Christian Reading Blossom Stefaniw, 2019-05-21 Uncovered in 1941 near Cairo the Tura papyri brought to light numerous works attributed to Didymus the Blind including commentaries and grammatical lessons on the Psalms and Ecclesiastes Previously thought to reflect exercises in exegesis or instruction in virtue the lessons include 300 authentic student questions demonstrating that grammar in late antiquity was based not on Homer or Menander but on the Old Testament Blossom Stefaniew argues that these lessons constitute an unusual instance of non confessional reading and study of the Bible directed at conveying general knowledge of the linguistic moral physical and social orders to young people Grammar was about knowledge of the general order of things not only how to read and speak well but how to behave properly and know what is appropriate Didymus s work epitomizes this transformation of education and civic culture raising a claim that language comportment and common sense were governed by a Christian order By reanalyzing the paradigms of religion and pedagogy Christian Reading intervenes in existing scholarship by focusing on the history of Christianity as part of the history of reading study and scholarship

Glencoe Literature Library : Number the Stars Lois Lowry, 2000 *Reading Old English Biblical Poetry* Janet Schrank Ericksen, 2020-11-19 Reading Old English Biblical Poetry considers the Junius 11 manuscript the only surviving illustrated book of Old English poetry in terms of its earliest readers and their multiple

strategies of reading and making meaning Junius 11 begins with the creation story and ends with the final vanquishing of Satan by Jesus The manuscript is both a continuous whole and a collection with discontinuities and functionally independent pieces The chapters of Reading Old English Biblical Poetry propose multiple models for reader engagement with the texts in this manuscript including selective and sequential reading reading in juxtaposition and reading in contexts within and outside of the pages of Junius 11 The study is framed by particular attention to the materiality of the manuscript and how that might have informed its early reception and it broadens considerations of reading beyond those of the manuscript s compiler and possible patron As a book Junius 11 reflects a rich and varied culture of reading that existed in and beyond houses of God in England in the tenth and eleventh centuries and it points to readers who had enough experience to select and find wisdom narrative pleasure and a diversity of other things within this or any book s contents **Yale Required**

Inventing a Classroom Kathryn F. Whitmore,Caryl G. Crowell,1994 What are the patterns of teaching and learning that make a classroom holistic How do children invent oral and written language How do they create the culture and curriculum of a classroom How does the spirit of community and collaboration develop among children and teachers What are the relationships between literacy schooling and socialization as they form among the children These are a few of the broad questions that Kathy Whitmore and Caryl Crowell answer in this absorbing portrait of Caryl s third grade classroom the Sunshine Room Over the span of a school year we watch the students in this bicultural classroom within a bilingual working class neighborhood work and develop together as a community of learners It is the story of how the Sunshine Room like many whole language classrooms invents itself and how in this process the children themselves are continually inventing oral and written language culture and curriculum In two separate collaborative voices the authors carry readers through several critical events in the life of the classroom the process through which the children and the teachers negotiate the curriculum the creation of a theme study about the Middle Ages and a vicarious experience of the Middle East war through children s
