Damian Strycharz

Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking:

Russian Foreign Policy in the Post-Soviet Era B. Lo, 2002-08-12 In the first comprehensive treatment of its kind Bobo Lo examines the course of Russian foreign policy in the decade following the Soviet collapse Adopting a conceptual approach he identifies the principal ideological and institutional factors that have influenced the thinking of decisionmaking behind the policies Bobo Lo challenges many of the conventional assumptions that have dominated much of the preceding literature on Russian foreign policy

Russian Foreign Policy in the Post-Soviet Era , Russian Foreign Policy in the Twenty-First Century and the Shadow of the Past Robert Legvold, 2007-03-27 Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country's political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia's complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined

Vladimir Putin and the Evolution of Russian Foreign Policy Bobo Lo, 2008-04-30 Almost three years after the first voluntary handover of power in Russian history this book examines Putin's management of this complex agenda and considers how Moscow's current approach to international relations resembles and differs from that under Yeltsin Examines Putin's management of Russia's foreign policy two years after the first voluntary handover of power in Russian history Considers how Moscow's current approach to international relations resembles and differs from that under Yeltsin Analyses whether changes in foreign policy have been qualitative or largely cosmetic Explores growing talk of a strategic partnership with the US and the West Assesses the realism of such hopes and considers whether we are indeed witnessing a strategic shift in the mentality and conduct of such Russian foreign policy

Russian Foreign Policy Nikolas K. Gvosdev, Christopher Marsh, 2013-08-22 In a truly contemporary analysis of Moscow's relations with its neighbors and other strategic international actors Gvosdev and Marsh use a comprehensive vectors approach dividing the world into eight geographic zones Each vector chapter looks at the dynamics of key bilateral relationships while highlighting major topical

issues oil and energy defense policy economic policy the role of international institutions and the impact of major interest groups or influencers demonstrating that Russia formulates multiple sometimes contrasting foreign policies Providing rich historical context as well as exposure to the scholarly literature the authors offer an incisive look at how and why Russia partners with some states while it counter balances others

Role Theory and Russian Foreign Policy

Damian Strycharz,2022-04-27 Despite the increased interest in Russia and its international behaviour current analyses leave much unexplained Damian Strycharz fills this gap in the literature by analysing leaders perceptions and the interactions between internal and external factors shaping foreign policy decisions Challenging existing interpretations of Russian foreign policy and advancing our understanding on how role dynamics occur in non democracies Strycharz examines Russia s reactions to the 2003 4 colour revolutions in Georgia and Ukraine the Five Day War in Georgia and the Euromaidan Revolution He argues that divergent reactions to these upheavals result from a profound change in the leadership perceptions of Russia s international responsibilities Consequently a shift in the understanding of Russia s international duties and departure from the Western partner role resulted in more assertive foreign policy behaviour exemplified by the intervention in Georgia and the annexation of Crimea The book demonstrates that processes of foreign policy formation in Russia are more complex and include more actors than commonly assumed Role Theory and Russian Foreign Policy is an ideal resource for scholars and researchers of international relations foreign policy and post Soviet politics

Explaining Change in Russian Foreign Policy

C. Thorun,2008-11-27 An assessment of the explanatory utility of different approaches to account for post Soviet Russia s foreign policy towards the West arguing that only by focusing both on external constraints and changes in the Russian leadership s foreign policy thinking can we explain major facets of Russia s conduct from 1992 2007

Building a Nuclear Empire: Nuclear Energy As a Russian Foreign Policy Tool In the Case Of Turkey Mehmet Çağatay Güler,2020-01-27 This book examines the dynamics of Russian foreign policy between 2000 2019 by specifically focusing on the civilian aspect of nuclear energy and how it shapes Russia s relations with Turkey It aims to clarify the role and the importance of nuclear energy as a foreign policy tool specifically in the case of Turkey To this end Russian nuclear energy policy is scrutinized in detail This book reveals that the marketing and trading of nuclear power plants NPPs for civilian purposes not only provides surpluses for Russian economy but also increases the influence and power of Russia over those places where nuclear reactors are sold or other nuclear goods and services are supplied Specifically it examines the extent of the influence of the exportation of NPPs on the Russian foreign policy dynamics in Turkey In this context first a brief historical background information on Russian nuclear power status as well as the utilization of nuclear energy as a foreign policy tool during Putin s presidency is given This is followed by the Russia s nuclear energy policies towards Turkey and the effects of this policy on the Russian foreign policy dynamics in Turkey The book concludes that the Akkuyu NPP project will result in Moscow s domination in the foreign policy dynamics between Turkey and Russia As a result of such dominance Turkey will become

much less sovereign in its foreign policy options and will feel the pressure coming from Moscow about the possible consequences of its actions which will not please Russia. The primary methodological tool of the work was qualitative analysis utilizing primary and secondary sources in Russian, English and Turkish on the topic including academic books, articles, newspapers, magazines and relevant official websites.

