Numerology Workbook Patricia Kirkman, Katherine A. Gleason, 2009 Explores how all types of numbers can be used to help guide daily life love and business and explains how to observe those numbers calculate their meanings and interpret what they reveal *Numerology Deciphered* Lisa Lazuli, 2015-02-20 If you are interested in astrology numerology palm reading psychic readings clairvoyance etc then you are already aware that life is not one big coincidence but a series of patterns and puzzles from which we can decipher clues as to our unique potentials and destiny As many of you know I write books on astrology however numerology is the perfect complement to astrology in terms of gaining an insight into your personality and life path Numerology is a simple way of gaining insights into yourself and others via those most fundamental letters and numbers connected to you ie your name and date of birth The date of birth is key as it is the one constant in life our name and place we live changes but as the compass always points North our date of birth is fixed and fundamental to who we are The are number associations which you can use to calculate your numbers from your name and derive meaning from that The purpose of this book is to dive right into numerology with a hands on guide to how to calculate your numbers and what they mean This is an ideal introduction but it is not just an introduction but full of revealing information We will mainly be looking at the numbers 1 9 and the master numbers 11 and 22 but I will go over the exact meanings of the compound numbers in Book 2 *Numerology Plain & Simple* Anne Christie, 2016-12-01 Using numerology to learn more about yourself and your future doesn't require any psychic ability mathematical skills or even any special equipment The information is based on a series of numbers and by following systems that date back to the Greek mathematician and astrologer Pythagoras and the Hebrew Kabbalah you'll learn the basics of how to use numbers to explain your life Topics include Name number Personality number Heart number Destiny number Relationships Short term forecasts Once you master these simple principles you'll be able to plan your days predict your future and even find the most suitable mate This is an accessible and user friendly guide for people interested in divination systems and personality types Three is the number of those who do holy work Two is the number of those who do lover's work One is the number of those who do perfect evil or perfect good Clive Barker Abarat

Simple Numerology Damian Sharp, 2001-01-01 Simple Numerology presents the basics of an ancient science that appears arcane but is in fact easily grasped useful and fun for the modern seeker Using a simple straightforward style accessible to anyone interested in the subject author Damian Sharp begins with numerology's origins as a metaphysical system practiced by the Sumerians Chaldeans Egyptians Jews through the mystical practice of Kabbalah and other ancient peoples The remarkable scope and psychological depth of number science is discussed as well as the characteristics of specific numbers master numbers and harmony and conflict between numbers Readers will learn how to calculate their birth number name number motivation number image number self expression number challenge number and destiny number The book includes a numerical compatibility chart for assessing love and friendship *Numerology* Barbara J. Bishop, 1990 The easiest and fastest way yet to learn this ancient and amazing science With your birth date your given name and this

workbook you can calculate and interpret your numerical vibrations and put them to use today Through discovery of your vibrations you gain the power to change any negative vibration to positive for a better way of life

A Numerology Book to Treasure Sarah A. Schweitzer PH.D.,2015-02-04 Numerology simply put is the application of key words characteristics attributes thoughts and phrases that are associated to a specific number and letter of the alphabet This association becomes a formula that is applied to any name birth date or event The number and letter formula can define personality traits and characteristics that an individual may portray throughout their life This is called ones numerology signature The numerology formula can also be applied to important dates addresses phone numbers and other important events in ones life to determine the compatibility of the event to ones personal numerology signature This formula can also be applied to compare the compatibility between individuals When applying the formula it is easy to see who will show leadership traits in work group teams or who will take control or be submissive when interacting with others Numerology can also be applied to employment personal and romantic situations It can be used as an insightful tool when blending families where children are concerned The application of numerology in life is endless and provides insightful peeks into potential areas of life that are important to you For example when planning a future event such as choosing a date for a wedding the chosen date defines the numerology signature of the event and can have a lasting effect upon the marriage union When applying numerology formulas to birth dates and life events specific cycles emerge These cycles can be identified and formulas applied to them that can offer valuable insights that last for the entire cycle of time The knowledge within this book is everything you will ever need to know to become an expert at numerology

The Book of Number Michael Wallace,2014-11-20 The Book of Number Practical Workshop is a step by step guide that teaches the original form of Pythagorean Numerology This is a How to book designed to take a person from zero understanding to a practical grasp of the subject within weeks This book derives from the Magic of Number correspondence course from the early 1990 s which was considered the best course on Number Analysis available The information is reduced and made simpler for the average person and there is an enormous amount of historical and current information about all things Pythagorean and all things Numerological
