

Russian Tragedy

Alexander V. Obolonsky

Russian Tragedy:

The Russian Tragedy Hugh Ragsdale, 1996 A well written interpretive history of Russia from earliest times to today a recounting of the story of Russia's past that is rich with insights into the nation's present torment The author discusses Russia's strengths and weaknesses as a civilization the dilemmas that have always confronted it and the challenges posed by the contemporary effort to remake Russia In ten chronological and thematic chapters the author describes the distinctive nature of Russia's experience as an Eastern civilization of Europe but not of the West evokes the ways in which Russia's culture especially its rich literature has both embodied and expressed the nation's ambivalent identity chronicles the periodic efforts of the Russian state over three centuries to catch up with the West without becoming Western With grace and good sense Ragsdale revisits the past not to explain justify or condemn but to illuminate the present **The Russian Tragedy:**

The Burden of History Hugh Ragsdale, 2016-09-16 This work provides an interpretive history of Russia from earliest times to today recounting the story of Russia's past It discusses Russia's strengths and weaknesses as a civilization and the challenges posed by the contemporary effort to remake Russia The Russian Tragedy Alexander Berkman, 1922

Russian Drama of the Revolutionary Period Robert Russell, 1988-06-18 The period between the Revolution of 1917 and Stalin's coming to power in the early 1930s was one of the most exciting for all branches of the arts in Russia This study tries to show how the diversity of the Soviet arts of the 1920s continued the major trends of the pre Revolutionary years The Drama: Russian drama, 1903 **The Drama of Russian Political History** Alexander V. Obolonsky, 2003-01-08 In his introduction Alexander Obolonsky notes that Russian history and life are full of paradoxes most of them rather sad Why he asks have the Russians who have not only been endowed by nature with enormous natural human and intellectual resources but who have also developed a great literary and scientific heritage and made significant contributions to world civilization proved unable to arrange the conditions of their own existence to realize their great potential What fundamental deficiency he wonders made this great anomaly possible Alexander Obolonsky has undertaken the formidable task of reinterpreting Russian history from the Time of Troubles and the reign of Ivan the Terrible to perestroika glasnost and the dismantling of the Soviet system under Gorbachev and Yeltsin He seeks to understand the present and assess the social trends that will shape the future through a careful reconsideration of Russia's past In his sweeping analyses of historical trends Obolonsky structures his analytic narrative around two opposed concepts a system centered understanding of social existence in which individuals are viewed as cogs functioning for the sake of the whole and a liberal person centered paradigm in which society seeks to promote the development of the individual Obolonsky distrusts all monistic explanations from Marxism and geopolitics to scientific and technological models He prefers to utilize a variety of variables ethical economic sociopsychological cultural to explain Russian history presenting its course as a long term and ongoing struggle between two competing models of life Obolonsky is neither a determinist nor a romantic In his thought provoking and historically

grounded analysis he challenges standard interpretations regarding Russia the USSR the role of political leaders and the Russian people Far from satisfied with Russia s past Obolonsky worries that Russia s future will be tainted by the persistence of an anti individualist mentality and attitudes shaped by centuries of autocratic rule and by a conservative mass consciousness rooted in Russian experience Students of Russian history politics and culture and also those interested in the broader issues of twentieth century society will find this informative magnum opus of a senior Russian scholar insightful and thought provoking

Historical Dictionary of Russian Theater Laurence Senelick,2007-03-16 Despite constant hindrance from government interference and control the Russian theater has produced many memorable playwrights schools of thought and plays whose influence can be seen throughout the world Nikolai Gogol s *The Inspector Maksim Gor kii* s *The Lower Depths* and Anton Chekhov s *The Cherry Orchard* remain staples of repertories in every language The ideas of Konstantin Stanislavskii Vsevolod Meierkhol d and Mikhail Chekhov continue to inspire actors and directors and designers still draw on the graphics of the World of Art group and the Constructivists The *Historical Dictionary of Russian Theater* is the only reference work in English devoted exclusively to Russian theater and drama It provides information on the popular plays and playwrights while also offering information on many persons works and phenomena omitted from standard encyclopedias Through the use of a chronology an introductory essay a bibliography an appendix and hundreds of cross referenced dictionary entries on directors stage designers actors plays playwrights concepts theater buildings and troupes this reference provides an unrivaled account of Russian theater

The Russian Tragedy Alexander Berkman,William G. Nowlin,1976 Personal critique of the Russian revolution based on his experience as an eyewitness placed into historical context A key text

[Library of Congress Subject Headings](#) Library of Congress,2009

Russian Essays on Shakespeare and His Contemporaries Aleksandr Tikhonovich Parfenov,Joseph G. Price,1998 Throughout his career from the early play *Love s Labour s Lost* to one of his last romances *The Winter s Tale* Shakespeare was intrigued by Russia Reciprocating that intrigue over the last few centuries Russia as so many other countries has claimed Shakespeare as its own The essays in this book represent the work of Russian and Ukrainian scholars from three different perspectives explaining the plays to Russian audiences discussing Russian theater for Western audiences and dealing with contemporary criticism

Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office,2003

A History of Russian Literature Andrew Kahn,Mark Lipovetsky,Irina Reyfman,Stephanie Sandler,2018-04-13 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A *History of Russian Literature* provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary

concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

American drama Alfred Bates,1906 **The Drama** Alfred Bates,James Penny Boyd,John Porter Lamberton,1903 **Russian Dramatic Theory from Pushkin to the Symbolists** Laurence P. Senelick,2014-09-10

Although younger than most European theatrical traditions the Russian professional theater has generated an exciting body of criticism and theory which until recently has remained unknown or nearly inaccessible in the West This anthology presents a selection of important Russian writing on the aesthetics of drama and the theater from 1828 to 1914 The focus of these essays most published here for the first time in English is on the so called Crisis in the Theater of 1904 to 1914 a lively debate between the symbolists and the naturalists that evoked brilliant polemic writing from Meyerhold Bely Bryusov and others Along with Chekhov s amusing critique of Sarah Bernhardt monstrously facile and Ivanov s abstruse analysis of the essence of tragedy the essays form a running commentary on the development of the Russian theater Pushkin on his predecessors Gogol on his own work Belinsky on Gogol Sleptsov on Ostrovsky and Leskov Bely on Chekhov s The Cherry Orchard enervated people trying to forget the terror of life the symbolists on one another Each selection is printed in its entirety with extensive notes and a lengthy introduction places all the pieces within their historical and cultural contexts to comprise a brief history of Russian dramatic theory before the revolution This volume is essential reading for all who wish to extend their knowledge of the Russian contribution to theatrical history theory and criticism

Reference Guide to Russian Literature Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public

Twentieth Century Russia and Anglo-Russian Review ,1915