Axis of Convenience Bobo Lo, 2009-08-01 Few relationships have been as misunderstood as the strategic partnership between Russia and China. Official rhetoric portrays it as the very model of international cooperation. Moscow and Beijing claim that ties are closer and warmer than at any time in history. In reality, however, the picture is highly ambiguous. While both sides are committed to multifaceted engagement, cooperation is complicated by historical suspicions, cultural prejudices, geopolitical rivalries and competing priorities. For Russia, China is at once the focus of a genuine convergence of interests and the greatest long term threat to its national security. For China, Russia is a key supplier of energy and weapons but is frequently dismissed as a self-important power whose rhetoric far outstrips its real influence. *Axis of Convenience* cuts through the mythmaking and examines the Sino-Russian partnership on its own merits. It steers between the overblown interpretation of an anti-Western, particularly anti-American alliance and the complacent assumption that past animosities and competing agendas must always divide the two nations. Their relationship reflects a new geopolitics, one that eschews formal alliances in favor of more flexible and opportunistic arrangements. Ultimately, it is an axis of convenience driven by cold-eyed perceptions of the national interest. In evaluating the current state and future prospects of the relationship, Bobo Lo assesses its impact on the evolving strategic environments in Central and East Asia. He also analyzes the global implications of rapprochement between Moscow and Beijing, focusing in particular on the geopolitics of energy and Russia-China-U.S. triangularism.

Russian Business Power Andreas Wenger, Robert Orttung, Jeronim Perovic, 2006-10-03 Since the collapse of the Soviet Union, Russia has developed a powerful business community and a potent network of transnational organized groups. *Russian Business Power* explores the powerful impact these new actors are having on the evolution of the Russian state and its foreign behaviour. Unlike other books which focus either on Russia's foreign and security policy or on the evolution of Russian business, legal and illegal, within the context of Russia's domestic transition, this book considers how far Russia's foreign and security policy is shaped by business. It considers a wide range of issues including energy, the arms trade, international drug flows and human trafficking, and examines the impact of Russian business in Russia's dealings with Western and Eastern Europe, the Caspian, the Caucasus and the Far East.

Misunderstanding Russia Magda Leichtova, 2016-07-22 Well argued and balanced, Leichtova provides an alternative and more constructive understanding of what drives Russian foreign policy. The book is based on the concepts of constructivism and orientalism in international relations to analyse the policies of the Russian Federation. This book highlights that Russian foreign policy is a complex phenomenon constructed from internal as well as external developments, perceptions and expectations. At the same time, it also highlights that Western states are the most significant 'Other' in

construction of the Russian foreign policy and even Russian identity and at the same time actively create an image of Russia in international politics which is widely based on their own Western assumptions about the country The author introduces the reader to an alternate portrayal of relations between Russia and the West which all analysts should take into consideration before drawing conclusions Russian Foreign Policy Towards the Middle East Nikolay Kozhanov,2022-04-28 This book sheds light on Russia's motives in the Middle East examining its growing role in the region and its efforts to defend its national interests As one of the first volumes to address both domestic and external drivers it provides a valuable multi dimensional account of Moscow's foreign policy Russian Foreign Policy Towards the Middle East also traces the historical evolution of Russia's presence in the region comparing Moscow's current vision of its diplomatic priorities with the strategic goals of the Soviet Union Diverse case studies reveal areas of both divergence and convergence between Russia and various Middle Eastern players on a range of issues including the Syrian Civil War Iran's regional activities and the Yemeni conflict In an era of renewed global tensions this volume provides an important corrective to the notion that Russia's Cold War era confrontation with the West determines its contemporary approach to the Middle East No less important are economic interests and domestic security considerations which push Moscow towards greater interaction with the region Only by examining both new trends and old traditions can we understand Russia's significance as a global player today *The Shadow of War* Stephen Lovell,2011-06-24 Taking the achievements ambiguities and legacies of World War II as a point of departure *The Shadow of War The Soviet Union and Russia 1941 to the Present* offers a fresh new approach to modern Soviet and Russian history Presents one of the only histories of the Soviet Union and Russia that begins with World War II and goes beyond the Soviet collapse through to the early twenty first century Innovative thematic arrangement and approach allows for insights that are missed in chronological histories Draws on a wide range of sources and the very latest research on post Soviet history a rapidly developing field Supported by further reading bibliography maps and illustrations Russia and its Near Neighbours M. Freire,R. Kanet,2012-05-15 Russia has recently re emerged as the dominant political economic and military actor in former Soviet nations Kanet and Freire bring together a stellar cast of contributors to consider Russia's recent return as a major regional and international actor and its likely future policy toward its neighbours **Spheres of Influence in International Relations** Susanna Hast,2016-04-01 Current events happening around the world especially the humanitarian interventions by NATO and the West within the context of the so called Arab Spring make the understanding of the role of spheres of influence in international politics absolutely critical Hast explores the practical implications and applications of this theory challenging the concept by using historical examples such as suzerainty and colonialism as well as the emergence of a hierarchical international order This study further connects the English School tradition post war international order the Cold War and images of Russia with the concept of the sphere of influence to initiate debate and provide a fresh outlook on a concept which has little recent attention *North Korea and Northeast Asian Regional Security*

