Russian Journal Joe M. King,1992 **Encyclopedia of the Cold War** Ruud van Dijk,William Glenn Gray,Svetlana Savranskaya,Jeremi Suri,Qiang Zhai,2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short to a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945 1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day *The Rise of Russia and the Fall of the Soviet Empire* John B. Dunlop,1995-04-03 This is the first work to set one of the great bloodless revolutions of the twentieth century in its proper historical context John Dunlop pays particular attention to Yeltsin s role in opposing the covert resurgence of Communist interests in post coup Russia and faces the possibility that new institutions may not survive long enough to sink roots in a traditionally undemocratic culture Bibliographic Guide to Soviet and East European Studies, 1992 G. K. Hall and Co. Staff,1993-06 *The Collapse of the Soviet Union* Paul A. Winters,1999 A collection of 21 brief essays most by U S writers chronicles the disintegration of the Soviet empire from the reforms of the 1980s to the dramatic events of 1991 with projections for the future of the newly independent states Russian Politics and Society Richard Sakwa,2002-09-11 Sakwa s Russian Politics and Society is the most comprehensive study of Russia s post communist political development It has since its first publication in 1993 become an indispensable guide for all those who need to know about the current political scene in Russia about the country s political stability and about the future of democracy under its post communist leadership This is the ideal introductory textbook it covers all the key issues it is clearly written and it includes the most up to date material available For this third edition Sakwa has updated the text throughout to include details of Yeltsin s second term and the impact on Russian politics of the rise of his successor Vladimir Putin It also contains a substantially expanded bibliography and appendices showing election results chronology social and demographic figures and recent census data The Firebird Andrei Kozyrev,2019-09-12 Andrei Kozyrev was foreign minister of Russia under President Boris Yeltsin from August 1991 to January 1996 During the August 1991 coup attempt against Mikhail Gorbachev he was present when tanks moved in to seize the Russian White House where Boris Yeltsin famously stood on a tank to address the crowd assembled He then departed to Paris to muster international support and if needed to form a Russian government in exile He participated in the negotiations at Brezhnev s former hunting lodge in Belazheva Belarus where the

leaders of Russia Ukraine and Belarus agreed to secede from the Soviet Union and form a Commonwealth of Independent States Kozyrev's pro Western orientation made him an increasingly unpopular figure in Russia as Russia's spiraling economy and the emergence of ultra wealthy oligarchs soured ordinary Russians on Western ideas of democracy and market capitalism The Firebird takes the reader into the corridors of power to provide a startling eyewitness account of the collapse of the Soviet Union the struggle to create a democratic Russia in its place and how the promise of a better future led to the tragic outcome that changed our world forever

Slavophiles and Commissars J. Devlin, 1999-05-17 This book examines contemporary Russian nationalism as it reemerged in the wake of Gorbachev's liberalisation The book argues that the new nationalism provided opponents of reform with an apparently novel justification for their hostility to the liberalisation inaugurated by Gorbachev and erratically pursued by Yeltsin
