revile it as a decadent sport It is these tensions between sport and art aesthetics and perversion that have shaped boxing's rich history and forged its special links with the art world over three decades The ten essays and duotone illustrations in Boxer provide a multifaceted look at perceptions of the sport embracing issues of masculinity class eroticism and race Contributors most of whose work was commissioned especially for this volume include Joyce Carol Oates Marcia Pointon Sarah Hyde Ian Jeffrey David Alan Mellor Jean Fisher Keith Piper Nick James Jennifer Hargreaves and Roger Conover Their essays examine boxing in a wide variety of contexts high art and popular culture painting and sculpture photography film and television yet they all see boxing and the visual arts as having a unique relationship that crosses and confuses social and artistic hierarchies Distributed for the Institute of International Visual Arts London

Sports Betting

Nicolae Sfetcu, 2014-05-04 Sports betting is the general activity of predicting sports results by making a wager on the outcome of a sporting event Aside from simple wagers betting a friend that one's favorite baseball team will win its division for instance or buying a football square for the Super Bowl sports betting is commonly done through a bookmaker Bookmakers generally offer two types of wagers on the winner of a sporting event a straight up or money line bet or a point spread wager

Moneylines and straight up prices are used to set odds on sports such as soccer baseball and hockey the scoring nature of which renders point spreads impractical as well as individual vs individual matches like boxing

Boxing's Greatest

Fighters Bert Randolph Sugar, 2006-01-01 Easily the most enduring of all sports questions is Who was is the best Perhaps in no sport is the question more asked and argued over than in boxing And in boxing perhaps none is more qualified to answer the question than Bert Randolph Sugar In Boxing's Greatest Fighters not only does the former publisher of Ring Magazine tell us who the best fighters were he lists them in order Could Sugar Ray Robinson have beaten Muhammad Ali Could Sugar Ray Leonard have beaten Sonny Liston The answer most experts agree would be no But what if as Bert Sugar has done here one were to take all the boxers and reduce them in the mind's eye to the same height the same weight and the same ring conditions The answers would be quite different And while some fans may express outrage that Rocky Marciano barely makes the top twenty and Marvin Hagler staggers into the top seventy five others will nod eagerly when they read that Harry Greb and Benny Leonard were better than just about anybody So whether you read Boxing's Greatest Fighters cover to cover pick your favorites at random or simply browse through the many rare photographs at the bell come out arguing

The Legality of Boxing Jack Anderson, 2007-04-26 The first book of its kind dedicated to an assessment of the legality of boxing The Legality of Boxing A Punch Drunk Love assesses the legal response to prize fighting and undertakes a current analysis of the status of boxing in both criminal legal theory and practice In this book Anderson exposes boxing's exemption from contemporary legal and social norms Reviewing all aspects of boxing historical legal moral ethical philosophical medical racial and regulatory he concludes that the supposition that boxing has a consensual immunity from the ordinary law of violence based primarily on its social utility as a recognised sport is not as robust as is usually assumed It suggests that the sport is extremely vulnerable to prosecution and might in fact already be illegal under English criminal law outlines the physical and financial exploitation suffered by individual boxers both inside and outside the ring suggesting that standard boxing contracts are coercive thus illegal and that boxers do not give adequate levels of informed consent to participate advocates a number of fundamental reforms including possibly that the sport will have to consider banning blows to the head proposes the creation of a national boxing commission in the US and a similar entity in the United Kingdom which together would attempt to restore the credibility of a sport long known as the red light district of sports administration An excellent book it is a must read for all those studying sports law popular culture and the law and jurisprudence

Female Gladiators Sarah K. Fields, 2010-10-01 Female Gladiators is the first book to examine legal and social battles over the right of women to participate with men in contact sports The impetus to begin legal proceedings was the 1972 enactment of Title IX which prohibited discrimination in educational settings but it was the Equal Protection Clause of the U.S. Constitution and the equal rights amendments of state constitutions that ultimately opened doors Despite court rulings however many in American society resisted and continue to resist allowing girls in dugouts and other spaces traditionally defined as male territories Inspired women and girls began to demand access to the contact sports which society had previously deemed too strenuous or violent for them to play When the leagues continued to bar girls simply because they were not boys the girls went to court Sarah K. Fields's Female Gladiators is the only book to examine the legal and social battles over gender and contact sport that continue to rage today