Simon Xu-Hui Shen, 2016-04-14 With its unstable and intermittent nuclear weapon project and the recent leadership succession issue Democratic People's Republic of Korea DPRK has been a source of insecurity for the past decade in this region in addition to the delicate international relations among the powerful China United States Japan and Russia The essence of DPRK issue lies in the instability and uncertainty of nuclear development that even the slightest miscalculation by any one power could disturb the sensitive balance of relationships creating a butterfly effect with a catastrophic result Drawing on various perspectives on the interaction over DPRK and other regional powers this volume seeks to explore the role of DPRK in Northeast Asia and its implication to regional security as a whole The volume does not confirm a particular position over DPRK's nuclear showdown rather it invites scholars to provide assessments from the viewpoints of neighbouring powers in order to present a more complete understanding of the leading issue in Northeast Asia The volume will serve as an invaluable resource for policymakers students and scholars of North Korean politics and international relations This book was published as a special issue of the Journal of Comparative Asian Development

Eurasia's Ascent in Energy and Geopolitics Robert Bedeski, Niklas Swanström, 2012-08-06 The Sino Russian relationship has experienced several permutations in recent decades as both states have undergone radical domestic changes including the end of Soviet communism and the abandonment of Maoism This volume brings together scholars to address the current status of Sino Russian relations in the political military energy and trade sectors In this comprehensive new volume authors offer a detailed account on the both the historical context and current status of relations between Russia and China and the geo political realignments in Eurasia This analysis of the evolving relationship addresses global strategy energy politics national security human security and Central Asian links Individual chapters examine key issues such as China's economic ascendancy military relations the geostrategic position of Mongolia Japan's views and historical background With authors representing a broad range of current active experts and researchers working in Europe the US Central Asia China and Japan this book offers a long term and in depth analysis of the relations and potential developments in both bilateral and international relations This work will be of great interest to scholars of international relations Asian security and the Eurasian region

Russia's European Agenda and the Baltic States Janina Šleivyte, 2009-12-16 This book analyses recent Russian European interaction including Russia's relations with the Baltic States it discusses the development of Russia's approach to the new security architecture in Europe resulting from the enlargement of both the EU and NATO and assesses the prospects for greater Russian engagement in European security frameworks

Strategic Partners Jeanne Wilson, 2015-06-11 Russia's foreign policy experience in the first post Soviet decade was marked by disappointments as well as surprising turns Expectations that Russia would join the Western powers as an equal partner were frustrated while relations with the People's Republic of China warmed considerably Today Russia's relationship with China is an important component of its overall foreign policy orientation as the two states one greatly diminished the other clearly on the rise have found themselves

sharing an interest in curbing the power of the United States In analyzing Russia's evolving foreign policy vis a vis China the author takes into account the legacy of Soviet era precedents the simultaneous processes of economic policy change and integration into global economic structures and military relations By shedding light on the role of political realism decision makers and exogenous factors in Russian foreign policy this analysis of an important bilateral relationship contributes to the larger project of understanding international relations and the dynamics of domestic and foreign policy change *The Ukraine Conflict* Derek Averre, Katarzyna Wolczuk, 2018-10-19 It is not hyperbole to suggest that the foundations of post cold war security in Europe have been badly damaged by the conflict in Ukraine since 2014 Russia's annexation of Crimea and intervention in eastern Ukraine appear to have created a simmering conflict which may take years to resolve and have profound consequences for the European security environment This volume explores the various political economic and social aspects of these profound changes and their wider significance for Europe bringing together contributions by scholars from across the continent and in various disciplinary fields to offer an authoritative in depth examination of the complex causes of the Ukraine crisis and the consequences for Ukrainian statehood Ukraine's relations with Russia Russia's own domestic governance and Russia's relations with Europe This book was originally published as a special issue of *Europe Asia Studies*

Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has opened up a world of possibilities. Downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking Books
