louis Gates Jr Dyson is a young black cultural political and religious critic whose new book directs its nastiest commentary at racism sexism capitalism and straight up immorality His is a fresh voice seemingly unfazed by Blackademe s battle royal Dyson s project is very much in the tradition of recent work by a number of young African American cultural critics like Tricia Rose Hilton Als bell hooks Greg Tate Wahneema Lubiano Elizabeth Alexander and Herman Gray to name but a few Reflecting Black is much more than a cultural critique in the formal sense It interrogates the political social and moral crises confronting American society generally and African American communities in particular In the end Dyson is not one of those cultural studies scholars concerned with debating the fine points of discourse theory He is an oppositional critic with a much higher purpose than developing analytical tools to make sense of African American culture The Reverend Dyson is not only operating within a rich Marxist tradition but within a very old and continuing African American tradition Black communities through newspaper columns church groups street corner gatherings beauty parlor and barber shop discussions have always debated and taken responsibility for their culture s Dyson s constant lecturing chiding and encouraging embodies what Antonio Gramsci and his own mama expected us to do all along not just interpret culture but actively change it through struggle The Nation Where Michael Jackson meets spirituality where Martin Luther King meets Malcolm X where the consolidating narrative of racial unity meets the perplexing and chaotic politics of racial identity These are the border zones of Michael Eric Dyson s compassionate postmodern eclectic critical project Reflecting Black is an invigorating reader for our perplexing and chaotic times Voice Literary Supplement He shows an admirable breadth ranging from issues such as racism and political correctness in the seminary to examinations of such icons of popular culture as filmmaker Spike Lee singer Michael Jackson and athlete Michael Jordan One entire section of the book is devoted to black religion and includes an examination of the lives and examples of Martin Luther King Jr and Malcom X Washington Post Book World Yet if Dyson stumbles in his discussions of black popular culture he soars in his section titled Beyond the Mantra Reflections on Race Gender and Class In Remembering Emmett Till Dyson writes not just with his mind but with his heart Boston Globe Yet his insights are just as often incisive and challenging and they demand serious consideration By insisting that we acknowledge the complexities of race in America and by refusing to accept easy answers Reflecting Black forces us to think harder about how we can create alterna

Gender on Ice Lisa Bloom, 1993 In this book Bloom takes what might seem a very localized subject and shows how it opens up to all the central questions today in cultural studies around gender nationhood the politics

of imperialism race male homosocial behavior and the sociality of science Gender on Ice has an eloquence and elegance that positively refreshing and the prose is stylish engaging and direct Dana Polan University of Pittsburgh Creating American Civilization David R. Shumway,1994 **The Dark End of the Street** Maria Damon,1993 **The Erotic Thriller in Contemporary Cinema** Linda Ruth Williams,2005 This bold and original book examines in detail a relatively new genre of film the erotic thriller Linda Ruth Williams traces the genre s exploitation of pornography and noir discusses mainstream stars including Michael Douglas and Sharon Stone as well as genre branded direct to video stars charts the work of key producers and directors and considers home videos as a distinct form of viewing pleasure She maps the history of the genre analyzing hundreds of movies from blockbusters such as Basic Instinct Fatal Attraction and In the Cut to straight to video film titles such as Carnal Crimes Sins of Desire and Night Eyes Williams s witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex and its censorship at the beginning of the 21st century She shows that as the erotic thriller plays out the sexual fantasies of contemporary America it also provides a vehicle for marketing those fantasies globally Wallowing in Sex Elana Levine,2007-01-09 A cultural history of sexual content in television shows and TV advertising during the 1970s *History Comes Alive* M. J. Rymsza-Pawlowska,2017-10-03 During the 1976 Bicentennial celebration millions of Americans engaged with the past in brand new ways They became absorbed by historical miniseries like Roots visited museums with new exhibits that immersed them in the past propelled works of historical fiction onto the bestseller list and participated in living history events across the nation While many of these activities were sparked by the Bicentennial M J Rymsza Pawlowska shows that in fact they were symptomatic of a fundamental shift in Americans relationship to history during the 1960s and 1970s For the majority of the twentieth century Americans thought of the past as foundational to but separate from the present and they learned and thought about history in informational terms But Rymsza Pawlowska argues that the popular culture of the 1970s reflected an emerging desire to engage and enact the past on a more emotional level to consider the feelings and motivations of historic individuals and most importantly to use this in reevaluating both the past and the present This thought provoking book charts the era s shifting feeling for history and explores how it serves as a foundation for the experience and practice of history making today *A Companion to the History of American Broadcasting* Aniko Bodroghkozy,2018-07-23 Presented in a single volume this engaging review reflects on the scholarship and the historical development of American broadcasting A Companion to the History of American Broadcasting comprehensively evaluates the vibrant history of American radio and television and reveals broadcasting s influence on American history in the twentieth and twenty first centuries With contributions from leading scholars on the topic this wide ranging anthology explores the impact of broadcasting on American culture politics and society from an historical perspective as well as the effect on our economic and social structures The text s original and accessibly written essays offer explorations on a wealth of topics including the production of broadcast media the evolution of

various television and radio genres the development of the broadcast ratings system the rise of Spanish language broadcasting in the United States broadcast activism African Americans and broadcasting 1950 s television and much more This essential resource Presents a scholarly overview of the history of radio and television broadcasting and its influence on contemporary American history Contains original essays from leading academics in the field Examines the role of radio in the television era Discusses the evolution of regulations in radio and television Offers insight into the cultural influence of radio and television Analyzes canonical texts that helped shape the field Written for students and scholars of media studies and twentieth century history A Companion to the History of American Broadcasting is an essential and field defining guide to the history and historiography of American broadcasting and its many cultural societal and political impacts
